CHARLOTTETOWN AND QUEEN'S COUNTY

It pays to buy in this province.

A lady's mink throw was lost in the city recently, as will be seen by classified column.

Mrs. M. C. McGowan, Whim Road Cross, returned from Boston and St. John, where she has attended the millinery openings.

The President and members of the Ladies' Aid Society in connection with the P. E. Island Hospital, desire to express their sincere thanks to the young ladies who so willingly and courageously took up the work of selling flags on Flag Day (April 15th) in aid of the P. E. Island Hospital, and can assure them that their efforts have been greatly appreciated.

Rev. R. G. Strathie received a telegram yesterday informing him of the sudden death of his father, John Strathie, in St. John's, Newfoundland. Mr. Strathie has lived most of his life in Harbor Grace, but for some years past he had made his home with a daughter, Mrs. R. M. Hall, St. John's. Other than Rev. R. G. Strathie, the pastor of Zion Church in this city, Mr. Strathie leaves three other sons, one in St. John's, one in Washington, and one in Dawson, and three daughters, Mrs. R. M. Hall, above mentioned, Mrs. H. J. Watts and Mrs. Donald Morrison, all living in St. John's. The Guardian extends sympathy to the relatives of the deceased in their unexpected bereavement.

The Annual Tea and Sale held by the ladies of St. James Church yesterday was one of the most successful of the many grand teas that congregation has yet prepared. The tables were most beautifully supplied with a great variety of eatables and seasonable delicacies were in abundance. The tables were elegantly decorated and the young ladies who attended to the wants of the unusually large number who patronized the teas were most diligent in their efforts. The tea and sale was an unqualified success from every point of view. Financially it was especially so; a sum in the vicinity of \$400 being realized. The ladies are deserving of hearty commendation for their energy and zeal; while they must feel that their endeavors have been amply rewarded if they alone consider the financial success attained.

Spring's Sarsaparilla purifies the blood, arouses torpid liver, drives out all impurities, cleanses and tones up the system and helps nature throw off the dullness that comes from indoor life of winter. It arouses energy, brightens the eye, clears the brain and gives lightness to the step. Price \$1 a bottle. The MacKintosh Drug Co., Cor. Gt. Geo. & Kt. Sts. art.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont. found, is to purify the blood. He writes:

"For some time I had been in a low depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.

THE GERMANS AND THEIR BEER.

MUNICH, April 20—Serving short measure in beer, and deception of the public by filling "steins" with froth, has just been judged an offense punishable by imprisonment, by the Criminal Court.

I consider MINARD'S LINIMENT the BEST Liniment in use. I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT, and it was as well as ever next day.

Sovereign Cashmere Hose with linen splicing, wear the best.

T. G. McMULLEN.

Henry Gotell, Georgetown, will be on Market Square tomorrow with fresh herring.

The summer time table of the P. E. Island Railway goes into effect on Monday, April 24th.

Mrs. J. D. Webster, City, leaves this morning on the Earl Grey on a short visit to Boston with friends there.

L. Dystant, Ellerslie, came to the city yesterday and leaves this morning on the Earl Grey for Picton, en route to Boston, New York and other American cities on a business trip. He will be absent about a month.

The following were registered at the Revere Hotel yesterday: Ephraim Phillips, Tyne Valley; H. Currie, Peake's Station; Arthur Coffin, Mt. Stewart; D. McLeod, Hunter River; John Fraser, Avondale; G. R. Smith, New Glasgow; F. G. Lang, Trigon; C. J. Murphy, Sydney.

BOWLING

Prowse Bros went down to defeat before the 4th Regiment team last night in the Arena Alleys, the result being a majority of 100 for the latter.

The game was an interesting one and much concern was evidenced in the outcome. The top notcher in the aggregate score was L. B. Smith of the Fourth Regiment who put on the neat figure 545, an average of 181 2-3. Jack McKay of the 4th Regiment made the highest individual score 205.

For Prowse Bros, C. Burns made the highest individual score, 193, while G. Prowse carried off the honors in the aggregate, rolling 476.

