Canoe Cove Cullings

The fine Indian summer weather gave place to a very wet spell which has brought us the usual return of bad roads, making both driving and walking unpleasant, and to a degree unsafe. It is hoped the heavy clouds may scatter soon again, giving us more sunshine "er the winter's storms begin."

Fall plowing is being rushed along vigorously these days, and a large acreage has already been covered.

"Remembrance Day" passed very quietly in this little centre. The public school had a holiday for the occasion, and the flag flew at half mast on the school building in honour of our soldier dead. Veterans here and there did not forget the past.

L.O.L. No. 1189, had a pleasant evening at their regular meeting in the hall on Wednesday, November 6th. Bro. John Murray, Grand Secretary and County Master, presided, and directed the program of the occasion. After the transaction of routine and other business, Dr. J. W. S. Lowry spoke at length on "The Fifth of November in history" giving an interesting and informative address on the subject. Remarks of appreciation and thanks to the speaker were made by the County Master, and by Bro. L. E. MacKinnon, Malcolm MacFadyen, and Colin Campbell, after which an enjoyable social hour was spent by the brethren, light refreshments being served.

James E. MacFadyen of the City spent the Monday holiday calling on friends in the Cove district.

Rev. Dr. and Mrs. J. W. S. Lowry spent "Remembrance Day" in Charlottetown, and attended the military exercises of the occasion.

Mrs. Fred MacPhail of Argyle Shore, with her niece, Miss Lillian Elliott, of Chicago, spent a couple of days last week with her parents, Mr. and Mrs. Nell MacConnell at their home in the village.

Sandy MacKenzie's new house is nearing completion and will be a conspicuous and very tasteful residence for the happy household in due time.

In the removal by death last week of Dugald MacDougall, at the age of eighty-one years, the Cove district has lost a life long and respected resident. A son of one of the early pioneers of the locality, the deceased was long and widely known as a very active and progressive citizen, and a man of integrity and good standing in the community life. His funeral on Friday was numerously attended by relatives and friends from far and near. Interment was at Argyle Shore.

The members of the L.O.B.A. of Kingston, assembled at the residence of Mr. and Mrs. Malcolm MacKenzie, on Monday evening last, and tendered the bride and groom their warmest congratulations on their recent marriage. Mrs. MacKenzie has been an active member of the Kingston Lodge for several years past. A very pleasant evening was spent, dainty refreshments being served.

MT. MELLIOK W.I.

The regular meeting of the Mt. Mellik W.I. was held at the home of Miss Viola Ballem. Miss Elizabeth MacRae presided and Miss Winnie Robertson acted Secretary pro tem. The meeting opened with the Ode followed by the creed in unison. Roll call was responded to by ten members. A very interesting paper on "P. E. Island's most noted people," was read by Mrs. W. J. Mutch.

Miss Viola Ballem gave an interesting demonstration on knitting. This was followed by a tree contest. Lunch was served and the remainder of the evening spent in conversation. The next meeting will be held Nov. 23rd, 7.30 p.m. sharp at the home of Mrs. W. A. MacRae, roll call to be answered by paying membership fees.

Could Not Turn Alone In Bed

Seen Found Relief Through Dodd's

"My husband was laid up all summer with rheumatism," writes Mrs. Eugene Donovan, of Sunny Brae, N.B. "He had such pain that he could not turn in his bed. One day I happened to see Dodd's Kidney Pills were good for rheumatism. I thought we would give them a chance. After taking five boxes he was completely relieved. He is up and working every day now. I have been taking Dodd's Kidney Pills myself as I always had a weak back and they give me great relief."

Clergymen On Goodwill Tour

(C. P. By Guardian's Special Wire) NEW YORK, Nov. 15—Some 200 clergymen will emphasize the cordial relations between the United States and Canada next Sunday by crossing the border and preaching in each other's pulpits. They will represent churches of various denominations on both sides of the boundary from the Atlantic to the Pacific.

