Senator Murphy "Patrolled"

One of the most popular features in the Ottawa Journal is the sketch under the heading "On Parliament Hill," written daily for the Journal "by the Corridor Patrol." In a recent issue the Patrolman said:

"Dr. Patrick Charles Murphy, Senator from Tignish, P.E.I., is one of the tallest men in Parliament. He is a bachelor, but he has time yet to mend his ways for he is still in his forties, and a man of his fine appearance would find it not such a difficult job to inspire affection. He really has become quite a favorite amongst the parliamentarians since he came to the Senate in 1912.

"He has had a distinguished career as a medical man, and was for two years president of the Medical Association of the Maritime Provinces. He was the first man of his year at New York University. Needless to say he is Irish, without 'mixture' in his blood.

"There was an obvious mistake in this and the Patrolman made the necessary correction as follows:—

"Senator Murphy has a grievance, yet not a grievance. He was reported yesterday as a bachelor. This is a mistake perpetrated by the editor of the Parliamentary Guide, who describes him as 'unmarried.' But the complexion of Dr. Murphy's domestic life is vastly the reverse. He is very much married, for he has eight children, and two of his boys are on active service.

"That he should be taken for a bachelor is where the 'no grievance' comes in, and the fact is that in his own good-natured Irish way he has not uttered one word of complaint."

Provincial Legislature

SATURDAY, APRIL 15.
 The House met at 10.50 this morning. Mr. Speaker Martin in the chair. The Savage Harbour Packing Co. and the Paton Ltd. Incorporation Acts were read a third time.

DEBATE ON BUDGET.

Mr. J. H. Bell resumed his speech on the Budget. He referred to education and expressed the opinion that more should have been done for teachers. He said credit was due to Dr. Anderson for stimulating education supplements, credit was also due to Dr. Anderson for the moral stamina he had inculcated during his service in the province. They never had had a man in the province who had done more for education than Dr. Anderson. Yet they wanted a place for a man named John Anderson, they superannuated Mr. Balderson on a pension of \$500, but when it came to Dr. Anderson they had allowed him \$300, and sent him over to some millionaire in the United States for sustenance in his declining years. He took exception to paying out of general revenue Mr. Landrigan's salary as manager of the School Supply Branch, and said that it would be better to give that amount to the retail booksellers and allow them to make a corresponding reduction in the price of school books. He also proposed a universal syllabus for the common schools. The Leader of the Opposition next proceeded to discuss the relations between the Government and the Alliance, and said as the result of the activities of the Alliance 29 convictions had been obtained and \$2,300 in fines realized, but that the Government declined to pay any part of the expenses incurred by the Alliance. With reference to the enquiry at Summerside he said he did not intend to make a single reflection upon the commissioner, who had done his duty. He had given his decision and they were bound to accept it. Notwithstanding this admission Mr. Bell reviewed at length evidence which had been heard against Prosecutor Phillips, and was still talking when twelve o'clock he moved the adjournment of the debate, and the House adjourned till 3 o'clock Monday.

Glee Club Give A Splendid Concert

The last of the series of concerts given by St. Dunstan's College Glee Club was held in the college hall on Friday last, thus bringing to a close one of the most enjoyable and successful seasons in the line of amusement for many years. It is worthy to note the entire absence of the more vulgar and popular which predominates the amateur programme, and the high standard set by the Director in choosing the most refined and educational compositions. Much time and labor must have been spent in the preparation of the programme, but the perfect rendition of the entire score bears evidence of the time well spent.

Mr. P. J. Mellady, although already known as a speaker of no mean capacity to the student body, was seen to better advantage in his oratorical ability in the reading "America Inevitable."

Messrs. McLellan and McQuaid, in the "Quarrel" from Shakespeare's "Julius Caesar" brought out dramatic talent worthy of both praise and encouragement, and was heartily applauded.

