Was Trouble With His Heart Had to Give Up Work

When the heart begins to beat irregularly, palpitates and throbs, skips beats, and sometimes seems almost stop, it causes great anxiety and alarm. Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through this unnatural action of the heart.

To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.
Mr. Alfred Male, Elmda, Ont., writes: "I was troubled with my heart for two or three years. I thought sometimes that I would die. I went to the doctor, and he said he could not do anything for me. I had to give up work. My wife persuaded me to try Milburn's Heart and Nerve Pills. The first box relieved me, so I kept on until I had taken seven boxes, and they cured me. I would not be without them on any account, as they are worth their weight in gold. I advise my friends and neighbours who are troubled with heart or nerve trouble to try them."
Milburn's Heart and Nerve Pills are 50 cents a box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto Ont.

The Abbies and the Vics met on the baseball diamond at Victoria Park, last evening and gave the large number of fans and rooters something to think about in the baseball line. Both teams put up a splendid game, and when the fourth innings was reached the score was 4-1 for the Abbies.

At this point of the game Mr. Vic Saunders, Captain of the Abbies, who at the time was playing second base, met with a regrettable accident. Mr. Jack Purcell, running from left to right, slid to reach the bag and struck Saunders on the left leg breaking it above the ankle. Saunders had straddled the base in preparing to catch the ball and the cleats on his shoes slid into the ground kept his leg firm so that when Purcell struck him the leg could not give but snapped off. Medical aid was summoned and in the meantime Mr. Riley of the Y. M. C. A. rendered first aid, bandaging the leg with handkerchiefs and splints. Dr. Yeo reached the grounds first and shortly after the ambulance came and Saunders was conveyed to his home. It was decided not to continue the game, which was then called off. Mr. Jack Sweeney acted as umpire and Mr. Frank McCarey was judge of bases.

SAW POLAR STAR GOING DOWN

(Continued from page one)
Messrs. Lyons & Co., and was bringing a cargo of 105 tons of coal for her owners. It is considered that she and her cargo are a total loss. The vessel was partly covered by insurance, but the coal was not insured. That it is not thought likely that salvage operations would be successful, is due to the fact that the schooner, though she is lying in only about seven to eight fathoms of water, is wrecked at a spot where it is nearly always rough and dangerous.

A DANGER TO NAVIGATION

Yesterday afternoon, the Marine Department sent out the tug Amherst (Capt. William Batt) towing the lifeboat in order to ascertain the position of the wreck and to make a search for the bodies of the men who were drowned. The Amherst was engaged for this purpose on account of the Government boat, the Brant, being at present "employed" in light-house work. The Amherst went out to the scene of the wreck, which there was no difficulty in finding, as the mast of the submerged Polar Star stick about 15 feet out of the water. The tug and the lifeboat made a complete circle of the wreck, but discovered no floating wreckage or anything of the bodies of the deceased. It was discovered that the schooner is lying right in the harbour track, and therefore in a position which renders a danger to navigation, especially so in cases of strange vessels entering the harbour at night. This necessitates steps being taken at once for either her removal or destruction, in order to avoid what seems to be the imminent risk of some other vessel being wrecked on her. She lies in the water with all her sails set, though some of the rigging has been loosened by the action of wind and water.
