ALBERTON MINSTREL SHOW
Sunday, May 21st and Monday, May 22nd. Monday Dance after presentation. L-568-5-18-31.

HERE COMES CHARLIE!
Presented by Birch Grove Dramatic Players—Friedtown, N.S., Wednesday, May 18th. Specialties by Summerside talent. L-526-5-18-11.

DRESS SMARTLY—Our Suits and Coats bring to the wearer the satisfaction of being "well dressed." Be one of our many well pleased customers. Shop at Maurice's, 181 Water Street, Summerside. L-547-5-21-25.

RESOLUTION OF CONDOLENCE—The recent meeting of the Summerside Town Council a resolution was passed to send a note of condolence to the family of the late Harold Henderson, an employee of the Warren Paving Co. and well known in Summerside.—S

GUIDES AT FERNWOOD—The Guides Club of Prince County met at the home of Mrs. Forbes, Lower Beedeque on Saturday and had the pleasure of a visit from Mrs. Carrie Holman, Guide Commissioner. A hike to Fernwood, the summer camp of the Prince County boys was a feature of the afternoon and was enjoyed.—S

LEAVES FOR HALIFAX—Rev. R. Harrison, rector of St. Mary's Church in Summerside, left on Monday morning for Halifax to attend the meetings of the General Synod of the Church of England.—S

STRUCK BY CAR—A young boy cycling on the road from Summerside to Read's Corner on Saturday was struck by a passing car and thrown to the ground. He escaped serious injury, but his bicycle was hurt as he struck the pavement. His bicycle was badly mangled.—S

MINSTREL SHOW—The Y's Men Club of Summerside are to be congratulated in obtaining the services of the Minstrel Show for their show at the High School Auditorium on Friday. The intangible J. Austin and his troupe of eight in Charlottetown and should be fun for everyone. The show is to help the Y's Scouts and other work and should be well patronized.—S

BALLY OF HOLY NAME SOCIETY—The Holy Name Society of St. Mary's Church, Charlottetown, observed the Holy Name Bally Day with special services on Sunday. The pastor, Rev. Martin, was assisted by Rev. G. W. Snelgrove, Rev. Fr. O'Hanley of St. Dunstan's University, Fr. O'Hanley of the Holy Name Society, and an excellent sermon appropriate for the occasion. A meeting in the afternoon was well attended and many thanks were expressed for the welfare of the parish was discussed.—S

FARMER'S BALL—The music committee of the Summerside Board of Trade have completed their arrangements for the "Farmer's Ball" which is being held tonight at the Main Level Gardens. The proceeds are for the band. Everyone will be farmers that night and many novel games and dances have been planned and come to the ball and help the band.—S

ENLARGING PREMISES—Mr. William Calbeck, progressive merchant at that thriving farming district Beedeque, is making considerable changes in his store. He is moving his warehouses at the back of his business premises and converting his two separate stores into one large up-to-date departmental store. Beedeque is one of the oldest settlements on the Island and has gone steadily forward. Mr. Calbeck is showing a progressive spirit in remodeling his business premises and will no doubt get the encouragement of his neighbors.—S

POULTRY CLUBS AT TIGHE—At a recent meeting held at Tighe's a Boys' and Girls' Poultry Club was organized. The Dominion-Provincial policy, Mr. F. M. Nash, senior poultry fieldman, Dominion Department of Agriculture, addressed the meeting and explained the club policy. The membership of the club is thirteen. Purchase of approximately 1,000 chicks was arranged for. The following officers were elected: President, Lloyd Sheen; vice-president, Earl Brennan; sec.-treas., Gregory McInnis; adult directors, Clavis Gavan, Charles Gavin. The officers and members of the club were appreciative of the assistance being offered by the Provincial Department of Agriculture in regard to purchase of chicks and brooder boxes.—S

ILLUSTRATED LECTURE—A very interesting illustrated lecture given in the parish hall of the Protestant Church last Friday. In the absence of Rev. Verwolf, Rev. Mr. MacDermid was the speaker. The lecture was on the life of David Livingstone and his work as a missionary in Africa. A pleasing program of vocal music was an additional feature. Among those who were present were Mrs. Frank Cameron, Mrs. Alice Coffin, Mr. J. C. Mounsey, Mr. Maurice Mill and Mr. W. F. Forbes. Miss June Ramsay accompanied the audience with a piano solo. Mrs. Amos Hubley presided at the piano for the vocal numbers. A vote of thanks was tendered to the speaker for his lecture and in making the place of Rev. Mr. Verwolf and his excellent manner of delivering the lecture at such short

SUMMERSIDE

Remanded To Supreme Court

Russell Arsenault was remanded to the Supreme Court yesterday at the conclusion of the preliminary hearing, into a charge of breaking and entering, and theft, laid against him in connection with a robbery at the Greyhound Cafe, Central Street early Monday morning. The case was heard in the Police Court before Magistrate Strong, K. C. Four witnesses were examined.

