

### THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."

### A REMINDER

That lad of yours, overseas. All that is humanly possible is being done to see to it that he is well fed, well clothed and efficiently equipped. Organizations like the Y. M. C. A. are looking to his physical comfort, healthful recreation and clean fun. If he is sick or wounded the Red Cross will provide for him with tender, loving care. Yet there is one thing that will bring a smile to his face and a joy to his heart that none of these can give; that only you can give—Your Photograph.

**CALLBECK**—Mr. and Mrs. George Callbeck of Summerside a daughter, congratulations.—L.

**—DANGEROUSLY ILL.**—Mrs. Arch. L. McLellan of Indian River, received the following telegram under date of August 31st 1918. Sincerely regret to inform you No. 712146 Private Walter Joseph McLellan, Infantry officially reported dangerously ill. First Australian Hospital, Rouen, gun shot wound in the head.

—THE BATTLE OF AUGUST 8th.

—Lieutenant Ernest Strong now in Rest Camp, England in a letter to his parents in Summerside dated August 15th gives a short account of the battle of August 8th which he took part in and in which battle many of the 105th boys made the supreme sacrifice. He says: "The big battle seems a night mare to me now, so many of our best and bravest boys paid the price. I was the only officer that came through it in our Company, four officers went into each company and out of the two leading companies of our Battalion (the 26th) only two officers came out, one from each Company. All our company officers are now dead. One Captain was killed instantly, the other two died of wounds. I took command of the Company when our Captain was killed. The Germans paid the price doubly and more for every one of our boys. The troops we fought against were the best of the German troops and all big men. The troops in the rear were not so good as those in the front line, (I noticed some were mere boys) but Oh, our boys went through them like chaff when they met them at close quarters. The machine gun fire was very heavy. Many German prisoners were captured and they seemed glad to surrender and seemed tired of it all. Our killed were not so many as one would expect but some of our finest boys went. Young Leonard Gay from home was hit in the shoulder but think he will pull through O. K. After the day was over (Aug. 8th) our boys enjoyed German black bread, jam and other things the Germans left behind in their hurried flight.—L.

### AN AUTO STRIKE IN MONTAGUE

—Whether on account of the quality of gasoline or qualifications of the drivers the autos have gone on strike this week. During Tuesday and Wednesday nights the telephone wires were busily conveying distress signals to Montague, calling for help from all surrounding places and later several autos were towed into the port. Car No. "140" was seen tearing up the mud near hill "60" and "220" trying to back out of some obtrusive frog pond that stood between it and the main road, while No. "200" continued cutting the figure "8" on the lower Montague road. About this time the wind shifted and Montague was aroused by a rumble of words carried on the east wind from the direction of Souris though could not be readily translated was found to be the "Booster literature" where car No. 82 was piled up on the road choking for more gas, and the occupants planning the quickest way home. Later heavy swearing was heard in the direction of Vernon where some other car absolutely refused to turn another stroke. But at a late hour Wednesday night all cars had reported at the dressing station except No. "339" which was last seen hitting the high spots on a due east course near Utig Station and it would be wise for the driver to remember the words of the "Jeweler." "An auto like a watch must be guided by two hands."

### THE SILENT HEROES OF THE WAR

THE MEN OF THE MARITIME MARINE CORPS.

The whole submarine campaign is aimed to frighten this non-combatant force of the seas. But for them—Britain, France and Italy would face starvation. Our armies could not fight. Canada would be wrecked, commercially. The fight for liberty would be lost. Now is your opportunity to lend a helping hand by subscribing generously to the Sailors' Relief Fund. 1301-9-9 M 11.

## Feed Your Nerves

What tired nerves need is nourishment. Your blood has failed to supply this. To get the system right again you must supply nutrition in condensed and easily assimilated form, as it is found in Dr. Chase's Nerve Food. The blood is quickly enriched, the vigor of the nerves is restored, digestion is improved, and soon you feel through the whole body of the energy and vigor of health.

### Col. F. C. Jamieson To Command Siberian Force

continued from page 3

"Business interests and the responsible elements in Siberia are anxiously waiting for an Allied occupation, even though they realize that the Japanese must do the work. The unanimous desire is anything for law and order, and if the Allies do not act quickly they will welcome the Germans with full knowledge that law and order will be all they are likely to get. They say they would prefer to have the Germans an hour before their throats are cut than the Allies an hour later. "Local residents are divided into two groups, the minority consisting of merchants, landlords, ex-officials, ex-officers and all foreigners. While this party is outnumbered by roughly five to one, and is practically without arms, it is becoming actively organized and anxious for a test of strength. A Public Citizens League has been formed and funds are being liberally subscribed, with the result that it is growing in numbers and influence. Still, however, robberies, murder and violence are of nightly occurrence and many people are in a state of nervous tension. A great many have left lately, among them numerous foreigners who were influenced by a statement made by Admiral Knight to the effect that it would be well if women and children were sent away, as he could not be responsible for their safety. Following this advice, many were sent away, including the American consul's wife and family.

to be continued

### 4000 GERMAN PLANES DESTROYED IN YEAR

LONDON, Sept. 7.—The British, during the year ending June 30th, last, brought down considerably over 4,000 German aircraft while British machines missing have only slightly exceeded 1000 it is officially announced.

### NO MORE BEER IN UNITED STATES

WASHINGTON, Sept. 7.—Manufacture of beer in the United States will be prohibited after December 1st next as a war measure. This announcement was made to-night by the Food Administration, which said the decision has been reached at a conference between President Wilson and representatives of the Fuel, Food and Railroad Administrations and the War Industries Board.

### FORMER GERMAN LINER DAMAGED BY TORPEDO

WASHINGTON, Sept. 7.—The United States Army Transport, "Mount Vernon," formerly the North German Lloyd Line, "Kron Princessin Cecilie" was torpedoed by an enemy submarine yesterday, 200 miles from the coast of France, while homeward bound, but was able to return to port. The report to the Navy Department to-day made no mention of any casualties and it was assumed that no one was injured in the explosion.

### MAJOR BISHOP GAZETTED COLONEL