The Arena games are rolled strictly according to regulations, that is to say the teams use two alleys and each player runs off each frame alternately on each alley, five frames on one alley and five on another in each game. By this method each team bowls exactly the same number of balls on one alley as they do on another and are on perfectly equal footing with their competitors in this respect.

The following are the scores:—

PROWSE BROS.

Name	1	2	3	ttl.
G. Prowse	128	175	173	476
L. Brown	130	160	162	452
C. Acorn	91	175	141	407
C. Burns	129	133	192	455
W. B. Prowse	165	136	167	468
Total				2258

G. Williams	149	139	135	423
Total				2358

Majority for 4th Regt.—100.

STORMY SESSION IN SUPPLY

(Continued from page 1.)

Prince County as against \$1,000 for Kings was because the show in Prince was on a larger scale than in Kings.

EVENING SESSION.

The House resumed its sitting at 8.30 o'clock and immediately resolved itself into Committee of Supply.

HON. MR. RICHARDS explained that the reason the report of the last exhibition was not in its usual place in his report was that the greater part of the report was in type before this statement was available.

MR. MATHIESON claimed that King's County should this year receive a special grant for a seed fair in addition to \$1,000 for the exhibition. The seed fair of last year was very successful, but the accommodation was not sufficient. He did not object at all to what Prince County had received.

HON. MR. RICHARDS said no additional grant had yet been asked for, if it were asked for no doubt the request would be considered.

HON. MR. MCINNIS said that with a seed fair and a poultry show, he would take care to look out for the rights of King's County.

MR. DELANEY wanted a larger grant for the Pigment Bay fair so that the prize list could be extended. He did not think highly of the side shows at the exhibitions. This feature was further jocularly discussed by Mr. McNeill, Mr. McInnis and others.

MR. DOBIE said many were of the opinion that it would be better to have the horse races on other days than those of the exhibition. He was not opposed to racing but thought it detracted attention from the principal object of exhibitions.

DR. WARBURTON favored the creation of a special breed of cart horses that he knew as the Island breed. He showed how this could be done and that it would be in the interest of the Province and of stock-breeding generally. It would take some years, but could be done by united effort.

MR. MATHIESON thought this a good idea but that it would need a good stock farm to bring it about.

HON. MR. RICHARDS agreed that a special Island type would be of value, but there were great difficulties in the way of bringing it about.

MR. MATHIESON explained in this line had been done in the Province of Quebec where a special selection of mares of one type had been

MARRIED

CLOW-FANNING—At the home of the bride's parents, Mr. and Mrs. Nehemiah Fanning, city, by Rev. J. L. Fash, M.A., B.D., April 19, 1911, Herbert Marshfield Clow, Tracadie, P. E. I., and Gladys Fanning, city.

ANNOUNCEMENTS

Empire Lodge, Daughters and Maids of England, meet tonight in the S. O. E. Hall, at eight o'clock. Intation.

made and the offspring were registered. The item then passed.

On the item of Elections, \$250, Mr. Dewar brought up the Cardigan election and affirmed that he had not put out a dollar bill or a glass of whiskey. No such bills had ever been presented to him. He had paid all the legitimate expenses. The item passed.

Hospital for the Insane \$41,500 came next. This includes \$34,000 for maintenance, \$6,000 for repairs and \$1500 for the Superintendent's salary. The Premier said that as far as could be the repairs were done by tender. The Commissioner of Public Works explained that the lowest tender received for shingles was \$7.75 and being too high they were obtained otherwise for \$7.25.

MR. MATHIESON praised the good work of Dr. Goodwill but directed attention to the increase in cost which had run up from \$17,000 to \$41,000 in a comparatively few years.

THE PREMIER claimed that the controllable expenditure was kept as low as possible. Repairs on a large building must cost largely. The attendants had to be increased in number, had to be paid more than formerly, and even now threatened occasionally to go on strike in a body. The cost of living had increased at least 33 per cent in 20 years. The expenditure per head was \$2.80 per week per head as compared with various other places which ranged from \$3 to \$4.50 per head in Canada, up to over \$5 per week per head in the United States. He thought patients here got better treatment than in any other asylum in Canada.

