The Charlottetown Firemen returned last night from Truro where they had taken part in the Tournament there. The boys were in gleeful humor and as the boat docked their voices raised not in protest but in song testified to the truth of a statement made by one of them later on that they had a "jolly good time." All were enthusiastic over their treatment in Truro by the local men and they thoroughly enjoyed a trip which was marked by a fair measure of success in the competition.

The marriage took place in Edmonton on the 19th inst. of Miss Blanche Down, daughter of Augustus Down to William McKay, manager of the Edmonton Standard Coal Company, and brother of Leonard McKay of Bruce Stewart & Co., Charlottetown. The ceremony was performed by Rev. Mr. Pearson. Among the many wedding presents was a very valuable one from the firm with whom the groom is employed. After the ceremony Mr. and Mrs. McKay left on their honeymoon trip to Vancouver. Both bride and groom formerly resided in Charlottetown, where they have many friends.

Imperial I and Imperial II which left this City on Thursday afternoon for the races in Summerside met with a very rough and trying experience. Imperial I made good speed stopped at Capraud for tea and then proceeded on. The sea was very rough, the night exceptionally dark and a fierce headwind was encountered all the way. The Imperial II, owing to its excellent engine and perfect construction rode the waves in fine shape and had the gasolene not given out all would have been well. As it was the crew had to land at Sea Cow Head at one a.m. and remain the night. Yesterday morning they telephoned to Bedeque and the Steamer Bedeque went to their rescue and towed them into Summerside. Imperial I took refuge at Cape Traverse and on account of the rough weather remained their until this morning.

Rufus Hogan, of M. P. Hogan & Co., City, met with a painful and distressing accident while at work in this factory at the foot of Gt. George St. A result of the accident Mr. Hogan loses three fingers and the thumb of the left hand, the little finger being the only one left. The others were taken off close to the knuckles. Mr. Hogan was working at a rip saw about four thirty and in moving the piece of wood he was working on, his hand came in contact with the saw with the above result. Mr. Hogan was taken to the City Hospital where his injured hand was dressed. His many friends in this city and province will extremely regret the occurrence and at the same time will be glad that his injuries were not even more serious. The loss of his fingers will, of course, be a great extent incapacitate him in his factory work but there is a great deal of consolation in the fact that his left, and not his right hand, suffered.