"Santa Lucia" a duet, by Messrs. O'Neill and Ward was perfectly rendered. Mr. Ward is a late addition to vocal talent and is the possessor of a rich soprano voice, and his pleasing expression is receiving favorable comment.

"Whispering Hope" by Rev. Father Herrel and Mr. R. Finol is also worthy of honorable mention.

The final number—"Sleep Baby Sleep" a yodel, by the popular quartet of singers of St. D. C., is a composition of simplicity and beauty, and the tone, coloring and tenderness for its success was not lacking in the rendition. To the participant who took the task of interpreting the translation from the chest to the head voice much praise is due, it was a pouring out of tonal beauty which has not been surpassed for a long time at St. Dunstan's College.

The following is the programme:—Chorus—"Flag of the Free" Wagner, College Glee Club.
 Piano Solo—"Sweet and Peppy" Kowalski, Mr. A. Caron.
 Reading—"America Inevitable" W. Pitt, Jr., Mr. P. J. Mellady.
 Quartette—"My Old Kentucky Home," S. C. Foster, Messrs. McQuaid, Mombourquette, O'Neill, Ward.

How to Tell

Whether Tea and Coffee are Causing your Troubles

It seems easy to leave off drinking tea or coffee and note the results. But you say, "I can't do without my morning cup," so the dreary days follow one another, the same old pains and aches slowly growing a little worse. Do you dare think of the road ahead, if that downward tendency keeps on, and why shouldn't it unless you change the daily habit?

Suppose today you assert your right to crush habit and start a new and healthful life.

It's easy to quit tea and coffee and take on

POSTUM

the pure food-drink made of clean, whole wheat roasted with a bit of molasses. It contains no CAFFEINE—the drug in tea and coffee that causes so much trouble.

Postum is not only free from drugs, but it has fine color and aroma, and a snappy, winning flavour that makes it easy for anyone to give up tea and coffee.

There are two forms of Postum: The original Postum Cereal must be well boiled; Instant Postum is a soluble powder—a teaspoonful in a cup of hot water with sugar and cream, makes a delicious cup Instantly.

Grocers everywhere sell both forms— they are equal in taste—and the cost per cup is about the same.

Ten days freedom from tea and coffee will show

importance that they are being forwarded to the United States. The American Embassy is guarding the fragments from inspection, but it is understood that several of the pieces are not merely shattered bits of metal, but bear certain inscriptions which it is believed will constitute damaging evidence of the character of the missile and where it originated.

Forced To Leave School, Had St. Vitus' Dance

ASTONISHING CURE OF THIS NERVOUS TROUBLE EFFECTED BY USE OF DR. CHASE'S NERVE FOOD.

Here is a case where life-long gradually growing better. Three years later a severe fright brought on the nervous trouble again, and she suffered every trouble a human being could endure. Her mother bought a dozen boxes of the Nerve Food, and with this treatment she was fully restored. I wish you could see her now, a strong, healthy, robust woman with two lovely babies. She still uses the Nerve Food when she feels out of sorts, but has no return of the old nervous trouble.

For weak, puny, nervous children there is nothing like Dr. Chase's Nerve Food to enrich the blood, restore the starved nerves and start them on the way to health. When they fail to get proper nourishment from the food necessary ingredients in condensed and easily assimilated form, and strength and vigor is restored. 50 cents a box, 6 for \$2.50, all orders, or Edmanston, Bates & Company, Limited, Toronto.

Miss Sadie M. White, 35 Waterloo street, Fredericton, N. B., writes:— "When ten years of age a friend of mine had St. Vitus' Dance and she had to leave school and go under a doctor's care. Instead of benefiting by the treatment she appeared to get worse. Her tonsils and tongue became so swollen that she could hardly take any nourishment. For two weeks she was this way and then took convulsions and nearly choked to death. She was ordered to the hospital, but soon got worse again. I recommended Dr. Chase's Nerve Food to her and she used nine boxes, steadily
