THE BOMBARDMENT OF TRIPOLI NOW REPORTED

Continued from Three O'Clock Till Sunset and Will Be Continued to Completely Destroy the Shore Batteries. Only One Battery Destroyed So Far.

ROME, Oct 4.—It is officially stated that Vice Admiral Faravelli sends a message to the Government stating that the bombardment of the main batteries at Tripoli commenced at 3 o'clock yesterday afternoon and continued until sunset.

The batteries replied to the Italian fire without effect.

The Admiral states that the bombardment will be resumed today in order to completely destroy the batteries.

Only the lighthouse and one battery were destroyed.

LONDON, Oct. 4—The lapse of another day leaves the Turco-Italian war without any further development.

There is no confirmation of the alleged bombardment of Tripoli, which appears unlikely to have happened as it will be several days yet before the expeditionary force is ready to leave the Italian Shores.

TARANTO, ITALY, Oct 4—The Italian armoured cruiser Marco Polo, brought into this port the Turkish transport Sabaha, which she had captured. The prisoners taken included a Turkish General, a colonel of the Medical Corps, and many soldiers. Five thousands rifles, sixty grenades, much ammunition and about two hundred horses also were captured.

CORFUGA, Oct 4—Vice Admiral, the Duke of Abruzzi has sent an ultimation to Voli, of Prevesa, threatening bombardment unless he surrenders the Turkish warships which have taken refuge in the harbor.

AGOSTA, Sicily, October 3 — An officer of the destroyer Garibaldino, one of the blocading fleet, which has arrived here to recoal, in an interview today said:

"The Turkish steamer Derna escaped the blocade and reached Tripoli because our instructions were to let her pass. Her landing of arms, being a causus belli, was expected to result in the opening of hostilities."

"The Derna could have been captured two hundred miles from Tripoli, where we discovered her flying the German flag. She had changed her name to that of Eitll Freiderich. The Derna was proceeding at a speed of ten knots and seemed to be under the impression that she was escaping from us. But we followed her with out light scout. The battleship Napoli, the night before her arrival at Tripoli, flooded her with searchlights. The Derna hoisted the German colors and gave a false name, and was ordered to proceed."

The steamer Molfetta, of the Puglia company, while crossing from Durazo to Bari, was chased by five Turkish torpedo boats in an attempt to capture her. The Molfetta extinguished her lights and aided by a stormy sea managed to escape.

POWERS UNABLE TO OFFER MEDITATION.

CONSTANTINOPLE, October 3 — Replies to the Porte's appeal have been received from most of the powers, but as was expected, they afford little satisfaction. In effect the powers say that they will be unable to offer meditation until the Porte suggests a basis of settlement on the lines of the Italian demands set forth in the ultimatum.

The Austrian ambassador had a long interview with the grand vizier this afternoon and it is announced that the Russian ambassador will visit him tomorrow, but it is questionable whether Said Pasha will be able to remain in office another day. Halil Pasha, the minister of the interior, insists upon the acceptance of his resignation, but the grand vizier wishes him to accept another portfolio. Fresh efforts have been made to prevail upon Hilmi Pasha to take the ministry of the interior.

TRIPOLI GIVEN ANOTHER DAY'S GRACE.

ROME, October 3.—A dispatch from Vice-Admiral Faravelli, filed at Tripoli this morning and arriving here tonight by the way of Vittoria, Sicily, says:

"In answer to a summons for the surrender of the city made yesterday, the Turkish commander asked for a delay and was granted until noon today."

PREVESA THREATENED WITH BOMBARDMENT

CORFU, October 3. —Vice- Admiral, the Duke of Abruzzi has sent an ultimatum to the Vali of Prevesa, threatening a bombardment unless he surrenders the Turkish warships which have taken refuge in the harbor.

TWO TURKISH BOATS SUNK BY ITALIANS.

