

Tooke SHIRTS

The button hole for the stud, in the back of the neck in our shirts, is not placed in the neck-band as it is in all other shirts. Instead, there's a small flexible tab of stout cotton with a button-hole in it, as illustrated. Easy to put in the stud, and it cannot chafe the neck.

This feature alone should make every man give Tooke Shirts a trial—after that the shirt will do its own talking. Tooke Shirts are the only shirts that have this tab feature.

GILLETT'S PERFUMED LYE

CAUTION.

Put a strong glass on the label and examine it closely every time. Always look for the name "Gillett's."

Like all good articles, which are extensively advertised, Gillett's Lye is frequently and very closely imitated. In some instances the imitators have actually copied directions and other printed matter from our label word for word. Be wise, and refuse to purchase imitation articles for they are never satisfactory.

Insist On Getting Gillett's Lye and decline to accept anything that looks to be an imitation or that is represented to be "just as good" or "better," or "the same thing." In our experience of over fifty years in business we have never known of an imitation article that has been a success, for imitators are not reliable people. At the best the "just as good" kinds are only trashy imitations, so decline them with thanks every time.
