TEAMSTERS AND BUTCHERS GO ON STRIKE

Serious Situation De- veloping In San Francisco—Natio- nal Guard Troops Prepare For Emer- gencies.

(A. P. By Guardian's Special Wire)
SAN FRANCISCO, July 12.—Strike
paralysis crept farther along the
channels of Pacific Coast commerce
today and San Francisco began to
take on the aspects of a beleaguered
city in face of a threatened general
walkout.

The crucial situation stretched far
beyond the reach of President Roose-
velt's labor disputes board as one
union after another made known its
intention to strike or to follow re-
commendations soon to be made by
a strategy committee on the question
of a general walkout.

The federal board still hopes to
persuade the striking Maritime Union
to submit to arbitration the issues
involved in the tangled situa-
tion.

Ignoring the plea of the Presi-
dent's board for delay, the teamsters
unions of San Francisco and Alameda
County walked out 3,700 strong,
stopping the movement of freight
motor vehicles. Wholesale butcher
workers also quit, cutting off fresh
meat supplies for the 1,000,000 resi-
dents of the bay cities.

National guard troops, ending their
first week of occupation of the San
Francisco waterfront, prepared for
"any emergencies" and police were
on the alert to prevent violence in
the industrial areas outside the dis-
trict patrolled by heavily armed
militiamen.

Several trucks found operating af-
ter the teamsters walked out were
stopped or overturned. Housewives
expressing a siege, began to lay in
supplies. Some residents were re-
ported hoarding staples and gasoline
in the face of fire department warn-
ings against the latter.

The teamsters' strike seemingly
stopped movement of all heavy
trucks in and out of the city but the
strikers indicated they would in-
terfere with retail delivery vehicles
and the bread, milk and laundry car-
riers would be permitted to operate.

VANCOUVER, July 12.—The
strike of marine workers at Pacific
Coast ports of United States is hav-
ing a detrimental effect on the
export movement of wheat from
Vancouver, it was stated here to-
day by shipping authorities.

Kaye Don Charged With Manslaughter

(A. P. By Guardian's Special Wire)
DOUGLAS, Isle of Man, July 12
—With the prosecution expressing
hope that an "explanation" war-
ranted acquittal can be found,
Kaye Don, British motor and speed
boat racer, was placed on trial here
today on a charge of manslaughter
growing out of an automobile ac-
cident.

The charge is based on the death
of Francis Taylor, Don's 27 year old
mechanic, when the car in which
the two were riding crashed on a
highway on the night of May 28.

"If we find there is an explana-
tion of this accident we will all be
very happy," said Attorney Gen-
eral R. B. Moore in outlining the
case to the jury.

But if you are forced to the con-
clusion that this happened be-
cause Kaye Don chose to race 60
miles an hour on the public high-
way in falling light and caused this
man's death, then it will be your
unpleasant duty to find him
guilty."

British Colonies Balance Budgets

(C. P. Cable By Guardian's Special
Wire)
LONDON, July 12.—Colonial Sec-
retary Sir Philip Cunliffe-Lister to-
day drew a glowing picture of im-
proved financial conditions which
had enabled numerous colonies to
produce balanced budgets after being
forced a few years ago to draw
heavily on their reserves.

Such colonies as Uganda, Zanzibar,
Gambai, the Gold Coast, Mauri-
tius, Gibraltar, Cyprus, Kenya and
the Gilbert and Ellis Islands, he
said, had balanced their budgets
while such territories as Nigeria
and Northern Rhodesia had at-
tained equally creditable improve-
ments in their finances.

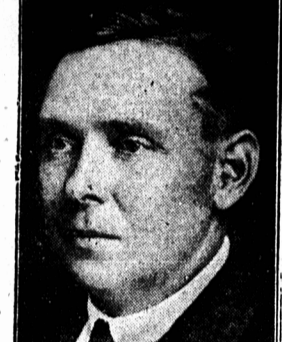

Improvement, he explained, had
been brought about by economies,
increased taxation, benefits result-
ing from Ottawa conference trade
pacts and more efficient methods
of producing and marketing prod-
ucts.

He described successful efforts to
introduce alternative crops in ter-
ritories where it has been the prac-
tice to depend on single crops. Cey-
lon, he said, enjoyed a great ad-
vantage in having rubber and tea,
representing three-quarters of her
exports, covered by schemes which
raised prices to remunerative lev-
els.

Sir Philip said the scheme to
control marketing of tea was work-
ing well and that no objection had
arisen among consumers. Before
the plan was put into effect, he
declared, even the most efficient
companies were losing money,
whereas now every reasonably man-
aged firm was making a profit.

