## WIDESPREAD DISORDERS IN CUBA

### League Assembly Awaits German Sanction Of Plan

#### German Representatives Leave Session To Confer With Hitler On French "As You Were" Proposal

(Canadian Press Cable)  
GENEVA, Sept. 29.—"Crisis" was word shunned tonight by the world statesmen here for the League assembly and next month's disarmament conference, with the exception of one of the British delegates. But Baron Konstantin Von Neurath and Dr. Joseph Goebbels, respectively Foreign Minister and Propaganda Minister of Germany, were speeding to Berlin to lay the disarmament proposals before Adolf Hitler, and on the reply they will bring back to Geneva early next week may well depend the success or failure of the past few weeks' feverish efforts to prepare the way for a stand-still period in armaments.

period of "as you were" in armaments and at the end of that time, provided all the participants keep the terms of the truce, she would reopen the entire armaments question, with efforts towards concrete reduction in land and air forces. The German delegates received this non-committally but as they left tonight there was a noticeable stiffening in German circles here. On top of numerous German declarations that the crying need is disarmament by others there are stout representations that Germany must be accorded equality in arms.

France, through Joseph Paul-Boncour, her Foreign Minister, has already told Germany that she cannot agree to any re-armament. But Von Neurath told German

### STRIKERS AND EMPLOYERS DEADLOCKED

#### Little Change in Stratford Situation As Employers Cease Negotiations.

(By Jack Hambleton, Canadian Press Staff Writer)  
STRATFORD, Ont., Sept. 29.—Negotiations between 800 strikers and their Stratford employers were ended abruptly today as efforts to reach wage and other agreements came to an apparent deadlock. Executives of the Swift Canadian Company whose 100 odd employees struck for an increase of one cent in piece-work pay for plucking chickens closed their plant, temporarily at least. Officials of six furniture factories which employ normally about 700 workers refused definitely to negotiate further with representatives of the furniture and chest-of-drawers workers' industrial union on the ground "its organization was inspired by the Workers Unity League, an organization they claim is the Canadian branch of the Red International of Labor Unions with headquarters in Moscow.

### Joint Statement

At the end of a long meeting with Hon. J. D. Monteth, Ontario Minister of Labor, the six furniture factories handed out a joint statement that said among other things: "It has been decided to cease all negotiations with the Union and to withdraw the concessions offered to the organization." It added, however, "the plants will be reopened as soon as a sufficient number of employees express the desire to work under the wage agreements set forth." This, it was explained, meant employees would be rehired at rates of pay prevailing

### Fear Youth Is Drowned

(Canadian Press)  
CLEMONTVILLE, N. S., Sept. 29.—Preparations were forward tonight to drag nearby Beeler's Lake for the body of Frank Grant, missing since he left his home here last Saturday to visit his barn. Since then, search through the surrounding wooded country has been without result. Relatives fear misfortune has overtaken the Clementsville farmer.

### Railway Leaders Given Power To Call Strike

(Canadian Press)  
MONTREAL, Sept. 29.—With their hands strengthened by a vote among about 30,000 members in favor of a strike, leaders of the Railway Running Trades tonight were considering the next step in their fight against a second 10 percent cut in basic wage rates. Since the tabulation of the vote was completed yesterday the 21 vice-presidents and five Union general chairmen have been in conference behind closed doors. Announcement of the result of the strike ballot was made today after the railways were first notified of a few minutes after deciding a transfusion from regularly listed donors of blood could not be performed in time.

### Doctor Uses Own Blood In Emergency Case

(Associated Press)  
OAKLAND, Calif., Sept. 29.—Disclosure that Dr. William Mills, Oakland physician, opened an artery in his left arm with his own scalpel, gave an emergency blood transfusion to Mrs. Johnny Vergez, wife of the third baseman of the New York Giants, and then directed an operation to save his patient's life was made here today. Dr. Mills declined to talk about the matter, but it was learned that he carried out the undertaking in a few minutes after deciding a transfusion from regularly listed donors of blood could not be performed in time. The operation took place last Sunday. Dr. Mills examined Mrs. Vergez and announced a transfusion was imperative. A nurse started to call for blood donors. "Can't wait," said Dr. Mills. "This must be done at once."

### Russia Resents Japanese Action

#### Plan To Seize Chinese Eastern Railway Is Claim.

(Canadian Press)  
NEW GLASGOW, N. S., Sept. 29.—Fred Locke was shot today as he worked on a high scaffold. Tonight, police arrested Courtenay Jones in connection with the shooting—and charged him with violating the Migratory Birds Act. It turned out he had been shooting at a duck when he brought down quarry of another sort. So the police charged him with shooting out of season. Locke was not seriously injured.

