IRON is Nature's rouge. It makes your blood red; and rich red blood imparts a beautiful, clear, glowing color to your complexion.

Iron means health and vitality, too! So get plenty of iron in your blood if you want both clear complexion and good health.

This remedy supplies iron in a form which your system readily and speedily assimilates.

Dr. Williams' Pink Pills have helped thousands of people regain a clear, glowing complexion and at the same time has restored these persons to joyous health.

While it May be Hard, it is Better to see That Your Aged Parents Are Provided for Than it is to Pursue Your Own Happiness in Marriage

Dear Miss Dix—I am a woman in my middle thirties. A husband who is all my heart desires and a fine position in a business office doing work that I am interested in and earning a good salary. My problem is this:

If I am ever going to have a family, it will have to be soon. My husband and I would both like children, but I have a widowed mother and two younger sisters, one of whom is semi-invalid and the other earning only a small salary.

comfortable? Or shall I have a family and worry over Mother and Sisters being deprived of the comforts and even the necessities of life? A.M.B.

Dear Miss Dix—I am a young man with a younger brother and sister. All of us working together and by pooling our pay envelopes we are trying to keep a comfortable home for our old father and mother.

Answer: Page Solomon. I cannot presume to offer advice in these two cases and thousands like them that come to this column, how I do not know.

It is easy to say that our first duty is to ourselves and that we should secure our own well-being at whatever price to others. No doubt there are hard and callous people who can do this.

So there we are. Whether we can buy our own happiness at the price of those dependent upon us is something each of us must settle according to our own sense of right and wrong and our own temperaments.

Dear Dorothy Dix—I am a girl in my early twenties. All my life I have been parents and live with relatives who are well off. Any man who holds a used to the best of everything.

Answer: Neither, because if you marry either one of them you will be unhappy yourself and make the man miserable.

Don't delude yourself with the idea that marriage is a love cure and that there is something in the marriage ceremony that will make you forget your lover and turn your heart to your lawful husband.

On the other hand, if you marry the poor boy of a lower class than yourself, you will be equally wretched and spoil his life.

My suggestion to you is to go to work and make your own living instead of holding up some man with a marriage ring.

THE COOK'S CORNER

CHEESE CAKE MAKES COMEBACK TO FAVOR

Here's a dessert that's so old it's new—cheese cake. Cheese cake came from England along with "bubble and squeak" and "toad in the hole" and many other delightful concoctions, quantity named.

The eggs, cream, cottage cheese and butter and sugar furnish considerable food value, as custards do, so don't serve a cheese cake dessert after a heavy meal rich in proteins.

This recipe for lemon cheese cake requires fewer eggs than most.

LEMON CHEESE CAKE

Two cups cottage cheese, 4 eggs, 1/2 cup cream, 1 cup granulated sugar, 1/2 cup flour, 5 tablespoons butter, 1/2 cup flour, 5 tablespoons butter, 1/2 teaspoon salt, 1/2 teaspoon vanilla, 1 lemon.

HONEY CHOCOLATE CAKE

1/2 cup honey, 1/2 cup butter, 2 squares unsweetened chocolate, 2 1/2 cups cake or pastry flour, 1/2 teaspoon soda, 1 teaspoon vanilla, 1/2 cup brown sugar, 1 egg, 1 cup milk, 1/2 teaspoon salt, 2 teaspoons baking powder.

GINGER CREAM

Half cup milk, 1 tablespoonful sugar, beaten yolks of 3 eggs, 1/2 cup syrup from the preserved ginger, 2 tablespoonfuls preserved ginger, cut finely before measuring, 1 tablespoonful gelatine, 1 tablespoonful cold water, 1/2 pint cream whipped until stiff.

Are some babies born BAD?

Do your eyes jump to the conclusion that your baby was "born stubborn" when he doggedly refuses to take a laxative?

Perhaps the answer is that the little fellow doesn't like it. And, if you "force" him to take it you can completely upset his digestion by the struggle.

Thousands of mothers have adopted Castoria as their children's laxative—from babyhood to 11 years.

Why not join them? Keep a bottle of Castoria on hand always. Your drug store has it. Ask for the Family-Size and save money.
