THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown

The mail arrived in this City at 12.15 yesterday.

There were 25 passengers crossing by the Stanley to Georgetown yesterday.

James L. Saunders has returned to St. Dunstan's College, from visiting in Irish town.

William Laird, New Glasgow, is in this City, where he purposes spending the winter.

There was a heavy mail of 125 bags from Pictou at ten o'clock yesterday Stanley yesterday.

The Clockmaker's Secret, the headliner of the picture, Fairyland tonight abounds in marvelous transformation scenes and is exceptionally attractive.

A great deal of interest has been taken in the large candle which is burning in the window on Queen Street. It was lighted 96 hours up to eight o'clock last evening.

The Guardian is able to say that Lt. Col. Davison is being pressed to offer himself as a candidate for the Mayorality of this City at the forthcoming election, and that he probably will be a candidate.

Hansone, the magician, the next attraction for Fairyland is a great artist who is simply a wonder; a number of citizens have seen him abroad and all pronounce him a leader in his line of work. He will open up next week.

Rev. H. E. Thomas pastor of the First Methodist Church will be the speaker at the M. C. A. Men's meeting tomorrow at 4 P. M. His subject will be "The realities of life. This will be a good opportunity for all men who have not heard Mr. Thomas to hear him on a very practical theme.

In reply to the telegram sent by the Charlottetown Board of Trade to the Department of Marine and Fisheries at Ottawa, with regard to removing the winter steamers to Georgetown the following was received: "The Department having full confidence in both captains of the Minto and Stanley they were instructed to use their own judgment when to leave the Charlottetown route, and they decided it was necessary to do so yesterday.—F. Gourdeau, Deputy Minister."

Alfred Thorne of this City has received a telegram announcing the death on Tuesday last of his brother William H. Thorne, aged 65, of Winchester, Mass, and formerly a resident of Charlottetown. The remains, accompanied by Mrs. Thorne, left Thursday for Charlottetown, where they will be interred. The notice of the funeral which will be held from his brother Alfred's home on Park Street will appear later. Mr. Thorne leaves a widow, four sons, and one daughter, all in the United States, one brother Alfred, and two sisters, Mrs. Daniel Waters, Woburn, Mass, and Mrs. Arthur Chilton, City.

Prince Edward Islanders will learn with pleasure that the Islanders in Winnipeg have successfully organized a Club that is a credit to both Islander's at home and in Winnipeg, at their final organization meeting held there a few days since. The personnel of officers duly elected are as follows:—

Patrons: Hon David Laird and Hugh Sutherland,

Honorary Presidents: Hon. Mr. Justice Macdonald, J. A. J. McKenna and S. W. Prowse, M. D.

President: Arthur Sullivan.

Vice-Pres: J. A. Crozier and H. A. Wise.

Treasurer: B. L. Deacon.

Secretary: Hugh S. McKay.

Literary Correspondent: J. A. McLellan.

This movement has certainly been encouraging to its promoters as all who realized the benefits to be derived from an organization of this kind heartily responded, and by enthusiastic co-operation the club at its inception started on a sound and very satisfactory financial basis.

The Club rooms situate on Garry Street are comfortably furnished, and Islanders visiting or coming to the West will be given the glad hand and made welcome by its members. Mr. Schurmann of Summerside who was on a trip throughout the west attended this meeting. He expressed himself as well pleased with the Club and its object, mentioning what a splendid thing it would be for Islanders visiting the west to have a place to go where they could meet their old friends. He offered some suggestion as to the conducting of the Club which were very much appreciated in the form of a cheque for \$25.

Our Guaiacol Emulsion must be a good preparation judging from the work it has done in all cases of lung affections. There's nothing better for a bad cough of long standing. It is a general lining builder and sells on its merits only. 40c per bottle. A. W. Reddin, Phm B. Sannyside.

Angus Gupta, Nelson, B. C., is in this City.

H. C. Mills, has returned to Summerside from Charlottetown.

Donald Nicholson, City, will be a candidate for Water Commissioner.

F. S. Fillmore who has been in this City left last night for Georgetown en route to Truro.

The highest temperature recorded yesterday was 30 above; and at nine o'clock last night it was 25 above.