### APPROVES DEFLATION MEASURES

(Associated Press)  
PARIS, Sept. 29.—The proposed deflation measures of Premier Edouard Daladier, designed to prevent currency fluctuation and to safeguard the franc, were understood to have been tentatively approved at a cabinet meeting today. The measures were outlined by Georges Bonnet, Minister of Finance, and Lucien Lamoureux, Budget Director. The Premier himself had planned to present the measures to the cabinet, but devoted his time to discussing disarmament. The cabinet thereafter decided to delay any disarmament decision until the return to Geneva of Baron Konstantin Von Neurath, German Foreign Minister, who has gone to Berlin to learn the German view. The Ministers were expected to include the Premier's plan with provisions for 3,000,000,000 to 4,000,000,000 francs in public works for the relief of unemployment in a budget-balancing bill. The bill will be decided in detail later.

### Miners' Payroll Reflects Boom Era Of 1929

(Canadian Press)  
SYDNEY, N. S., Sept. 29.—The largest payroll since the peak production year of 1929 will be distributed tomorrow among Cape Breton miners. Dominion Coal Company employees will receive \$165,000, and another \$25,000 will go to Nova Scotia Steel and Coal Company colliers. Mines of the two Dominion Steel and Coal Corporation subsidiaries have been working near capacity for the last few weeks. Combined payrolls for last week totalled \$180,000.

### Labor President Makes Appeal

(By James P. Selva Associated Press Staff Writer)  
WASHINGTON, Sept. 29.—With the NRA confronted by a demand for the Aluminum Company of America for lower wages than it is now paying, William Green, President of the American Federation of Labor, today issued a new appeal for shortened working hours in all industry. Meanwhile, Hugh S. Johnson, the administrator, still was at Walter Reed Hospital convalescing from an operation for an infection. He received visits from several of his staff members and dictated to a stenographer. Officials expected him back at his desk Monday.

### CONFESSES TO FIRING OF REICHSTAG

#### Marinus Van Der Lubbe, Describes His Part in Setting Fire to Building.

(By W. E. Brockman, Associated Press Staff Writer)  
LEIPZIG, Germany, Sept. 29.—A reluctant admission that he had set fire to the Reichstag building last February, ripped apart even his coat and shirt to serve as tinder, was drawn today from Marinus Van Der Lubbe as he stood, stoop-shouldered with downcast eyes, before the Supreme Court. Presiding Judge Buenger, reading an earlier confession, suddenly demanded:

Admits Crime  
"Do you admit setting fire yourself to the Reichstag?"  
"Yes," the Dutchman replied, almost inaudibly.  
Later Van Der Lubbe said, "I had no intention of so doing when

### STEEL WORKERS PRISONERS IN FACTORY

#### Striking Coal Miners in Pennsylvania Besiege Carnegie Plant.

(By L. R. Ingren Associated Press Staff Writer)  
CLAIRTON, Pa., Sept. 29.—Eighteen hundred steel workers slept on improvised beds in the giant by-product plant of the Carnegie Steel Company tonight while twice their number of belligerent coal miners jeered and shouted out side for them to join in a sympathetic strike. Company officials ordered cots and mattresses hustled in during the day while the miners were storming the entrance, making it unnecessary for their men to go home through the milling crowd of coal diggers outside. Only two workers left the mill at 4 o'clock this afternoon, regular hour for changing shifts, while the

### Seaman Is Electrocuted

(Canadian Press)  
PORT WILLIAMS, N. S., Sept. 29.—Verdict of accidental electrocution was returned tonight by a coroner's jury investigating the death of Peter Knudsen, a sailor on the Danish steamer Cordelia Maersk. The seaman was killed when he contacted an electric light wire while handling a trouble lamp on the ship. The accident occurred as he was cleaning a boiler while the steamer was being loaded with apples.

### River Reaches Flood Stage

(Associated Press)  
TAMPICO, Mexico, Sept. 29.—Floods-swollen waters of the Panuco River swept again over the city today, vastly complicating relief work and threatening new peril to thousands made destitute by Sunday's hurricane. Heavy rains in the interior have caused both the Panuco and the Tames to reach flood stage, and the national weather observatory warned that tropical disturbances might continue until October 10.

