119-121 QUEEN ST. W. CHARLOTTETOWN

To the Electors Of the Town of Summerside

Ladies and Gentlemen:-

You are aware that we, the undersigned, are candidates for Mayor, Councillors and Water Commissioner for the forthcoming Civic Election.

We believe that this Town has come to a time, and that time is now, when its street problem must be solved.

First of all permit us to state that it is not our intention to criticize the work of those who have been responsible in the past. They have faithfully performed their various duties.

We however come before you with a definite policy regarding our street difficulties. We are convinced that something of a permanent nature must take the place of our old method of handling our streets and with this up-ermost in our minds we appeal to you for support on February 23rd.

The laboring class of this town must also be considered because they are the backbone of any community and, if elected, we will make every effort within our power to bring about a condition with a view of providing more employment.

WINSLOE J. LIDSTONE For Mayor

M. F. SCHURMAN
JOHN Y. PHILLIPS
JOHN J. McNALLY For Councillors

THOS. D. CARRUTHERS, For Water Commissioner.

CLENAL/DALE SCHOOL

Table with 2 columns: Grade, Name. Includes Claude McKinnon, Ruth McKinnon, Roy McKinnon, etc.

Town Of Georgetown

Financial statement for year ending December 31, 1925.

Table with 3 columns: Description, Receipts, Exp. Includes Balance on hand Dec. 31, 1924, Commerce Dec. 31, 1924, etc.

GUARDIAN OFFICE. The Guardian's Western Office is now located in the McNeill Building, Water St., Summerside, where subscriptions, news or advertising will be received. The phone number is 233.

A Sure Income

The Higher Standard of Living today—many of the luxuries of fifteen years ago now being necessities—has made it much more difficult for the average man to create an adequate estate except through Life Insurance.

Increased taxation, both on income and inheritance is also partly responsible for the big demand for life insurance in recent years.

Coupled with the growing demand for life insurance protection is the increasing discrimination in favor of companies which provide this commodity at the lowest net cost, which is only made possible as a result of capable and efficient executive management.

The Great-West Life Assurance Company owes its progress and success to just such management and their special attention will be found elsewhere in these columns, and is worthy of your attention. 7701

RICE POINT SCHOOL

The following is the standing of Rice Point School for the month of January.

Table with 2 columns: Grade, Name. Includes Hazel C. Corbett, Burdena MacLaine, Catherine MacNeill, etc.

Percentage of Attendance 62.5. Marjorie MacFadyen, teacher.

Bobbed Hair

Sealing Fate of Ostrich. MONTREAL, Feb. 15.—Bobbed hair, and the small featherless hats now being worn by women are gradually sealing the fate of the ostrich.

This information was imparted to a gathering here of Montreal business men and exporters by Eric H. Louw, new trade commissioner for South Africa to Canada and the United States.

Ostrich feathers formerly constituted a big industry in South Africa, but the business was in a bad way with "the ladies now cropping their hair and wearing small hats," said Mr. Louw.

"We formerly had 780,000 ostriches; today we have 240,000."

Canada's 'Morgan'

LONDON, Feb. 15.—Lord Beaverbrook, in the Daily Express this morning, publishes an eulogy of Sir Herbert Holt, president of the Royal Bank, whom he describes as "the business brain of Canada."

He compares Sir Herbert's position to that of J. P. Morgan in the United States, and says that Holt is certainly a more important figure in Canada than Baldwin is in Britain.

Home-made Remedy Stops Cough Quickly

Finest cough medicine you ever used. Family supply easily made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives relief. It promptly heals the inflamed membranes that line the throat and all passages, stops the annoying tickle, loosens the phlegm, and soon your cough stops entirely. Sore throats for bronchitis, croup, hoarseness and bronchitis.

Pinex is a highly concentrated compound of Norway pine extract famous for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2% ounces of Pinex" with directions and don't accept any other name. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

Eastern Guardian

J. W. MURDOCK, Montague, received 1926 Calendars for Guardian readers renewing or subscribing. Also Dictionaries. Renew at once and get one.