Wilfred Perry who operated the cafe; Frank Gallant, proprietor; Police Officer Schurman and Chief of Police White. The hearing occurred shortly after 2 o'clock on Monday morning. Officer Schurman was roving his rounds when he heard a crash in the vicinity of the Greyhound Cafe, he went at once to the scene and found the window broken. He saw Arsenault running away, caught up with him and arrested him on suspicion.

Chief White was notified and searched the man and found considerable money on him. The cash register valued at over three hundred dollars was found at the rear of the cafe, also a quantity of cigarettes, the register being smashed and rendered useless.

Mr. Perry and Mr. Gallant gave evidence of the amount of money in the register. About \$50.00 was missing.

After hearing the evidence and a statement from the accused, Magistrate Strong sent Arsenault up for trial.—S

OTTAWA CAST GIVES VIVID PERFORMANCE

WINNIPEG, May 17—Ottawa Drama League actors swept through Drama Sherwood's buccannering, romantic melodrama "The Petrified Forest" tonight before a near-capacity audience during the second night of the week-long Dominion Drama Festival here.

The two-act play was the first full-length production ever presented in the Dominion Drama Festival. The Ottawa players, consistent victors in their region and winner of the 1934 Bessborough award for the best English production, acted the strong drama with verve.

Most members of the cast turned in vivid characterizations and throughout they balanced the faint touches of humor. The production was directed by Dorothy White. Robert Darby prepared the effective stage setting.

Four plays in French will be presented tomorrow. Le Cercle Molieres players from St. Boniface, just across the Red River from Winnipeg, will present "Le Chant Du Berceau," a full-length play during the afternoon.

Tomorrow night Le Conservatoire National de Musique de Quebec will present play "Un Chant Du Berceau," the Montreal Repertory Theatre will play "Maldonne" by the Canadian writer, M. Arthur Provost and Le Caveau of Ottawa will play "Scampolo."

ing home.

—Mrs. L. B. Campbell of Sydney, N.S., was a weekend visitor to Summerside, the guest of Mr. and Mrs. B. J. Kelly. Mrs. Campbell is the wife of Rev. L. B. Campbell, a former pastor of Trinity United Church. She had attended the W. C. S. meetings in Charlottetown.—S

—Miss Jean MacArthur of Arington is making satisfactory progress from her recent operation in the Prince County Hospital.—S

—It is pleasing to report that Mr. Austin Niedergang of Kensington is doing nicely after a serious operation last Saturday.—S

Award Diplomas To Four Nurses At Summerside

Graduation Exercises Of Prince County Hospital Held Last Evening.

The graduation exercises of the Prince County Hospital were held last night in the High School auditorium.

The stage was prettily adorned with spring flowers and potted plants.

The graduate nurses are: Vivian M. Paynter, Verna M. Griffin, Helen C. Rogers and Adrice M. Campbell. On the platform with the graduates was Miss Lavers, Supt. Miss Clark, assistant supt., the nursing staff and doctors.

Mr. H. T. Holman president of the Hospital Board acted as chairman from whatever you may view it. As I stated a moment ago the Hospital has been almost continuously crowded, which naturally makes difficulties in administration. The economic condition of our province and particularly of our County is not as healthy as we have seen it in the past and is reflected to a very material extent in our financial condition. The Trustees have made ends meet and were it not for the great generosity displayed by our citizens and some sections of our County, our position would be far from inspiring.

"I am glad indeed at this time to extend to the young ladies of the Okto Club the thanks and appreciation of the Trustees for the enthusiastic manner in which they carried on their campaign and the success they attained in it. A very appreciable amount of money was collected and a great many medicines were received, which will be of continuous benefit to the Hospital.

"I would like to remind you, one and all, that our annual meeting will be held in the Town Hall on the third Tuesday in June and I hope a great many of you will be present for at that time you will hear in far greater detail the financial condition of the Hospital in general and administrative details. The following are a few figures taken from last year's report, which will give you an idea of the work of the Hospital's activities.

