HORSE NOTES

**—Mr. Bert Drake, Mill View, is the proud owner of a colt by Zealot, owned by Michael McKenna, Vernon River. This colt should be a dandy as it has got the very best blood obtainable in its veins. Its dam is by Kelnwick Fireway and is the second colt she has produced from that famous pacer Zealot. Mr. Drake is so pleased with Zealot's stock that he is again breeding to him.

**—Mr. George F. Robertson, Sydney, C. B., writes in glowing terms of the mare he purchased last fall from Dennis Carey, China Point. This mare is coming three years old, weighs 990 lbs, and he has refused $250 for her. This mare was sired by Zealot, the fast pacing stallion owned by Michael McKenna, Vernon River, dam Old Dean bred by Philip Rooney, Cherry Valley. Mr. Rooney is a great admirer of Zealot, and has three other horses sired by him which goes to prove the quality of stock he is producing in this vicinity.

After Coughing Months

Brooklyn, N. Y., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Marie Primrose of 87 Newell street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully three months, and felt tired all the time because my rest was broken. The effect of taking your cod liver and iron remedy Vinol is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way.

It is the combined action of the medicinal elements cods' livers aided by the blood-making, and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Hyde A. Foster, Central Drugstore, Charlottetown, P. E. I.

HARVARD COACH GETS SUM OF $7,500.

CAMBRIDGE, Mass., April 29—Harvard pays Percy D. Haughton a dollar a minute for teaching football to the undergraduate body. Such learned professors as Thomas N. Carver, Hugo Musterberg and Paul H. Hanus receive 5 2-3 cents a minute for teaching the classics, Coaching Houghton labor for twelve weeks, working two and a half hours five days in each week. This is during the football season, and he gets $7,500. Harvard professors get about $4,000 a year, and work ten months at about five hours a day six days in the week.

It is said that Harvard professors are prejudiced against thinking too much about the wage difference, and besides it is extremely painful.

BEWARE Young Man

It's the Little Dandruff Germs That are Causing Your Hair to Thin Out.

Parisian Sage Stops Falling Hair and Does Not Contain Poisonous Lead or Dyes.

The clever young man of today doesn't take any chances on losing his hair. A man who is baldheaded at 30 looks like 45, and is placed at a disadvantage when seeking employment.

If you have dandruff it means down near the roots of your hair an army of dandruff germs are attacking the hair root and destroying its vitality. Then hair falls out, grows thin and baldness results. Young man, put your faith in delightful PARISIAN SAGE, it will stop falling hair, kill dandruff germs, abolish dandruff and itching scalp, or money back.

PARISIAN SAGE is only 50 cents a bottle at Geo. E. Hughes and dealers everywhere. Girl with Auburn hair on every carton. Ask for PARISIAN SAGE.

ALWAYS CONSULT THE PHONE DIRECTORY.

Almost every day The Guardian receives orders by mail to insert news matter of an advertising nature. In most of these cases the senders, who are frequently not known to any member of the staff and who have no account in the advertising department, write "Please insert the following and oblige," thus apparently implying that they think the items will be inserted free. Only a few weeks ago a reader wrote asking that his advertisement of Farm for Sale be inserted free from day to day until he cancelled it, as he is a subscriber to The Guardian. In this connection it may be said that the subscription price is not sufficient to even pay the actual cost of paper, ink, presswork, mailing, bookkeeping and other expenses of the Circulation department proper, and thus subscribers have no privileges of free advertising and are on the same footing as non subscribers. Seldom ever does the sender state whether the item is to appear in the Morning Daily or in the Evening Daily, whether for one or more times in either Daily, or in both, whether as a display advertisement, announcement, business local, classified ad or otherwise. When for church or charitable purposes they seldom ever say so, or do not enclose sufficient money to pay for same, all of which will be returned by first mail in the event of the item not being chargeable, or if more money is sent than necessary to pay for the item the surplus will be returned at once, there being a greater discount for cash with order for advertising of churches &c than for regular business. In all such cases the Advertising department communicates with the sender as quickly as possible by mail or phone, often paying the messenger service to get them to the telephone if not too far distant, thus saving all possible time. People write this office to know if News, Letters to Editor, etc., are charged for, and to all such there is but one reply—all items etc, of a money making nature, even though they be somewhat of a news nature, are chargeable. For instance, the advance notice or notices of a concert, lecture, pie social, picnic, etc., are chargeable if there is an admission fee, silver collection, sale of pies on sale of food or refreshments, etc. Advance notices of purely religious services, even though a silver collection is to be taken up, are not chargeable. The particulars of any of the above, after they have been held, are, however, news and thus not chargeable. The news of any past, present or future business, which is still being conducted, is chargeable, if it is apparent that the object is to make the business more widely known and thus increase it. Verses accompanying death notices are also chargeable. Even items which are actual news and not chargeable but once in either Morning Daily or Evening Daily or both are chargeable for more than one insertion, as they are thus not news.

The above facts are given for the purpose of assisting persons who have items, etc., to mail to this office, so that delay and disappointment will be avoided.

Don't Diet Yourself TO DEATH TO CURE DYSPEPSIA OR INDIGESTION. IT ISN'T NECESSARY.

While it is necessary for the dyspeptic to abstain from rich, greasy, highly seasoned food, it is useless and injurious to deprive the sufferer of a full supply of good nutritious food sufficient for the needs of the body.

Weakening the body will never remove dyspepsia, on the contrary, all efforts should be to maintain and increase the strength.

Burdock Blood Bitters will increase the strength, and at the same time enables one to partake of all the wholesome food required, without fear of any unpleasant after results.

Miss Martha A. Brooks, Gagetown, N.B., writes:—"I have been troubled with indigestion for more than seven years, have tried several doctors and different medicines, claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. I have taken only one bottle, and that one has done me more good than all the other medicines I have used. My appetite, which was very poor, is now good, and I can eat most everything without any disagreeable feelings."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