HEADQUARTERS FOR Radios and Victrolas, Radio and Flashlight Batteries at Mabon's Drugstore. 7839-2-16-ts91

HUNTER RIVER SCHOOL

Table with 2 columns: Grade, Name. Includes Helena MacMillan, Beatrice McLeod, Annie Carew, etc.

Nothing as Good for Asthma. Asthma remedies come and go but every year the best is the original Dr. J. D. Kellogg's Asthma Remedy grow greater.

Enter again that world renowned comedian John F. Zero, the pride of Baffin Land, the glory of Siberia, the paragon of South Victoria who on Wednesday 10th inst. played to large intelligent and appreciative audiences in many theatres of Canada.

Hugh MacNeill, strong advocate of Rural Telephone extension, has been accomplishing great missionary work in that field of his choice and is meeting with encouraging responses to his earnest appeals.

Ornithologists and taxidermists attention! "I shall a tale unfold." Well, it's simply about the capture of an owl, a horned owl. To my less learned readers I might explain that the words owl and howl, according to those versed in the parlance of words are both derived from the Latin word ululo, which means hoot or howl.

Mr. William Keenan, popular hotel keeper of Murray River, has lately made several trips to Montague for mail for Murray River, Murray Harbor, Hopfield and other points. The mail for the Murray Harbor branch was sent from Charlottetown to Montague because the line from Charlottetown to Montague is open where the Mur-

Self-Poisoning Increasingly Common. Modern Living Habits Promote Self-Poisoning—Thousands are Victims.

The average man or woman does not enjoy consistent good health. Loss of appetite, headaches, biliousness and a lack of enthusiasm for either work or play are constant complaints.

Scientists have ascertained that such a condition is usually caused by self-poisoning resulting from constipation. Due to modern living habits, the natural secretion which promotes regular elimination by softening the bowel contents, is often deficient—especially among middle-aged people.

Such people need Nujol, because Nujol softens the waste matter and permits thorough and regular bowel elimination without overtaxing the intestinal muscles. It helps Nature help you.

Ask your druggist for Nujol to-day—and remember, look for the name "Nujol" in red on both bottle label and package.

Dezeng Diagnostic Professional Unit. COMFORT FOR THE PATIENT EFFICIENCY FOR THE OPTOMETRIST.

The Wellworth Unit presents a compact selection of scientific instruments that enables the Optometrist to cover completely the ocular examination, without the patient leaving the chair and with each individual instrument within instant reach.

This has been accomplished in the Wellworth Unit with a most adjustable seat, head rest and arm-rests. The chair can be reclined, raised or lowered and adjusted to the perfect comfort of any patient. A comfortable patient can be more quickly and easily examined.

Accuracy and efficiency for the Optometrist is accomplished with Dezeng diagnostic instruments of minute precision which are within instant reach and used before the patient.

This Unit is sent in all ocular examinations by H. J. MABON OPTOMETRIST Montague, P. E. Island, Office Connected With Druggists

We regret to learn that Miss Irene Hume of Wood Islands is not improving in health as rapidly as her many friends could wish.

The sympathy of the community is extended to Mr. Robert Glover of Guernsey Cove who recently had the great misfortune of losing his dwelling house by fire, a loss, great any time but particularly so in mid-winter.

Mr. James Hume, careful, painstaking farmer, of Iris has generally enough public patronage to keep him busy. Just at present work is necessarily slack owing to the great quantity of snow and absence of ice.

Somewhat suddenly a musician of more than ordinary merit has appeared above our horizon. He is John MacLennan of Little Sands, son of Mr. John D. MacLennan of the same place. This youth who took up music but a short time ago is already a proficient performer on the organ and violin. His great natural gifts in this direction have never been assisted by any skilled instructor. He has no knowledge of musical notation and so his technique is guided by his own talent.

Mr. Angus Matheson of Glen Forest, veteran of the Great War who recently underwent an operation for appendicitis has wholly recovered and is again able to visit his many friends. He lately had a pleasant outing to Wood Islands East.