Our expenditures for meat and fish were \$1,568.31; butter, milk and eggs, \$1,782.72; bread, \$699.46; groceries, \$360.00; medicines received, \$455.38; kitchen, soap, dishes, etc., \$359.06; X-ray supplies, \$987.95; laboratory supplies, \$549.50; light, fuel and water, \$2,983.63; then about 16,000 salaries and wages, \$7,311.43; Insurance, \$490.97; general repairs, \$1,518.78; sundries, \$336.38; interest, \$34.35; and other items, making a total of \$30,262.10. I am nevertheless glad to have the temerity to submit a few as I feel they are pertinent to the occasion. The Great War killed or maimed 10,000,000 Canadians. In a like period, disease in this country accounted for 400,000 deaths. About 100,000 or so of our countrymen were disabled through disease. Medical science declares that about half of all disabling diseases are preventable and one third of all deaths preventable. Hence 100,000 citizens of Canada are unnecessarily disabled yearly and 30,000 die before their time. The estimate is that 2% of our population are too sick to work and that about 21,000,000 working days were lost by sick adults. These are stupendous figures and I feel inclined to leave them alone to speak for themselves. They point the way, however, for action and that is, prevention rather than cure. Beyond their means to bear, the Hospital is able to pay the bills. This condition is facing hospitals the world over and is a problem they are all endeavoring to solve. Hospitalization is no problem for the well-to-do or to the very poor. The former are able to pay and the latter are taken care of by the Hospital's free service. It is the multitude of persons who come between these two classes that finds sickness a financial burden almost beyond their means to bear.

"Many plans have been suggested and some of them put in operation but the one that seems to enjoy the greatest popularity is known as group hospitalization. This scheme is being adopted in a great many of the hospitals in the United States, Canada and Great Britain. I noticed recently that a patient in a hospital in Grouse may be formed in a variety of ways but probably the simplest is for an individual who desires hospital protection to take it upon himself to insure himself and make a group of ten. The customary charge per individual is about three cents a day or \$100.00 per year. Should any of them fall sick during the period of their insurance, the hospitalization for four or five weeks and at reduced rates for a longer time if necessary. This scheme has many excellent features. It permits a patient to engage his own family physician and gives him a freedom that is sometimes lacking in plans of a different nature. I am at this time merely drawing your attention to this movement as I feel at some future date we may have to make an effort to introduce it.

"In the passing of Dr. Champion attending the Hospital has lost two of its outstanding contrib-

utors. Both of these gentlemen have always had the best interests of the Hospital at heart and their good counsel and constructive advice will be sorely missed. They both have their wealth and their gifts in the form of the Hospital distinctly easier. The Trustees take this opportunity of expressing their regrets and grief that they are no longer with us.

"In closing my remarks I wish to extend to all those who have contributed to the Hospital the appreciation and thanks of the Trustees. We are living on the borderland of making receipts and expenditures meet and it is mainly due to the generosity of the residents of the County that we are able to make a comparatively satisfactory financial showing.

"We have no hesitancy in soliciting these contributions for we feel they are being expended to our best advantage and more pleasant for all of us. We know not when we may be stricken and it is a comfort and a satisfaction to know that we have at our door a institution that is capable of giving us the best of medical and surgical attention. The efficiency of our Hospital, however, must be kept up. Every day something new is being discovered and the market. Sometimes these additions are inexpensive but more often costly. Be they dear or cheap, they must be acquired for we have no intention of letting our Hospital slip. We are unanimous in this regard and we are sure we have the wholehearted support of our Prince County residents in this policy.

"Expenditures of this kind are undoubtedly a drain on our finances and I again make a plea for your financial assistance. Charity makes enormous inroads upon our resources. That, however, is unavoidable and must be given freely for that is the democratic principle upon which this country is built. Under that head also I ask for your support. We have made these requests in the past and we have not been disappointed in your response. I make them again and I feel you will not be found wanting."

Commission Opens N.B. Hearings Today

FREDERICTON, May 17—(CP)—The New Brunswick Government will present a substantial brief here tomorrow before the Rowell Commission as that body opens its ninth and final provincial hearing.

The Provincial Government submission will be supplemented by briefs from the Maritime Transportation Commission, Boards of Trade and similar organizations. Hearings are expected to last a week.

When the Commission has completed sittings here it will go to Ottawa where about 10 days work awaits in the form of submissions of national organizations and Dominion department heads' opinions. Final sittings, to be attended by representatives of all the provinces, open at Ottawa Sept. 7.

OTTAWA, May 17—(CP)—Railway economies to be achieved by abandonment of lines have been greatly exaggerated in the opinion of Senator A. C. Calder (Con. Bail-coats), a member of the special Senate Committee on the railway condition of Canada.

The Senator voiced his opinion today as the Committee concluded its questioning of S. W. Fairweather, director of the Bureau of Economics of the Canadian National Railways and prepared to hear officials of the Canadian Pacific Railway who are expected to advance certain proposals looking towards a solution of the railway problem.

