Glenaladale Farm for Sale

THIS FIRST CLASS FARM, late the residence of John Archibald McDonald, Esquire, deceased is situated at the head of Tracadie Bay quite near to Tracadie Railway station. It contains 529 1/2 acres, of which about 300 acres are under cultivation. The soil is of excellent quality and eminently suitable for grazing purposes. It is distant from Charlottetown by road about 13 miles and fronts on the St. Peter's and Mill Cove Roads and Tracadie Bay. On the premises are a large brick residence, stables and barn &c., under one roof, connected with the residence by a large covered passage way, giving ample accommodation for everything connected with extensive farming operations. A good carriage road extends from the ground to the lot of the barn. A large soil and manure shed adjoin the barn. Those buildings are all comparatively new and of the best construction, pure water from a never failing spring is brought to the residence and stables by underground pipes, laid by an engineer from Montreal. The wooded part of the farm lying east of the Sandhills Road will be sold if desired in lots to suit purchasers. For further particulars apply to H. J. CUNDALL, Trustee

THE CAPITAL OF THE WEST

Miss Reid of Boston is visiting in Summerside. For souvenir goods go to Small & Beal's. There were four drunks disposed of at the Police Court Wednesday. Each was fined \$2 and costs. Judge McLeod is acting Sundry Magistrate for Neil McQuarrie, K. C. who is seriously ill. An asphalt sidewalk is being laid along the front of R. T. Holman's property on Fitzroy street from Central street to Summer street. Kodak days are here now. Get one at once and have the full enjoyment of the summer with it, from \$1 up at Gourlie's Drug Store, sole agents. Neil McQuarrie, K. C. who is very ill was a late hour last night unchanged. His condition is serious, but his physician has hopes of his recovery. There is but a small vote yet polled in the plebiscite on waterworks and sewerage, but the votes thus far represent the largest property holders. Last evening the vote stood For 108, Against 43. The reception committee of the Town Council has decided to build a decorative arch over Water Street, near the Railway Station, as one of the symbols of welcome to the home comers and other visitors.

Notice! The Sacrament of the Lord's Supper will be dispensed in Malpeque Presbyterian Church next Sunday, July 10th at 11 a. m. Rev. Ernest H Ramsay, B D will preach at the preparatory service on Saturday at 2 30 p. m.

INSTEAD of the town looking its best for the coming visitors, the sidewalks on Water street especially, the principal street of the town, never were in much worse condition. They are not only rough to walk on, but are disgraceful and dangerous.

This is the last day of the plebiscite on waterworks and sewerage, and this is the last chance to vote on the question citizens will have for at least many years. Let us hope that another opportunity may never be wanted, that the matter be settled today for all time to come.

Albert Bartram of New York who is spending a vacation on the Island says that he has circulated among his New York friends a large number of photographs of P. E. Island scenery taken by W. S. Louson which have been spoken of in the highest praise by the people of that city. Mr. Louson's fame as an artist is surely spreading world wide.

NEW HOPE—NEW COURAGE. Persons whose nerves are affected get blue and discouraged, are easily irritated and annoyed and learn to look on the dark side. The restorative influence of Dr. Chase's Nerve Food soon shows its effect on the feelings. It gives new hope and courage, new energy and confidence. By creating nerve force it affords new vigor and vitality for both mind and body.

Whether You Ride or Walk
