NERVOUS DYSPEPSIA.

A CURE FOR ALL.

Not a Patent Cure-all, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully retained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for ndigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this, and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. It's great success in curing stomach troubles is due to the fact that the medicinal properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, giving refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach, which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portinos of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50cts, per package.

A Summerside Citizen an Eye Witness to "Aust alia's Only Battlefield.

With further reference to an article re the anniversary of "Australia's Only Battlefield" which appeared in The Guardian a few days ago, it will be interesting to Guardian readers to know that Summerside has among its citizens an eye witness to that blood affair which took place in 1854. William H. Brown of this town who was in Australia gold mining at the time has told The Guardian some interesting facts of the rebellion with which he was in close touch, though he did not take part in the battle.

The trouble arose over the license fee exacted from the miners, the fee being greater than the miners felt they could afford to pay. They refused to pay and rebelled against the government. They forthwith armed themselves and built a stockade, with provisions enough to stand a seige. The troops came to collect the license fees and were driven off. Then the Commissioner of Ballarat diggings sent a dispatch to the Governor to the effect that the diggers were in open rebellion and he had not sufficient force to cope with them, and asked that more troops be sent him. The government at once sent additional troops to the scene, and on Sunday morning, a few days following, the troops were formed and marched to the attack of the stockade. After a bloody fight in which there were heavy losses on both s des, the stockade was taken at the point of the bayonet.

A petition was then got up and signed by all the peace-loving part of the community, including Mr. Brown's signature, and a committee apointed to forward it to the government. This was done, and all that was asked for was granted and the miners were allowed to send a Representative to the House of Assembly, this being the first Representative for Ballarat. The licence fee was reduced from $5 per month to $7.50 per year.

This mining place was at that time composed entirely of diggers in the tents. Today it is a city of over 50,000 inhabitants. Mr. Brown is still in possession of one of the licences which he prizes as a souvenir of the notable event.

During the month of January according to the thermometer readings at the Government Meteorological station, kindly furnished by R. S. Bowness, the two coldest days were the 15th and 25th each of these days the temperature lowering to 15 below zero. The highest tempera ure was 34 above on the 19th inst. On the 7th occurred the only thaw during the month. The most severe storm for 26 years occurred on the 26th inst.

Ladies' Hockey will be the excitement at Crystal Rink this evening.

Boy wanted to sell papers. Apply to Guardian Branch, between 4 and 5 p. m. to-day.

All members of the Summerside Labor Union are requested to attend the meeting this Wednesday evening at 7.30 when there will be installation of officers and other important business.

The last regular meeting of the present Town Council will be held on the 13th inst. Nominations for Mayor and three Councillors will take place on the 21st inst, election on the 28th.

The annual meeting of the Pioneer Publishing Company was held yesterday afternoon with a fair attendance. The financial statement for the year was presented and was a most satisfactory one. The same board of directors was re-elected.

Tonight's game of hockey between the Alphas and Micmacs will likely be the last contest between Summerside and Charlottetown in Crystal rink this season. The game starts at 8.15 sharp. After the match the spectators will have an hour's skating. Music will be furnished by the Boys' Own Band. Admission 25c.

Another accident happened at Linklette yesterday forenoon when Brewer Linkletter had his cheek badly cut by being hooked by a cow. He was feeding the animal with turnips when she suddenly lifted her head, the horn making a bad cut in his cheek extending into the eye lash, the flesh dropping from below the eye. A physician from Summerside put several stitches in the wound and the patient is doing as well as can be expected.

"I'm getting disgusted with thi winter communication business," said a weary citizen yesterday as he put his feet up on the stove and dragged away at his pipe as though it was the only comfort he could get out of this world at this time of year. "There is no way out of the difficulty that I can see," he continued, "unless we wait for the perfection of air navigation. It will come. It's bound to come. Here we are little further ahead than where we were a quarter of a century ago." Then he drifted off into poetry:

"We still have winter trouble,
On routes we disagree,
We're tired of winter steamers getting stuck;
We talk of subways, tunnels,
Pneumatic tubes and such;
But the airship's coming—
Just you wait and see."

TRIED TO BUY EVIDENCE.

VICTORIA, B. C., Jan, 24.—Captain Cullen states his advices are that the steamer from Paget Sound, believed to be either Tacoma or Wyefield, was seized carrying contraband for Russia by Japanese cruiser. He says the news came via San Francisco. Capt Cullen also states that Russian agents here offered him fifty thousand dollars to go to Paris to testify before the North Sea commission that Russia has reason to fear torpedo boats or submarines. He refused, and was afterwards instructed by the Japanese Government.