The exchange has been arranged by the World Alliance for International Friendship through the Churches through its committee on relations with Canada. A special committee representing all the Canadian churches, of which Rev. Richard Roberts, Moderator of the United Church of Canada is chairman, has cooperated with the world alliance committee.

Among the cities that will exchange preachers are: New York and Montreal; Calais, Me., and St. Stevens, N. B.; Buffalo and Chicago and Toronto (involving 20 clergymen) Toledo and Windsor, Ont.; Minneapolis and Winnipeg; Great Falls, Mont., and Calgary; and 60 churches in Oregon and Washington and British Columbia.

Hon. R. B. Bennett On Holiday Trip

(C. P. By Guardian's Special Wire) WINNIPEG, Nov. 15—Free from responsibilities as leader of the Government, Rt. Hon. R. B. Bennett was speeding westward tonight, Calgary bound. He will visit his home constituency for six weeks after which he plans a vacation "in the South" until Parliament assemblies.

A large number of friends were on hand at the station to greet the former Premier who declared he "never felt better" in his life. He was glad, he said, of the opportunity to get away from his official duties for a few weeks' rest.

To querying representatives of the press he remarked "There is nothing for me to say today. It has been said already and now I am leader of the Opposition." "But," he added, "I do despise journalists who use their ability to misrepresent the facts." Asked if the facts had been misrepresented he replied, with a smile "That you should know very well," and waved a friendly goodbye.

A Face Covered With Pimples Causes Much Embarrassment

There is little doubt but that impure and impoverished blood in the soil on which those red, white, pus filled pimples develop and thrive, and that nothing short of a vigorous, persistent blood purifying treatment will eradicate them from the system. Burdock Blood Bitters banishes bad blood and with the bad blood banished the skin becomes free from pimples. Try a few bottles and be convinced.

BRINGING UP FATHER

In Memoriam

MRS. MARGARET McLEAN

At Clyde River on November 2nd, 1935, there passed away into the "Great Unseen" one of the oldest and most esteemed residents of Clyde River, in the person of Mrs. Margaret MacLean, at the advanced age of 87 years.

The community of Clyde River has lost one whose life had ever been rich in acts of kindness always rendered without show or ostentation. She had humble views of herself, exalted ones of the Saviour, and of his grace. As she lived so she died in the faith and hope of the gospel.

Although the deceased had been confined to her bed for most two years, she enjoyed very good health. On Wednesday prior to her passing it was evident that her heart was beginning to fail her. She perceived herself and told the family "that her time would not be long with them."

On Saturday evening, she knew that the "Inevitable Hour" was coming and called all her loved ones to her bedside, "to bid them good-bye" and told them, "that she was going to her home in Glory." What a comfort to those who mourn the loss of a dear mother and grandmother to know that she has gone to a happier home, where there is neither sorrow nor parting.

She was always patient and thoughtful of others and put her trust in him who says, "Lo, I am with you always." Many shall miss the sweet smile, the kindly words of cheer and long shall our hearts yearn for the touch of a vanished hand and the sound of a voice that is still.

Early in life she accepted the Saviour and united with the Baptist Church at Clyde River. Here she was accustomed to lead the singing, for she possessed a musical voice of the highest quality, this being before the organ came into habitude.

As long as she had her health, her place in the sanctuary on "Sabbath Day" was seldom vacated. She took a keen interest in every good work, whether it be for the benefit of the community or of the church.

The deceased was the widow of the late Neil MacLean of Clyde River, who passed away May 5th, 1904. She leaves to mourn the loss of a kind and loving mother, an only daughter, Mrs. Neil Darrach of Clyde River.

She also leaves to mourn the loss of a dear "Grandmother," six grand children and one great-grandson, viz: Eldon, Ivan, Lloyd, Kathleen, Rita and Helen Darrach. The great grand-son Ivan Junior Darrach, a' of Clyde River.

