COURT OF APPEAL IN EQUITY

Important Judgments Delivered—The Johnston's River School Case—Judgment in Favour of Trustees

The Court of Appeal in Equity opened yesterday morning before the Chief Justice, the Master of the Rolls, and the Vice-Chancellor, in order to render decisions in two cases standing for judgment. One appeal was from a decision of the Vice-Chancellor, rendered in an action instituted in the Court of Chancery by McLeod, assignee of Patrick Kelly against George Wightman to set aside certain securities as having been given while Kelly was in insolvent circumstances. The Vice-Chancellor sustained the bill of complaint, and from his decision Wightman appealed. The appeal was heard on the 30th April last, before the Master of the Rolls and the Vice-Chancellor (the Chief Justice taking no part) and yesterday judgment was delivered dismissing the appeal with costs.

Stewart K. C. and Inman for the appellants; Morson, K. C., and McLeod for the respondent.

The Johnston River School case. This was an action commenced by a Bill of Complaint filed in the Vice-Chancellor's Court by Peter Cummiskey, Charles McCarthy, Thomas B. Beagan, Malcolm McDonald, George Boland and Henry Wood; respondents of the Johnston's River School District against John W. Ryan, Augustine Walker and John McDonald, trustees of that district, alleging that Walker and Ryan had contrary to a resolution of the school district, commenced the erection of a new school building on a new site instead of on the site of the old school house and claiming an injunction. The Vice-Chancellor granted the injunction asked for. Walker and Ryan appealed from the decision, and the appeal was argued before the Chief Justice, the Master of the Rolls and the Vice-Chancellor on the 15th, 16th, and 17th of May last; by J. J. Johnston on behalf of the appellants; Ryan and Walker and by Mr. Morson, K. C., on behalf of the respondents. Judgment was delivered yesterday, allowing the appeal, and dissolving the injunction, and ordering that the Bill of Complaint, filed by Cummiskey, McCarthy, Beagan, McDonald, Boland, and Wood, before the Vice-Chancellor be dismissed, and that they pay the costs of both the appeal to the Court of Appeal in Equity and of the Bill of Complaint in the Vice-Chancellor's Court. The Chief Justice stated that written reasons for the decision would be filed later on with the Registrar of the Court, as owing to the importance of the case the judges did not desire to delay the judgment by waiting to reduce to writing their reasons for the conclusions reached.

Johnston for the Appellants, Ryan and Walker, Morson, K. C. and Ings for respondents, Cummiskey and others.

ROJESTVENSKY NOW INDICTED

By Naval Court of Inquiry for Cowardice Along with Captain of a Destroyer Who Surrendered—Will be Tried July 4 and Penalty is Death.

St. PETERSBURG, June 7.—(Special)—The Naval Court of Inquiry has presented an indictment against Vice Admiral Rojestvensky who commanded the Russian fleet at the battle of the Sea of Japan, and the officers of the torpedo boat destroyer Bedovi for surrendering to the enemy after the battle. The indictment is a crushing arraignment of the demoralization and cowardice of the officers, contrasting their conduct with that of the officers of the torpedo boat Grosny which in practically the same position as the Bedovi, engaged and sank a Japanese torpedo boat. The trial of the indicted officers has fixed for July 4th and the penalty is death if found guilty.

Sore Muscles. Prominent athletes throughout the country find that the best treatment for sore muscles after severe exercise or hard work of any kind, is a hot bath at bed time, which opens the pores. This should immediately be followed with an application of Chamberlain's Pain Balm vigorously rubbed into the skin. This liniment removes all stiffness and soreness and has become a favorite rub down, as it acts promptly and keeps the muscles in excellent condition. For sale by all druggists.

The Turner-Weaver-Blair Concert trio was greeted last evening in the Opera House by a rather small but appreciative audience, which left after the concert, well satisfied with their entertainment. They had listened to a rare combination of musical and literary ability, and those who missed the performance may well regret it. Miss Turner, violinist, captivated her audience from the start, and all her numbers were enthusiastically received. For her age Miss Turner's performance was wonderful, as she displayed a breadth of tone and a skilled technique that only years of study, combined with natural ability could accomplish. As an encore to her last number Miss Turner played a serenade composed by Henri Barn, of Detroit, with whom she studied, and dedicated to herself. Miss Weaver, vocalist and entertainer, treated her audience to a varied selection, taking them from the plaintive Indian story The Pilot of the Plains to the laughable tale of Larry O'Dee's Courtship. In her vocal solos Miss Weaver displayed a well trained contralto voice of sympathy and good range. Miss Blair, pianist played her solos brilliantly, and with spirit, and her second number, Military March, by Schubert-Tausig, received a very enthusiastic encore. In her accompaniments she followed throughout the sentiment and expression of her respective solos. To-night the Weaver-Turner-Blair Trio will give a complete change of program, and it is to be hoped that the music lovers of Charlottetown will avail themselves of this chance to hear the splendid music!

How to Break up a Cold. It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. To do this, however, prompt action is necessary. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. NEWSPAPER MAN AT BAR OF HOUSE

Makes Sport for Members and Spectators—At Second Question He Gets discharge for a Week to Consult Council—A Farce at which Everybody Laughed.

OTTAWA, June 7.—(Special)—The fourth estate and the third estate met in conflict in Parliament today when E. E. CinqMars, correspondent of La Presse, was summoned before the bar of the House at the instance of Hon. George E. Foster.

After the engagement which convulsed the House and galleries with laughter the newspaper man retired victorious.

Though the ceremony was carried through with traditional staidness, the attitude of the house turned the whole affair to farce.

Even Mr. Borden refused to take it seriously and every body but Foster roared with laughter.

The objectionable article was read in French, after the correspondent, immaculately dressed and accompanied by the Sergeant at Arms appeared at the Bar. A demand was made for an English

translation but none was available and Sir Wilfrid Laurier moved that the second reading in English be postponed.

Then Mr. Foster moved that the question be put: "what is your name and occupation?"

"This was carried, read by the Speaker to the Clerk, who in turn propounded it to the prisoners.

The second question asked was: "If the gentleman at the bar was the correspondent of La Presse?"

This was put in similar form. CinqMars refused to answer till he had consulted counsel and asked for one week's adjournment for that purpose.

Mr. Borden said this was perfectly right and Sir Wilfrid Laurier moved that the gentleman at the bar be discharged and ordered to appear in a week.

This was carried and the first scene ended hilariously.

MAN EATING RATS OVERRUN A COUNTY

LITTLE ROCK, Ark., June 5.—Washington county is overrun by rats. They are killing chickens by the hundred and are attacking stock. In some instances their assaults have proved fatal. The towns are overrun by the rodents, but the greatest injury inflicted by them is in the country. It is not uncommon for a farmer to discover in the morning the dead

bodies of a dozen or more chickens. On the farm of William Dowell a yearling got its head caught one night recently in a fence, so that it could not extricate itself. The following morning it was found with its ears gnawed off by rats. T. C. Button, a stock raiser in Washington county, reports the loss of two yearlings by the rat pest.

Thursday night the Springfield Cornet Band received their new uniforms and left them over night on a table in a room where they met for practice. The following morning they found the uniforms torn into shreds by the rats.

Henry Blotow, a stock raiser, living twenty miles west of Viney Grove, has had twenty sheep killed by the rats during the last week. The rats ate only portions of the carcasses, never molesting the bodies after the first night the sheep were killed.