Senator Calder said Mr. Fairweather had stated economies through line abandonments made so far averaged \$200 per mile per year. Even taking the figure and \$1,000 per mile and assuming 5,000 miles of line, the maximum so far suggested could be obtained by the total saving would only be \$5,000,000 per year.

Mr. Fairweather said Canada did not have the great excess of functionally duplicated railway lines which was sometimes indicated. The Canadian National official was opposed to unification of the two railway systems and believed no economy could be achieved by unification which could not be obtained by co-operation. He favored some compulsory body outside the railways being clothed with power to compel co-operation on specific projects.

Loan Subscriptions Will Open Today

(By The Canadian Press) OTTAWA, May 17—Subscriptions to the new Dominion of Canada loan up to a maximum of \$140,000,000 of which \$90,000,000 will be in conversion and \$50,000,000 cash subscriptions.

The loan will take the form of six-year two per cent bonds due June 1, 1944, priced at 99.375 and accrued interest, to yield approximately 2.11 per cent to maturity, and 20-year three per cent bonds due June 1, 1958, priced at 99 and accrued interest, to yield approximately 3.07 per cent to maturity.

DROP IN RAILWAY REVENUE

MONTREAL, Que., May 17—The gross revenues of the all-inclusive Canadian National Railways system for the week ending May 14, 1938, were \$3,191,859 as compared with \$3,223,482 for the corresponding period of 1937, a decrease of \$31,623.

Minn's Liniment relieves pain.

Get Wise to Constipation!

When you're constipated, it's a great temptation to be satisfied with quick relief. But physics may become a habit. And they don't keep constipation from returning. It's so much better to get at the cause of the trouble.

If you eat what most people do, chances are the only thing that matters is you don't get enough "bulk." And "bulk" doesn't mean how much you eat. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

What to eat? Eat a little Kellogg's All-Bran for breakfast every day and drink plenty of water. This crunchy toasted cereal is not only rich in "bulk," it also contains the natural intestinal tonic, vitamin B. All-Bran is made by Kellogg in London, Ontario. Sold by every grocer.

Island Student At Dalhousie

In the list of successful Island students at Dalhousie University, published the following were inadvertently omitted:

Law, Second Year: Melvin McQuaid, Souris. Class 1 in Equity, Procedure, Property, Sales, Corporation, Bankruptcy.

Class 2 in Agency, Bills & Notes, Insurance. Third Year, Dentistry, James McGuigan of Charlottetown.

MEDICAL STUDENTS

First Year: Leigh Ramsay, Northam, passed in Biochemistry; Medical Psychology; Anatomy; Embryology; Physiology; Histology.

Second Year: Kenneth Beer, Montague, distinction in Structural Neurology, passed in Biochemistry 8, Anatomy 2, Physiology 2, Bacteriology, Pathology 1.

William Callaghan, distinction in Structural Neurology, passed in Biochemistry 8, Anatomy 2, Physiology 2, Bacteriology, Pathology 1.

George S. A. Inman, Summerside passed in Biochemistry 8, Physiology 2, Structural Neurology.

Third Year: Cameron Annear, Montague, passed in Laboratory Diagnosis, Pharmacology, Pathology 2, Medicine 1, Surgery 1, Obstetrics.

Wilfred Bothroyd, distinction in Practical Materia Medica, Obstetrics. Passed in Laboratory Diagnosis, Pharmacology, Pathology 2, Medicine 1, Surgery 1, Obstetrics.

Owen Curtis, Charlottetown, passed in Laboratory Diagnosis, Pharmacology, Practical Materia Medica, Medicine 1, Surgery 1, Obstetrics.

Reginald MacKenna, Oyster Bed Bridge, passed in Laboratory Diagnosis, Pharmacology.

Fifth Year: Gordon Lea, Victoria, distinction in Clinical Surgery, Medicine and Therapeutics. Passed in Clinical Medicine, Clinical Obstetrics and Diseases of women and children; Surgery and Surgical Anatomy.

Chester Stewart, Norboro, distinction in Clinical Surgery, Clinical Medicine, Clinical Obstetrics and Gynaecology, Obstetrics and Diseases of women and children; Surgery and Surgical Anatomy, Medicine and Therapeutics.

School For Girls (Matriculation) Lalla Bell Elizabeth Rood, Souris. Alfred Jane Pickard, Charlottetown.

Academy (Matriculation in Arts) Donald Robert Bryenton, Rollo Bay. William Mitchell Fraser, Alberton, who was also valedictorian for his class.

Henry Ralph McEwen, Morell. Matriculation in Engineering: Wilfred Arlie Wright, Souris. Commercial (secretarial), Miriam Irene Nicholson, Summerside. (stenographic) Margaret Jean Calbeck, Summerside, Isabel May Runcie, Seabrook.