Mrs. MacLean whose maiden name was Margaret MacLaughlin, was one of a family of nine, four sisters and four brothers. Those left to mourn are Fannie, Mrs. Nell H. Beer, Los Angeles, California; Priscilla, Mrs. James MacFadyen, Fairview, P.E.I.; Archibald of California and John of Clyde River, who passed away four days after her passing.

The funeral which was largely attended was held on the afternoon of November 4th, the service was conducted by the Rev. J. G. Wakeling, assisted by the Rev. D. K. Ross, both of whom visited her on Friday previous to her death.

The hymns sung were: "Asleep in Jesus," "A Few More Years Shall Roll" and "Safe in the Arms of Jesus." A request solo "The Beautiful Garden of Prayer" was effectively sung by the Rev. L. G. Wakeling. This being one of the deceased's many favourites.

The floral tributes were beautiful and consisted of the following: Crescent, the Family; wreath, The Clyde River Baptist Church; Sprays, Mr. and Mrs. Hector Darrach and family; Mr. and Mrs. Ernest Anderson; and Mr. and Mrs. Duncan Livingston.

The pall bearers were: Messrs. Robert MacPhail; Angus Cameron; Seymour Darrach; Hector Darrach; Daniel MacNeill; Kenneth MacNeill. Interment was in the Clyde River Baptist Cemetery. (Patrol Please Copy)

British Market Enormous, Says Trade Official

(By The Canadian Press) FREDERICTON, Nov. 15—"The British market offers enormous scope for the marketing of Canadian products," H. R. Fousette, Canadian trade commissioner at Liverpool, Eng., said during a visit here. Lumber was the principal New Brunswick product he had noticed on the United Kingdom market.

"I may say that as far as your spruce is concerned it is very favorably known in the northwest, particularly in Lancashire," said Mr. Fousette. "One large importer remarked to me that in his opinion Canadian spruce was one of the finest building timbers in the world."

Official Explains How Blind Persons "See" Bank Notes

SAINT JOHN, N. B., Nov. 15—A simple answer to the common question of how blind people differentiate in the denomination of their bank notes was given by P. H. Flinn, Halifax, assistant superintendent of the Maritime Division, Canadian National Institute for the Blind, during a visit here.

"Blind people generally have so little money that they know exactly how much they have and where it is," he said. "If a blind man has a one-dollar bill and a two-dollar bill and a five-dollar bill he knows which pocket each one is in. If he carries them all together he knows which bill is on top of the roll and which one is on the bottom."

cent vision in his best eye he is considered eligible for registration with the institute as blind. He may have sufficient vision to enable him to move about with a fair amount of freedom, but his sight is of no practical use to him in the conduct of his work. Persons with a greater percentage of sight, but in danger of losing it, are eligible for the prevention services of the institute even though they are not, of course registered as blind.

SENATOR A. D. McRAE "I would, if necessary, raise my own private army to fight any attempt to involve Canada in a foreign war," Senator A. D. McRae of Vancouver is quoted as saying in Dallas, Texas, where he has been inspecting oil holdings.

Attempt to Find Cause of Strike

(By The Canadian Press) CASTRIES, St. Lucia, Nov. 15—Chief Justice G. E. F. Richards, heads a Royal Commission chosen by Governor Sir Selwyn Grier of the Windward Islands to investigate St. Lucia's coaling industry.

The inquiry is the outgrowth of a strike of stevedores this month which authorities feared for a time would burst into rioting. The men claimed they were underpaid for unloading coal boats. This allegation is to be investigated by the Commission, along with the charge that the men are being overworked.

OUR VIEW

If you have gone to the expense of installing an expensive Automatic Stoker or Blower, then, why lose the full benefit by using unsuitable coal, lowering the efficiency of the machine?

OUR IMPORTED PEA SLACK is properly graded and is recommended by the makers of Stokers as a perfect fuel—\$600 per ton.
