Sam Anderson, middleweight grappler de luxe, is coming to the maritime provinces again. Sam is a real high-brow these days, putting Harvard students through their mat stunts. He is being brought to Moncton to meet John Kilonis, the Greek middleweight champ—and whether they are banking on it or not, the railway city bugs are going to see some "go." These two men have met before, the last time on a Boston mat. They are top notchers, the middle class holds none better, that is, wrestlers who can make 158, and do it without impairing their strength and general all round ability. Kilonis has improved wonderfully in the past couple of years—and, incidentally, why can't Halifax see a bout between these two? There is nothing of the Jim Smart—George Nedeft type about these men, but a pair of the best, capable of pinning anything that can make 158 pounds.

Halifax Exc.—The above wrestlers are known in Charlottetown.

If every woman who has been benefited by Wyeth's Sage and Sulphur would tell her friends what it has done for her it would be even in greater demand than it is. But a woman is perfectly right not to tell her little beauty secrets. However if you will accept our recommendation you will not be disappointed. It is the best Hair Restorer we know of. 50c bottle.