EDITORS MUST HAVE ARTICLES APPROVED

(By Elmer Peterson Associated
Press Foreign Staff)
BERLIN, July 12.—Chancellor
Adolf Hitler was busy today with
reports of the secret police on the
events leading up to the June 30
suppression of rebellion, as he pre-
pared to write the speech he will
deliver to the Reichstag.

A high government official said
Hitler will not begin writing his
speech until tomorrow morning,
devoting the day to getting it ready
for delivery at 8 p. m.

The preparation involves an ex-
haustive study of the secret in-
vestigations which convinced Hit-
ler that it was necessary to ex-
ecute Ernst Roehm, Storm Troop
leader, and others as "traitors" to
the Nazi regime.

The official who told of the plans
confirmed the belief that the
Chancellor will devote much of his
speech at least to a further an-
nouncement of the "Roehm Revolt,"
claiming the government's ex-
planation of the action taken.

The explanations to date have
been given by lesser personages in
the Government and have been,
for the most part, rather sketchy
as to detail.

Indications were that Hitler will
address as near to a 100 percent au-
dience as ever was granted to a na-
tion-wide broadcast.

The Storm Troopers, on vaca-
tion and deprived of many of their
old leaders by firing squads, will be
alert to hear what the future holds
for them.

Little Girl Is Instantly Killed

(C. P. By Guardian's Special Wire)
BATHURST, N. B., July 12.—At-
tempting to cross a road while a
motor car was approaching, Patricia
Jennings, two and a half years old,
was instantly killed near her home
when struck by the car's fender.

The accident occurred while Mrs.
Hazel Morrell, Bathurst, was motor-
ing on the Bathurst-Carleton high-
way five miles from here. The driv-
er said she was proceeding slowly
and did not notice the child until too
late. The little girl had been play-
ing in the ditch before she decided
to cross the road.

Dr. R. G. Duncan, coroner, absolv-
ed Mrs. Morrell and said an inquest
was unnecessary.

Wife Charged With Bigamy

(C. P. By Guardian's Special Wire)
WASHINGTON, July 12.—Clara
Sands, alias Clara Remy of Balti-
more, was charged today by her
husband with bigamy. He asserted
she had been living with him dur-
ing the night and with a second
husband during the day.

Claims Dollfuss Knew Details Of Storm Troop Plot

Austrian Nazi Leader Makes
Charge In German Newspaper
— Bomb-Throwers Resume
Activities In Spite Of Chan-
cellor's Warning.

(By Wade Werner, Associated
Press Foreign Staff)
VIENNA, July 12.—Opponents of
Chancellor Engelbert Dollfuss an-
swered his threats of death to ter-
rorists today by setting off two
bombs, one of which injured five
persons.

The bombs followed a period of
comparative inaction on the part of
terrorists, and it was recalled that
on several previous occasions there
had been new outbreaks when
Dollfuss showed an inclination to
take severe measures.

Seven Nazis were arrested on
suspicion in connection with the
bomb at Salzburg which injured five.
Their case was being watched to
determine whether Dollfuss, now
that he has concentrated the prin-
cipal cabinet portfolios in his own
hands, will carry out his threats to
impose the death penalty.

The Salzburg bomb was thrown
into the automobile of a member
of the government party, "Father-
land Front," which was parked in
front of a small tavern near the
famous "Klosterbrau" beer hall.

Four of those injured were Aus-
trian tourists, and the fifth was a
12-year-old girl sent to the tavern
for beer.

The injuring of persons by
bombs has been unusual, apparent-
ly the policy of the terrorists being
to demonstrate their ability to
damage property as a sign of what
they could do if they wished.

The second bomb today slightly
damaged a priest's house in Bueris,
in western Austria, and broke many
windows.

At Kindberg in Styria a Nazi was
taken into custody on a charge of
firing a hay stack in an effort to
break up a Fatherland Front meet-
ing.

The arrest recalled that the first
person hanged after restoration of
the death penalty in Austria was a
tramp accused of firing a hay-
stack in Styria last fall.

A further change in Dollfuss'
cabinet was made today with the
appointment of Major General Wil-
helm Zehner to the post of Under-
secretary of Defence, where he will
work directly under Dollfuss.

Reports that the German minis-
ter here had issued instructions
to leave for Berlin were declared
by the legation to be "unfounded."
The reports had been circulated
after the Austrian minister at Ber-
lin.

Bad Woods Fire At Murray River

Large Area Of Timber Land
Swept By Flames. Not Yet
Under Control.

A fire which originated on Mon-
day in Abney assumed dangerous
proportions yesterday and swept
a distance of a mile and a half on
a two mile front through woodland
in the rear of farms at Murray
River. The Royal Canadian Mount-
ed Police were called and assisted
in organizing the firefighters. The
fire did most damage in the woods
on the property of Messrs. Edgar
Hedding, Louis Herring and J. H.
Saunders. The land was heavily
wooded with spruce.