The estimate was further discussed by Mr. Mathieson who claimed that the average cost per week is \$2.99 per head. Among the "leaks" was the \$50 for the one visit made to the Asylum by the Commissioner of Public Works, as shown by a return before the House.

MR. KENNEDY, Kensington, believed that there could be 25 per cent saved on 50 per cent of the goods supplied to the Asylum, much of which is supplied without tender. He specially criticized the coal account.

MR. COX claimed that the low cost of maintenance per head went to disprove Mr. Kennedy's contention.

A scene occurred over an account for coal supplied by Joseph Reed, in which it appeared that he had received \$97 more than he had drawn upon the department for.

THE PREMIER claimed that the payment included \$97 for coal supplied for the court house as appeared from a memorandum on the back of the cheque.

MR. KENNEDY claimed that no such memorandum was on the cheque when he had it before him during the day.

THE PREMIER—That statement is not true!

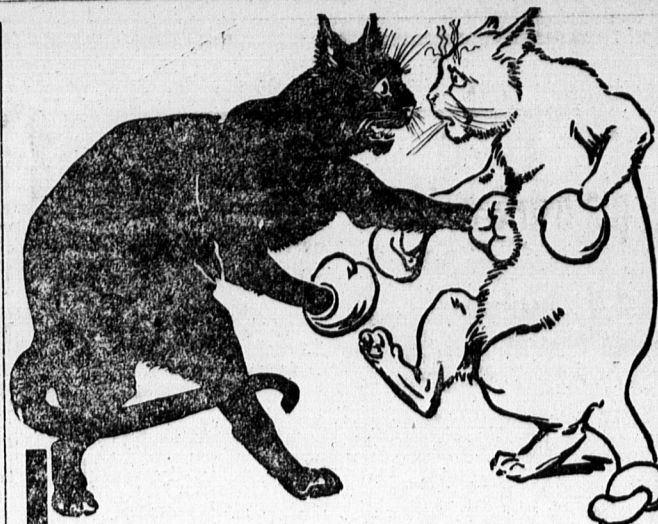

MR. MATHIESON called upon the chairman to take down the words.

Some confusion followed, three or four members rising to speak at once. Mr. Kennedy insisted that there were figures now on the back of the cheque which were not on it in the morning. Then there were disputes as to what the Premier had said and what other members had said. The Premier claimed that the figures on the back of the cheque had been placed there by the bank clerk. A long altercation followed in which some members sought to bring about a conciliation but in vain.

HON. MR. CUMBERLEY at 11:25 moved the adjournment of the debate. This was opposed to by the Opposition, the feeling on both sides being that no further business could be done. The committee then rose.

MR. MATHIESON called the Speaker's attention to the fact that certain words had been used by the Premier charging a member with making a statement which was untrue.

THE PREMIER made a statement on his part and the House adjourned till 10 o'clock tomorrow.

THE HOUSEWIFE'S MONDAY MORNING PROBLEM

PROBLEM is the correct word—for back of the soap you use on wash-day lies a nice little problem in mental arithmetic.

One part of the problem deals with just a little bar of soap—a mere 5 cents; the other part affects the value of the clothes you put into your tubs.

There are lots of soaps you can buy at 5 cents a bar—but if the soap spoils the fabric, not one of them will replace your clothes. Even Sunlight Soap could not do that.

But Sunlight Soap will never spoil a single garment for you.

Sunlight Soap is pure soap—pure fats and vegetable oils scientifically combined in correct proportions—and with all free alkali driven out. There are no injurious chemicals used in Sunlight Soap—we will pay \$5,000 to anyone finding adulterants of any kind in it.

Sunlight Soap, having no foreign ingredients in its composition, washes as readily in hard water as in soft, as freely in lukewarm water as in hot, and releases the dirt from clothes without any rubbing to wear them out.

Use Sunlight Soap according to directions—try it just once—and convince yourself that it will do twice as much as other soaps.