Mr. Peter G. Hume, successful competitor in the "Guardian's" Election Contest of recent date has we are glad to learn almost completely recovered from the recent injury to his ankle. Mr. Hume was fortunate enough to win the highest prize awarded, two hundred and fifty dollars. His guess differed by only four from the official number of votes cast.

ENERGIZE!

Grown people often over-estimate their strength and do not realize that they are running short on energy.

Scott's Emulsion energizes and invigorates the body through its power to nourish. Re-energize, fortify your system, keep strong with Scott's Emulsion.

Mr. Peter G. Hume, successful competitor in the "Guardian's" Election Contest of recent date has we are glad to learn almost completely recovered from the recent injury to his ankle. Mr. Hume was fortunate enough to win the highest prize awarded, two hundred and fifty dollars. His guess differed by only four from the official number of votes cast.

Mr. Thomas Cook, general merchant of Murray River carries as usual a full supply of groceries and general merchandise. As Mr. Cook is prepared to take everything the farmer has to offer in the way of farm products he has a good steady trade.

Mr. J. Hamilton Stewart and his son Martin of Glen William who have been lumbering in Wood Islands has been obliged by stress of weather to suspend work for some considerable time. When roads and weather permit they will resume operations.

We very much regret to learn of the continued illness of Mrs. David Glover of White Sands.

The fuel problem at Murray River and perhaps in a number of other localities is becoming acute. Coal is very scarce and it is almost impossible to get wood. Some day when we can release and control the forces that lie hidden in the atom, problems of this and similar kinds will be a prolific source of amusement. Regard the possibilities—a few molecules will furnish heat and power for a very considerable period of time.

Mr. Neil P. MacMillan, proprietor of the Roller Mills in Wood Islands has now a period of enforced leisure, the travelling being so bad that no one can reach the mill. Conditions favorable he is usually kept pretty busy and does good work.

We hear with pleasure that Mr. Rod. H. MacMillan of Wood Islands is doing very well in Florida where he went several months ago.

Speaking of water supply. The water bearing strata at High Bank, Mt. Vernon and part of Little Sands are at a low level and the wells in those places are deep but in Wood Islands and Belle River the reverse is the case and the wells are shallow which, other things being equal, is a slight advantage.

Mr. David Bell of Iris, one of our leading merchants is like many others similarly engaged, somewhat affected by the snow blockade. Trade is just a little quiet, but will again pick up when nature brings things back to normalcy.—S.

One of the finest farming sections of this province is the district called White Sands which lies between High Bank on the west and Guernsey Cove on the east. A comparatively recent settler of White Sands is Mr. Alexander MacLean and he is a shining example of progressive industrial farmer. The soil is a rich heavy loam, adapted for any kind of farm crop, but particularly hay and clover.

Mr. William Keenan, popular hotel keeper of Murray River, has lately made several trips to Montague for mail for Murray River, Murray Harbor, Hopfield and other points. The mail for the Murray Harbor branch was sent from Charlottetown to Montague because the line from Charlottetown to Montague is open where the Mur-

45c yd.

An ideal fabric for Children's wear bloomers, slips, etc.

Moore & McLeod Ltd.

Pictures that pay

Your mind registers hundreds of pictures every day. Faces on the street, people in a doorway, a tray of watches in a window, ribbon on a hat. Interesting or amusing, maybe... but of what actual value are most of them to you?

Yet a vast number of pictures that can affect your daily living are waiting for your glance. Advertisements show you better things to ride in, eat, wear, enjoy—honestly pictured for you. Pictures that pay! Such pictures make you familiar with the newest, most improved things you can buy. The soap, hosiery, fountain pen that can mean most to you. Familiar with their color, way they are wrapped, name on the package. You can recognize them at once, link them at once with their advertised facts, know all about them before you buy. You don't have to test them. They have been tested for you. The watch widely advertised ticks in thousands of pockets. The skillet on the printed page is used on a thousand stoves. Pictures in advertisements are pictures of good things enjoyed in countless homes.

Look at advertisements and their pictures. They let you choose the best.
