THE MARITIME LEAGUES

Judging by the enthusiasm shown throughout the Maritime Provinces this season it looks as if Canada's great national pastime is in the biggest year in its history...

Sun says: "Not until we break away from the East and form a separate Union of our own, comprised of all provinces from Thunder Bay to the Coast, will the West ever get any recognition in amateur sport..."

AMATEURS AT HEART

Recently, a Maritime paper went into ecstasies over the fact that President Charlie Adams, of the Boston Bruins, marvelled at the remarkable stamina and endurance of Morenz, who, when asked why he could show such wit and didn't burn himself up, declared, "I like it..."

AN OPEN RACE

There has never been quite a race such as the one that is being waged in both sections of the National Hockey League. In the Canadian section, Canadians are setting a burning pace, followed by the admirers who are packed in close formation...

FAILS TO THRILL

Bill Hanna, for fifty years a sport writer, and now on the staff of the New York Tribune, is one who cannot get a kick out of hockey. He says that he saw a recent game at the garden and he failed to enthuse. There were not enough goals scored for him, and the enthusiasm seemed rather forced and restrained.

Grady asking him to send a special in from Emerald with the mail, and Mr. McLean received a wire from Mr. Grady stating the train would be sent through, and consequently the Christmas mail was received early Saturday afternoon, helping the clerks in the Post Office and everyone. In Memoriam MRS. PATRICK MORRIS. The angel of death once more visited the home of Mrs. Patrick Morris, during the night of the 19th and summoned with but a few minutes warning, the most cherished one of the family. The deceased retired to bed in her usual health and cheerful manner, not showing the least symptoms of illness of any kind, but shortly after midnight she found herself ailing, called to her daughter, and in a few minutes passed away.

Famous Old Recipe for Cough Syrup. Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found how to save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for results. It gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugist, pour it into a 16-oz. bottle, and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified honey, instead of sugar syrup. Either way it tastes good, keeps perfectly, and lasts a family long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable guarana, known the world over for its healing effect on membranes.

To avoid disappointment, ask your drugist for "2 1/2 ounces of Pinex" with directions. Be sure to give the absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.