### Desperadoes Still At Large As Sheriff Is Found

(A.P.)  
GARY, Ind., Sept. 29.—(A.P.)—Sheriff Charles Neel of Corydon, Ind., kidnapped as 10 desperadoes made a successful break from the Indian State Prison at Michigan City Tuesday, was freed at three a. m. today half way between Valparaiso and Gary. Police Captain Matt Leach, directing the search for the Sheriff by the Indian State Highway Police, said Neel was too nervous to tell anything of his experience. He mumbled incoherently but outside of nervous strain apparently was all right, Leach said.

### Communist Dispersed Under Heavy Firing

#### Four Killed, Undetermined Number Injured As Army Forces And Communists Clash.

(By John P. McKnight, Associated Press Staff Writer)  
HAVANA, Sept. 29.—Widespread and heavy firing throughout Havana late today that started when the army set out to disperse thousands of Communist demonstrators resulted, according to a preliminary check, in the killing of four persons and the wounding of an undetermined number. The clatter of machine guns and the firing of rifles and pistols reduced uptown Havana to a scene of the wildest disorders as students and ABC radical members joined the heaviest army forces ever to patrol Havana streets. The early outbreaks of shooting centered along Reina Street, where Communists were reported to have sniped at the soldiers from the top of the Anti-Imperialist League headquarters at Reina and Gervasio Streets.

### Disorders Again Flare In Eastern Penitentiary

(Philadelphia, Sept. 29.—(G.P.)—Disorders flared anew tonight behind the 103 year old walls of the eastern penitentiary, scene of recent rioting among the 1,492 "long term" convicts. Fierce fights among the felon broke out during the late recreation period. The convicts were herded back to their cells almost immediately, but later started burning mattresses and yelling like madmen. The uproar could be heard for blocks. Large throngs began gathering outside the prison, attracted by the clamor and confusion.

### The Weather, Etc

Moderate westerly winds; partly cloudy with much the same temperature; probably a few scattered showers.

### Kind Act Not Appreciated

(Canadian Press)  
TRURO, N. S., Sept. 29.—Young Sherburne McCurdy isn't such a strong believer now in this kindness to animals business. He bent down to pat a strange dog on the head; the animal reciprocated by doing his best to take a chunk of flesh out of the boy's leg. They patched Sherburne up with 15 stitches.

### Fleeing Convicts Release Sheriff Unharmed In Wood

(A.P.)  
GARY, Ind., Sept. 29.—(A.P.)—Sheriff Charles Neel of Corydon, Ind., kidnapped as 10 desperadoes made a successful break from the Indian State Prison at Michigan City Tuesday, was freed at three a. m. today half way between Valparaiso and Gary. Police Captain Matt Leach, directing the search for the Sheriff by the Indian State Highway Police, said Neel was too nervous to tell anything of his experience. He mumbled incoherently but outside of nervous strain apparently was all right, Leach said.

### Succumbs To Carbon Monoxide

(Canadian Press)  
DEER ISLAND, N. B., Sept. 29.—Ronald Pendleton, 27, Lambertville, engineer of a sardine motor sloop commanded by his uncle, Councillor Roy Pendleton, succumbed this afternoon to carbon monoxide gas while in the engine room of the boat, on its way from Lord's Cove to Lubec, Me., with a cargo of sardine herring for a packing plant at Lubec.

### Verdict Reached

(A.P.)  
OKLAHOMA CITY, Sept. 29.—(A.P.)—A verdict was reported reached shortly before 9 p. m. tonight in the Charles F. Urschel kidnapping trial. It will not be returned until morning. The report, which came from the hotel where the jury is quartered, could not be confirmed officially.

### HOURS IN WOODS

Neel had spent hours in woods not far from Gary and finally made his way into the City. Leach said the sheriff was unable to tell as yet how many men were in the car from which he was ousted, or which direction the men fled.

Meteorological Office, Toronto, Sept. 29.—Minimum and maximum temperatures: Dawson 32-49, Aklayuk 34-33, Vancouver 49-66, Victoria 56-54, Edmonton 38-56, Calgary 38-44, Regina 44-63, Brandon 36-52, Winnipeg 38-52, London 44-64, Toronto 48-64, Ottawa 34-54, Montreal 50-60, Quebec 50-60, Saint John's 50-60, Halifax 50-60, Charlottetown 52-60.

### CAR FERRY SCHEDULE

Week days—Leaving Borden 9 a. m.; 1 p. m. (Extra); 5:15 p. m. (Extra). Leaving Cape Tormentine 10:30 a. m. (Extra); 2:55 p. m.; 5 p. m.
