What is the use of telling the rheumatism that he feels as if his joints were being dislocated?

He knows that his sufferings are very much like the tortures of the rack. What he wants to know is what will permanently cure his disease.

## Hood's Sarsaparilla

It promptly cleanses the acid in the blood on which rheumatism depends, completely eliminates and overcomes the system against its return. Try Hood's.

ENCOURAGING WORDS FOR OUR Y. M. C. A.—A well known business gentleman of our city who has not been a subscriber to our Young Men's Christian Association for a number of years recently came forward of his own free will and donated a money gift to the work. This gentleman stated that he was pleased to notice the forward movement of the Association and wanted to show his appreciation in this tangible way. Another citizen has also given five dollars towards helping to defray the extra expenses of having strong speakers come here during the summer months, and speak to men on Sunday afternoons at the Opera House. It is the desire of the Association to teach all kinds and conditions of men, to help to uplift them bodily, mentally and spiritually and we are pleased to record these instances of the help and good will of the public.

The 4th Regiment C. A., were inspected yesterday by Lieut. Colonel Rutherford, Ottawa, Assistant Adjutant General. After the inspection of the Light Horse in the afternoon by Col. Lessard he complimented the officers and men on their smartness and efficiency. He was especially pleased with the manner in which they performed the silent drill. The Squadron, he said, were, particularly fortunate in having the services of Sergeant Steer to whom the credit of bringing the squadron to such a high state of efficiency is mainly due. His gentlemanly bearing and readiness to give any instruction to the troopers was all hearts to the drill.

At eleven o'clock Thursday evening fire destroyed the new residence now in course of construction by D. S. McQuarrie, Crapaud. The exterior of the building was nearing completion. The origin of the fire is a mystery. It is understood there was a carpenter's fire insurance policy on the property. Had the night not been a calm one doubtless adjoining buildings would also have been a prey to the flames.

Judging from the way the mills are running, and the way the office staff are bustling, the Granby Rubber Co. must be doing a record breaking business, and to tell the truth none of these in authority are doing any complaining now.