Sam Doyle of St. Xavier College, Antigonish, who has been visiting his old home in this City left last night for Georgetown on return.

Tomorrow Rev. S. R. Cornwall will preach at North River at 11 a. m. and at 7 p. m. The Lords, Supper will be observed at the close of morning service.

There is to be a matinee this afternoon in Wonderland; and tonight the amateurs' performance which was such an unparalleled success last night will be repeated.

It is understood that J. B. Coulson of the Post has been offered a consulate at a South American port as the outcome of an effort made by him at the appointing meeting of United States consul at Charlottetown, Prince Edward Island, a position then vacant. Mr. Coulson said recently that while he had some little correspondence with the state department, he was not seriously considering removing his family to South America. Mr. Coulson was born in New London Prince Edward Island, Canada, and with the exception of a year in New York, has lived in Worcester since 1889.

The announcement of an amateurs' night at Wonderland was the means of causing such a crowd to attend the Market Hall last night that it was impossible shortly after the hour of opening for any person to obtain admission. There was a regular flow of people anxious to "take in the show." As the auto would have been able to force a way in after the performance commenced. The audience comprised friends of the candidates from all over the City and as each popular favorite appeared on the stage cheers and other tokens of sympathy and encouragement liberally greeted him. That the show was a good one goes without saying. The regular excellent program was presented with vaudeville, and the amateurs were extra. Gallery gods were there, who were ebullient in their expressions of their approval, and criticism of a finer calibre whose keen sense of the fun they were having found vent in applause voluminously expressed, though not in such a vociferous manner. The performance indicated ability of various degrees. Bidding Booths, and coming Canons acted and sang, in company with step dancers of merit, showing that Charlottetown has talent which will yet shine as stars in the great firmament of vaudeville. The prizeman to Leo. Weatherbie and Willie Chaisson. It was great!

The market yesterday was but slimly attended, no doubt on account of the poor sleighing.

At a recent meeting of the Canadian Club held in Boston, one of the subjects up for discussion and on which a resolution was passed was the recommending to those having the matter in control the Canadian coins be taken when offered for car fare on the Boston street car system. This would be a good thing, for no doubt many readers of the Guardian have experienced the sensation produced by the bustling street car conductor "turning town" the worthy coins of this Dominion, when the same have been tendered in exchange for a ride "up in the elevated and down in the subway."

Rarely if ever in Charlottetown has a program of such excellent pictures as were presented at Fairyland last night been presented before the public. In especial praise be given to the film entitled "The Clockmaker's Secret," a story of dramatic power, presented with such a careful observance of detail as to hold the closest attention and appeal to every pleasure loving sentiment. The other pictures were all good in the respective class, and afforded chance and cheer to those who wanted to pass a happy hour. Mr. Maddison has seldom been heard to better a advantage than in the splendidly illustrated song in which he last night touched the hearts of his listeners; and the music was deserving of a corresponding measure of praise.

You may dislike taking medicine—but you ought to be cured without medicine. The modern treatment is "Catarth 20." It isn't a drug—it's a healing vapor, full of pine-essences and healing balsams. It spreads over the surface that are weak and sore from coughing. Every spot that is coated is healed, irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick, so sure, so pleasant as Catarth 20. In 25 ct. and 50 ct. sizes at all dealers.

H. A. Rynhard, Pictou, is in this City.

Miss Bessie Vinnicombe, City, leaves tomorrow evening for Georgetown en route to Boston. She will be accompanied by her brother Arthur who will visit his brother Harry and other friends at that place.

The Nickel presented four fine pictures to crowded houses last night. A Child's Cunning showed a counterfeit's child misleading the police. A Cup and Ball is a good clean comedy. The Fencing Master is an interesting love story, but ending fatally. On the Brink is a very pathetic story of a farmer's daughter who left home and friends for a false lover, but returns in time. The illustrated song by Howard Murley met with favor and another song by Master J. McInnis scored a success.

The arrival is reported from Vineyard Haven, Mass., of the schooner Housah from this Port, bound for New York.

J. W. McPhee of the Bank of Nova Scotia has been transferred to Moncton and left for that place by last night's express.

The results of the recent examinations in McGill University, in which the students from this Province have made a remarkable record, will be found on another page of today's Guardian.
