

Railroad Kidney.

Every man or woman who travels on the cars, either steam or electric, is pretty sure in time, to be troubled with kidney disorders. The constant jarring is what does it. Engineers and trainmen generally are especially liable, and many of them now carry

DOAN'S KIDNEY PILLS

with them, knowing that it is only by these conquerors of kidney ills that they can find relief. Backache is the first indication of trouble. Urinary Disorders, Diabetes, even Bright's Disease, follow unless the remedy is used promptly. Mr. J. L. MALANSON, an Intercolonial R.R. employee, residing on Robinson St., Moncton, N.B., says: "My trouble arose from a strain, and I have ever since been bothered with a pain in the small of my back extending to my loins. I am glad to testify to the effectiveness of Doan's Kidney Pills, for before I took them I could not stoop to lace my shoes, so intense was the pain and stiffness. I am now quite supple and consider Doan's Kidney Pills have cured me completely."

BAZAAR OPENED

The Many Scenes In The
Store of

MESSRS J. PATON & CO.

A Few Observations Made By
a Representative as He was
Shown Through.

"Christmas Shopping," a problem that has vexed, and at the same time pleased the souls of all mankind, yes, and the souls of woman kind, is drawing very near. Take up a paper, a magazine, anywhere and almost everywhere and its "For Xmas," The caricature of Father Christmas descending in his imitatively pleasing form is the timely subject of the hour.

The person who reads the advertising columns will read "come early and avoid the rush" and "you'll get the first selection"—both timely suggestions. Then as the reader glances along the columns he will fear that if he does not energetically present himself at the store that all the "specials" will be gone. That "very fine five dollar kid for four ninety-eight" all sold.

From now until after the day kept in commemoration of the birth of our Lord every person will constitute himself a Christmas shopper and will select that he might be the better prepared to celebrate when the day dawns.

On Saturday evening the large business centre known as Jas. Paton & Co's, resounded to the tramp of the buyer. The brilliant lights, the hum of the merry voices in unison of praise blended harmoniously with the tinkle of the dainty china and pretty glassware.

Shortly before nine o'clock a GUARDIAN representative dropped in upon the brilliant scene and was met by a member of the firm and shown through the many departments of the establishment. Any person who has visited the shop before could scarcely believe it to be the same place.

The lights had been so arranged as to give a beautiful electrical effect to the whole scene and the expense incurred was certainly warranted by the pleasing result.

In the eastern window a large fleet is mobilized on a sea. Although the sea is of glass banked with evergreen the effect at the present time inspires one with loyalty to the great Empire of which we form a part. Many a boy will feel himself an admiral of no mean calibre when Santa Claus presents to him a real battleship studded with cannon.

On entering the store a large plate mirror is seen artistically draped, above which is a picture of President McKinley in the attitude of presentation to Her Majesty Queen Victoria. The picture is entwined with the Union Jack and the Stars and Stripes, emblematic of the Anglo American Alliance.

The booths have apparently transformed the store into bowers of beauty and converted the place into an ideal bazaar. No design is followed in the decorations but everything is placed and scattered to make a charming unit.

The first booth on the left contains a beautiful array of baskets consisting of fancy work baskets, lunch baskets and every other conceivable kind of baskets.

In the second booth silks of delicate shades, prettily arranged with lace make a gorgeous effect.

The third booth is devoted to toilet articles, perfumes, fancy goods in fact everything required to perfect one's toilet.

Under a canopy of red white and blue shown daintily hand painted toilet articles artistically arranged in the same booth are fancy shopping bags, fancy belts, umbrellas, rings, silverware, combs in all forms and shapes for the decoration of the hair.

The apron booth combined with ladies' silk waists, ties, undergar, handker-

Where the Bazaar is Being Held.

chiefs and fancy neck wear shows that the ladies have not been forgotten.

In the centre of the store under a delicate canopy studded with tiny electric lights that seem to come from nowhere and hang in the air, the many beautiful hand painted celluloid glove boxes, handkerchief boxes, tie boxes, card boxes, innumerable little boxes adapted for receptacles of small things are displayed.

The children's department filled with what Santa Claus has left with Mr. Paton for Christmas morning is beautiful and delightful to the little ones to think that there are only twelve more days before Christmas.

The toys are beyond description. Dolls, doll carriages, doll's furniture whole express trains, and everything to furnish a doll's house in a up-to-date fashion.

Down the left aisle it will be seen that the smoker has been remembered and the ashes from his cigar can be placed on a pretty hand-painted china cigar receptacle. In this department are to be found numerous other pieces of ware just what a gentleman or lady would like.

The two booths full of fancy work are the admiration of all lovers of the artistic and beautiful.

All manner of ties are concentrated in one booth and the difficulty experienced in making a selection will be measured only by the purchaser. Suffice it to say that the selection is vast and varied.

The carpet department is simply a dream of artistic arrangement and the cheaper qualities are certainly enhanced by the arranging. A carpet sweeper—what would make a better present to tired house-wife.

Then the reporter wandered out into the street and even the stars were pale beside the brilliant scene.

BE CURED OF CATARRH.

It is quite easy to cure yourself of Catarrh or Asthma, if you use Catarrhoxone, the medicated air treatment for all diseases of the nasal and respiratory organs caused by germ life. Catarrhoxone will cure—absolutely—Catarrh, and is a very pleasant remedy that can be used without any danger or risk whatever. When inhaled it rapidly volatilizes and finds its way to the very seat of the disease, where it kills the microbic life that causes catarrh and at the same time restores all irritated membranes of their normal condition, effecting a permanent cure. You simply breathe the the; Catarrhoxone does the rest. One trial will demonstrate its worth. For sale at all druggists or by mail, price \$1.00. For trial outfit send 10c in stamps to N. C. POLSON & CO., Box 539 Kingston, On.

Worth knowing that Prowse Bros keep the best readymade clothing made in Canada.

NEW SEEDED RAISINS

We have just received our stock of Griffin and Kelly's California Seeded Raisins. They are without a doubt the best on the market. The seeds are all taken out of the Raisins by a machine, leaving the pulp all ready for use, thus saving a lot of time preparing for baking. We have also the Valencia Raisins seeded the same way. They come cheaper than the Californians.

Cleaned Currants, Sultana Raisins, Cooking Figs, etc. for Xmas baking at

Read This and Tell Your Friends.

Many dollars are spent every year in useless Xmas presents that benefit no one but the manufacturer and jobber. Why not buy useful presents! You will have an opportunity such as the people of St. John, Newfoundland had last Christmas. The Boston Optical Co's great Holiday Sale of Eye Glasses and Spectacles, Eye Glass Chains of all descriptions in gold filled and solid gold, Student's Microscopes and Scenery Spectacles is now on.

As Christmas presents for father, mother, sister, brother, son, daughter or friend, what can you give that will be more appreciated by one who is suffering from defective eyesight, head and eyeache (that medicine don't cure) than a pair of good glasses!

When YOUR EYES and your FRIENDS' EYES are fitted by our Specialist, Dr. McKay Jordan (Doctor of Optics—Fellow of Optics) you can be sure they are correctly fitted, and the recipient of such a present can never forget you as long as they wear glasses. No extra charge will be made for testing and changing the glasses to suit the wearer.

We are offering special inducements in gold frames as we buy so largely. Our goods are bought up at 5 per cent above manufacturers prices. All goods guaranteed as well as work, and our guarantee means something as 633 Islanders can testify, and our first misfit is yet to present itself, in our three months work.

Don't forget your friends and don't forget our Holiday Sale. Open evenings.
