Make Palestine In Verdure New

MONTREAL, Dec. 5—(C.P.)—Word has been received by the Zionist Organization of Canada here of a gift of his Majesty the King of a very fine specimen of Cupressus Orientalis (Oriental Cypress) to the King George V Jubilee Forest. The only one of its kind at Windsor Great Park, the tree has been shipped from London on the British steamer "Japanese Prince" for Palestine. It will be planted by his Excellency the High Commissioner, Lt.-Gen. Sir Arthur Wauchope.

The forest is British Empire Jewry's mark of loyalty expressed on the occasion of his Majesty's Silver Jubilee. It will cover a large area of desolate and barren land on the hills of Nazareth which in olden days were famed for their forest beauty.

The tree presented by his Majesty is the first ever to be shipped from England to Palestine.

A campaign is now under way in Canada under the chairmanship of Mrs. A. J. Freiman of Ottawa, to raise funds for the planting of 10,000 trees as part of the tribute of British Empire Jewry to his Majesty.

SEARCH NOT MADE BY "BEEF-EATERS"

LONDON, Dec. 5—For the first time in memory, and some said for the first time in three centuries, the Yeomen of the Guard—the famous Beef-Eaters—did not make their formal search under the Houses of Parliament today for plotters who might want to blow up Parliament at its opening state session.

Because of the death of Princess Victoria the ceremony was not held.

Every time Parliament had opened since the discovery in November, 1605, of the plot of Guy Fawkes and other conspirators to blow up Parliament, the Beef-Eaters had searched the cellars in their garb of red tunic, faced with blue and gold, red breeches and stockings, and broad brimmed hats. They are part of the King's bodyguard, and share the term Beef-Eaters with the warders of the Tower of London. Their name is supposed to be derived from the French buffetier, or buffet-keeper, in token of their portly appearance. Most of them are distinguished retired officers.

Famous Sisters Start Movie Careers

(By A. E. Fulford)
(Canadian Press Staff Writer)
(C.P. By Guardian's Special Wire)

CALLANDER, Ont., Dec. 5—The Dionne quintuplets toddled effortlessly and winsomely into a feature motion picture today, and proceeded to take command of the situation. The famous youngsters, 18 months old, awakened from a sound sleep to find Hollywood cameras ready for them.

Director Henry King led a small force of movie men into Dafoe Hospital, two and a half miles from Callander. Tip-toeing in while the babies slept, they set up their equipment noiselessly and then waited rather fearfully for Yvonne, Cecile, Emilie, Annette and Marie to wake up. They would be perhaps frightened by the invaders.

But the movie people were more frightened than the quints one by one, the sisters walked boldly into their transformed nursery and had only disarming smiles for the film folk.

Dorothy Peterson, who is cast as the nurse in "The County Doctor," dressed Yvonne and Annette while the first scene was shot. Meanwhile Cecile, Emilie and Marie sat in their beds and the movie people paid more attention to the antics of this trio than to the filming.

Then Jean Hersholt, playing the part of Dr. Allan Roy Dafoe, tried his hand at dressing one of the babies and inadvertently added a humorous touch when he put the little frock on back to front. The other scenes showed the quints happy in their play-pens. Stooping over them, Miss Peterson sang a nursery rhyme and Cecile "played up" by waving her pink arms in time to the rhythm.

Dr. Dafoe was in the nursery during the 50 minutes the movie crew was there and satisfied himself the lights did not harm the eyes of his charges. The actual filming occupied only 7 1-2 minutes and produced 950 feet of film, with which Director King declared himself entirely satisfied.

Filming will continue daily from 11 to 12 in the morning and, barring setbacks, a week will see the scenes completed.

Tonight Dr. Dafoe was tendered a dinner by newspaper reporters who came here to cover the story of the quinfuplets' movie debut.

STAY MARRIED

CHICAGO, Dec. 5—With 3,000 reconciliations of parted couples to his credit, Superior Court Judge Joseph Sabath celebrated his 25th anniversary on the Bench today by disclosing his formula for happy marriage:

"The only way to stay married—is to stay married."

The 46,000 marital rifts he has handled during a quarter of a century has convinced him, he said, that divorces are always caused by "a little foolishness."

Whether it concerns finances, or a third person, or something else, the stumbling block usually is a triviality," the veteran jurist asserted.

The judge himself has been happily married since 1867. He has three children, and seven grandchildren, most of whom dropped into his courtroom to congratulate him.

Adolph Menjou World's Best Dressed Man

HOLLYWOOD, Calif., Dec. 5 — Haberdashers here shook their heads in dismay today over a list of best-dressed men as compiled by New York clothiers.

Only one actor, Fred Astaire, was selected—a shock to filmland's designers and tailors. He received only a passing mention from the local judges who listed their own selections—all from the motion picture industry.

Adolf Menjou was not on the New York list—another shock. The actor, the home town clothiers insisted, was not only the best-dressed man in United States but in the world at large.

They rated him as No. 1, followed by William Powell, Warren William, Gilbert Roland, Herbert Marshall, Gary Cooper, and Robert Montgomery, actors; Cedric Gibbons, Howard Hawks and Victor Fleming, directors; and Samuel Goldwyn, producer.

As a class, business men were ranked above all others by the New Yorkers in the matter of sartorial attainments.

"Too stiff, too studied, too little ease," countered the movie wardrobe specialists. "If they're well-dressed, they're too formal; and if they're at ease, they're not well-dressed."