Turkish telegrams report that an Italian war ship has sunk two motor boats near Hadeida, a seaport on the Red Sea, and pursued the Turkish destroyer Peikishevket. A large number of volunteers, both soldiers and sailors, well officered, left today for the Dardaneiles, where the larger portion of the fleet is awaiting orders. Two battleships, the Messudieh and the Asar-I-Tew-Fik and the torpedo the Golden Horn to join it. No coal, petroleum or other fuel is allowed to be sold without the government's permission.

It is understood that Austria has given a guarentee to Turkey that the status quo in the Balkans will be maintained. Mehmed, Pasha, son of Sheikh Adelwader, the last Algerian sovereign, has asked the sultan to allow him to return to Tripoli for the purpose of rousing all the Mussulmans in Africa to repel the Italian invaders.

UNABLE TO FORM A CABINET.

The grand vizier's inability to form a cabinet is causing the sultan great worry. Hilmi Pasha resolutely refused to enter the cabinet, as it is lacking a well defined policy. Since Said Pasha took office, the ministry has had three all night sittings, in addition to prolonged deliberations during the day and the physical strain is beginning to tell on the aged vizier.

The Porte has notified the embassies that neutral cargoes in Italian bottoms will be respected with the exception of contraband articles.

SAID PASHA IS GOING TO RESIGN.

CONSTANTINOPLE, October 2. — It is reported that Said Pasha's resignation as grand vizier is impending, owing to his inability to form a new cabinet and the willingness of the late cabinet ministers to face the reassembling of the chamber on October 14th. Said Pasha's most likely successor is said to be Kiamil Pasha, the new foreign minister, which would imply serious defeat for the committee of union and progress.

It is alleged that a remarkable revulsion of feeling in favor of England has occurred in military circles, which would welcome a non-partizan cabinet, presided over by Kiamil Pasha, with Nazim Pasha as war minister.

FALL MILLINERY OPENING AT PATONS TONIGHT

With each exhibit of millinery held at Paton & Co's store the ladies of Charlottetown have come to the conclusion that this store's displays are among the best to be found, but they can scarcely be prepared for the exhibit that awaits them on the main floor of the large store this evening.

To tell of the picture presented by the decorations alone is impossible, for one cannot describe the rich furs, silks, dress goods, with their daintily tinted trimmings for evening and dress wear, the chic neck ruff, ribbons, scarfs and innumerable stock of fancy dress novelties carried by Paton & Co., but can only give the hint that a visit will prove a pleasant surprise.

The staff of obliging clerks have been indeed busy and with the help of Autumn leaves as a setting have made a fitting back-ground for the collection of hats—the choicest products of their expert milliner, Miss Grant, whose beautiful creations cannot fail but be becoming and wearable.

The first impression gained is that nearly all the hats seem to be of the ever popular black and white with here and there a daring bit of color that looks as if it had strayed in where it did not belong. A second glance however brings out the fact that the bit of color is a fancy cleverly arranged to make a smart appearance.

A MODEL SHOWN.

For example one immense hat was of black velvet, very high crown, with four large willow plumes at the back draped gracefully to bring out the beauty of the feathers and the lines of the hat, while the under brim was a delightful shade of pale pink aptly suited to the complexion.

Another becoming hat was of pink

LOVE ON

Seems the way long, barren of hope, weary
Rock-strewn and lonely?
Falters the song, are the heart and spirit weary?—
Heed not! but only
Love on!

Tho' barriers rise, tho' all be far that love us,
Tho' sight grow dimmer—
Lift up thine eyes! Somewhere, unseen, above us
The home-lights glimmer.
Love on!

Blind is the murk, closelier wrapt and denser?
No star shown clearly?
When rude the work, the victor's joy intenser!
Doubt not—but merely
Love on!

Proves the path steep? The summit e'er is nearing,
Closer us bringing!
Pause not to weep—thy tears my heart are searing:
Echo my singing—
Love on!

O thou brave heart! No hope deferred can smother
Thy soul's uplifting!
We strive apart, yet aid we each the other—
Comes thy voice drifting,
"Love on!"

Upwards we climb—soon shall we slip the burden,
Our chains ensever!
In God's good time we twain shall win love's guerdon—
And then, for ever
Love on!
