#### Lobster Must Show Reaction

BOSTON, June 27—Any lobster, Canadian or otherwise, that does not jump or at least give a good vigorous wiggle in response to a mild jolt of electricity will not henceforth be accepted for use on Massachusetts tables. Raymond J. Kenney, Director of Fish and Game, announced tonight the adoption of an electrical device which, it is claimed, can be absolutely relied upon to determine a crustacean's fitness as food.

The device, which is a simple electrical apparatus, was developed by Dr. David L. Belding of the Massachusetts Memorial Hospital and Professor of pathology and bacteriology of the Boston University Medical School. It consists of an ordinary dry cell, two induction coils, a key to make and break the circuit and two electrodes. The electrodes are applied in such a manner that a series of electric shocks are sent through the muscular and nervous system.

If the lobster is in good condition, according to Kenney, "an immediate response is indicated by a sharp contraction of the lobster's tail and by the more delicate movements of the small flippers and swimmerettes. Lobsters which do not react in this manner will be condemned.

The new test, according to Kenney, will be applied to the millions of pounds of lobsters offered for sale in this state annually, the greater part of which are shipped from Nova Scotia and Maine and other Maritime points.

—DEATH OF MR. ALEXANDER GALLANT—Word has been received by his relatives at Wellington of the death in the Royal Victoria Hospital on Thursday last, of Mr. Alexander Gallant. The deceased went to Montreal about three weeks ago for treatment, but little could be done for him as his condition was a very serious one. He was born in Urbanville, and was the son of the late Marcellin Gallant. For some years he was employed with Messrs. Arsenault and Gaudet at Wellington. He was a man of fine characteristics and was most highly esteemed by a wide circle of friends, who will regret to learn of his passing. He leaves a wife and four children. One brother Joseph M. Gallant resides in Urbanville. The remains arrived home on Monday night for burial.—8

—INJURED IN CAR ACCIDENT—Mr. Bruce Brennan, of Elmsdale was brought to the Prince County Hospital on Monday morning, suffering from shock and injuries to his hip, which he sustained when the carriage in which he was driving was struck by a car from Summerside. The accident happened on Sunday afternoon at 2.30. Mr. P. J. MacArthur with his wife and Mr. Brennan were driving to Church, and were making the turn at Elmsdale corner, when the car struck them. The car with a party of young men from Summerside, on their way to a ball game at Tigniah, had come over the railway crossing which is about fifty yards from the corner and was going at a fair rate of speed, the driver blew his horn before he got to the corner. Mr. MacArthur, who was driving the carriage had turned to the left towards the church, but before he had the chance to cross the road, the car was upon him. The occupants were thrown out and the buggy badly smashed up. Mr. MacArthur is suffering from shock and bruises. Beyond a few scratches, Mr. MacArthur was not badly hurt. Dr. R. H. Kennedy, of Alberton, was called and attended to their injuries. Mr. Brennan, who is

#### Summerside Town Council

(Special to The Guardian)

At a meeting of the Town Council of Summerside held in the Council Chamber last evening a very important function took place in the presentation of a parchment certificate awarded by the Royal Humane Assn., to Vaughan H. Groom, of Summerside for risking his life in the rescue of Mrs. Fenton J. Higgins from drowning at Cavendish Beach July 5th, 1931. The presentation was made by His Worship Mayor Manson in the presence of the councillors and a few interested friends.

Mr. Manson in presenting the certificate complimented Mr. Groom, most highly for the valiant deed. He referred to the tragedy at Portage on Sunday when two young men lost their lives in saving others and added that it gave him much pleasure to know that a Summerside boy brave deed had been recognized by the Royal Humane Association. The councillors present added their congratulations, which Mr. Groom fittingly acknowledged.

At the same meeting a declaration was read electing Mr. Morley M. Bell, Barrister, as Councillor to fill the seat made vacant by Mr. E. H. Strong, who was appointed Stipendiary Magistrate in place of the late Hon. J. E. Wyatt, K. C. Mr. Bell will represent the central ward. As no other candidates were forthcoming, Mr. Bell was elected by acclamation. A motion was passed appointing Mr. James Milman as foreman for the new street-work to be commenced on Granville Street. Messrs. R. T. Holman's tender for 1,000 feet of sewer pipe was accepted.

A motion was passed to purchase eight carloads of gravel for use on the new street. A motion was passed to rent the land adjoining B. I. Rayners building for a parking space for trucks. The following resolution was passed and sent to the school board—that the Town Council be instructed to advance to the school board the amount of the tender accepted by them for the addition to the Summerside High School, said tender not to include the addition to the assembly hall and not to exceed \$25,000.—8

#### Fine Recital At Zion Hall Last Evening

The fifth annual recital by pupils of Prof. Louis D. Thompson was largely attended, many of the prominent musicians of the city being in the audience.

The varied program of piano, vocal and organ music was a delightful treat and reflected great credit on the teacher, Prof. Thompson.

A special feature of the first part of the program was the faultless memory work of the children, also the splendid finish of their playing. Mention should be made of the piano trio by Misses Jean and Doris McDonald and Ena McLeod, which was a display of fine musicianship.

In the second part of the program the two-piano duets were greatly enjoyed.

The vocal numbers were of a high order and showed the careful training of the teacher, while the three organ selections added great variety to the program.

Many expressions of pleasure were heard of the delightful entertainment.

#### Royal Visit Costly City Goes Bankrupt

LEICESTER, England, June 27—(By The Canadian Press) — This city, with a population of more than 250,000 people, recently held an Industrial Exhibition and Historical Pageant in furtherance of its claims as a great commercial and manufacturing centre. Leicester, however, one of the most prosperous cities in Great Britain, boasts that it is prepared to clothe the people of the world from head to foot. It was a bankrupt town 300 years ago.

This unhappy state of affairs was due to the town spending \$1,810 in entertaining the family of King James I. while journeying between London and Edinburgh in 1603.

On that occasion Princess Elizabeth—the 14 year old daughter of James I.—was presented with two gallons of claret, two gallons of white wine, one gallon of red wine and 10 pounds of sugar. Her brother and the Queen were given loving cups costing \$115 while bed linen and other necessities were borrowed from leading citizens.

Unfortunately the Royal party departed with the borrowed goods and a man was paid to chase them on a horse hired for 24 cents but the attendants demanded more money before handing over the goods and so the cost of the Royal visit exceeded \$1,500 and Leicester became bankrupt.

Sir Walter Scott, while travelling in Ireland was one day accosted by a beggar. He felt in his pocket for a sixpence, but finding that he had nothing smaller than a shilling with him, gave it to the woman with the words:

"You must give me the change next time we meet."  
 "I will, sir," replied the beggar, "and may yer honor live till ye get it."
