### Abnormal Eyes Try To See Normally

We ask you in this article to believe that if imperfect eyes did not attempt to overcome their defects no discomfort to the person would arise. This attempt of abnormal eyes to see normally results in strained eyes, with many detrimental results. That fact should be remembered by every reader of these articles.

### HEADACHE SUFFERERS

How Many of the Ordinary Tablets do You Take to Relieve a Headache or a Pain?

Some take as many as six tablets at a time; there are cases where as many as a dozen tablets are taken to relieve a headache or a pain. It is not necessary to take that many if you take the better tablets. Why not use ASCO tablets? ASCO tablets are only double in size but are many times more effective than the ordinary five grain tablets. All you need is one or two ASCO tablets to relieve the most violent Headache, racking Neuralgia, Rheumatic and other pains, including periodic pains; just one or two ASCO's—that's all you need. You will find ASCO tablets amazingly better—quick and safe—no harmful or habit forming drugs, does not produce gas on stomach as the others do.

If you are a user of headache or pain tablets—switch to ASCO. These tablets will help where others fail, because every safe pain-soothing and pain removing ingredient known to modern science is in them.

ASCO tablets are for sale by all reliable druggists and dealers in Red, White and Blue boxes also in trial packets. Be sure to get the genuine ASCO, each tablet is stamped A-S-C-O.