At the time of the latest report
the fire was still raging, and had
not been brought under control.

ORANGE TEA IS HIGHLY SUCCESSFUL

Gamble's Corner Was
Scene of Festivities
— Fine Sports Pro-
gramme.

The Orange Tea held at Gamble's
Corner, near Craupad, yesterday
was one of the largest in recent
years, and was successful in every
respect. The grounds were ideal,
spacious with an abundance of
shade, and were crowded with peo-
ple in holiday mood. As usual, the
two most important features were
the parade and the sports pro-
gramme.

The procession was marshalled
by Mr. D. M. Bernard, Bedeque,
who was mounted on a white
charger. There were upwards of
1,000 in the parade, including mem-
bers of the L.O.B.A. Music was
played by the Salvation Army

to, as representative of the insur-
ance department of the order.

ments.

Beer And Wine Law Will Soon Be In Operation

(C. P. By Guardian's Special Wire)
TORONTO, July 12.—Indications
the new Ontario government will
lose no time in getting the beer and
wine law in operation came today
when the second cabinet meet-
ing, the Hepburn administration
proclaimed the act. The order-in-
council making the bill passed at
the last session of the Legisla-
ture, law was signed by the Lieut-
enant-Governor a few hours after
it had been approved by the cabi-
net.

A great deal of organization work
remains to be done before the be-
verage rooms open to offer beer by
the glass to all corners and restau-
rants and hotels begin serving wine
and beer with meals but the order
from the government, to the new
one-man liquor commission is "full
speed ahead."

Operation Saves Actor's Life

(A. P. By Guardian's Special Wire)
LONDON, July 12.—Noel Coward,
actor and playwright, was uncon-
scious tonight after an operation
for appendicitis, but his physician
stated that his recovery is "assur-
ed."

The physician said that the op-
eration was performed with the
nick of time to save his life.

The actor suffered an attack last
night while appearing in the play
"Conversation Piece," but finished
the performance.

Archbishop Is Much Improved

(C. P. By Guardian's Special Wire)
HALIFAX, July 12.—A blood trans-
fusion at noon today brought re-
newed vigor to Most Rev. C. L. Worrell,
Primate of the Church of England
in Canada and tonight hospital au-
thorities reported that the 81-year-
old church leader was "resting com-
fortably." The blood was supplied
by his nephew, Jack Worrell.

Following an intestinal hemor-
rhage, the aged primate was removed
to hospital where his condition has
been critical. But physicians were
pleased with the manner in which
he rallied following the injection of
new blood in his veins and tonight
noted a "great improvement" in his
condition.

He was preparing to take a trip to
Brooklyn, N. S., last Saturday to
take part in a dedication ceremony
there when he was suddenly stricken.
Previous to that he had been
very active in carrying on his man-
datory duties.

EX-PREMIER IS SLATED FOR POST

Hon. G. S. Harrington
to Become Chairman
of Board of Railway
Commissioners, Is
Report — Gov. of
Central Bank Will
Likely Be Canadian.

(C. P. By Guardian's Special Wire)
OTTAWA, July 12.—Appoint-
ments to positions of high and low
degree, running well into the hun-
dreds, are now the gift of the gov-
ernment, some of them requiring
immediate action and others not of
a pressing nature.

Among the most important posi-
tions to be filled are the govern-
ment of the central bank, the chair-
manship of the Board of Railway
Commissioners, head of the pro-
posed Dominion Marketing Board,
a member for the Canadian Rad-
io Commission and the 11 Senate va-
cancies.

In addition there will be numer-
ous minor officials under the farm
debt adjustment measure, the
Franchise Act (mostly temporary),
the Marketing Act, and the Bank
of Canada Act.

The office of the Deputy Min-
ister of Marine has been vacan-
t and will likely be filled before the
next general election, if not before
and there is to be an appointment
of a director of tourist activities to
administer the fund of \$100,000 set
aside for that purpose in the sup-
plementary estimates.

The Senate vacancies are in Nova
Scotia (2), New Brunswick (3),
Quebec (3), Ontario (2) and Mani-
toba (1). There has been a heavy
mortality list in the Senate since
the last general election, assumed
office and with 16 appointments al-
ready made by Prime Minister W.
B. Bennett and 11 to be made, the
upper chamber will be preponder-
antly of Conservative leaning. The
present standing is Conservative 31,
Liberal 35.

Observers have indulged in very
little speculation upon the selection
of a governor for the central bank,
but there is a growing belief it
will be a Canadian and not an im-
port from England as was at first
indicated. The bulk of the initial
personnel will be drawn from the
financial department of the gov-
ernment, it is understood.

Hon. G. S. Harrington, former
Premier of Nova Scotia, is said to
be slated for the chairmanship of
the Board of Railway Commission-
ers and his appointment is ex-
pected.
