All the Latest and Most Important Reading Matter Selected From This Week's News for The Charlottetown Guardian's Saturday Subscribers

"Brother Feels Sick! He Wants a Candy Cascaret"

To Mothers! You will avoid worry and trouble by giving your children Cascarets instead of nasty Castor Oil, Calomel and Pills. Children look upon Cascarets as Candy and never refuse them even when sick, bilious, feverish, constipated. Besides Cascarets cost only 10 cents a box.

Nothing else works the bile, sour fermentations and poisons from a child's tender stomach, liver and bowels like good old harmless Cascarets. They never gripe, never injure, never disappoint the worried mother. Give Cascarets to children aged one year and upwards. Directions on each 10 cent box.

Good-bye, Cold on the Chest! Here's Thermogene!!

QUICKLY come—quickly gone! That's the Thermogene principle. With the aid of this wonderful curative wadding you can rout a cold just as suddenly as it attacks.

SIMPLY apply Thermogene to the affected part to-night, for instance. By morning the trouble has vanished!

THERMOGENE
CURATIVE WADDING
(Vandenbroeck's Process)

Is potential heat in dry, convenient form. The moment it is applied, chemical action turns this into active energy—a soothing, comforting warmth that goes straight to the source of the pain—gives instant relief—and continues its good work till a cure is complete. It's a wonderful advance over the old-fashioned, messy, uncomfortable poultice or plaster. Ready as it comes from the box—full directions enclosed. Used by British Red Cross, Royal Navy, Army and Hospitals.

At All Druggists'—50 Cents per Box

Invented by Vandenbroeck, the famous Belgian Chemist. British-made by the Thermogene Co., Ltd., Hayward's Heath, England. 48

WEDNESDAY

—THE MUTUAL IMPROVEMENT Society of Alberton are progressing favorably as evidenced by the fact that they have rented McRae's Hall for their future place of meeting. This Hall is in the centre of the town which will be more convenient for the majority of the members.—D.

—GUNNER JAMES WHITE returned here on the night of the 27th inst. This young hero is recovering from gun shot wound in the shoulder, also from a slight gas attack. He was at one time a member of the fighting 26th Battalion and saw nine months active service in France. His many friends here wish him a speedy recovery.—D.

STAMP VENDORS OFFICE.—The stamp vendor, Mr. Aubrey Brown, is now located in his new office in the southwest corner of the Post Office building. This appears to be a more convenient much better located and better lighted situation than any which the stamp vendors office has yet occupied in the building.

CALEDONIA CLUB.—A meting of the Caledonia Club was held last night, President J. D. Stewart, K. C., presiding. Burns Concert committee reported most successful entertainments, the net proceeds being over $500. Allocations were made to various charities including the two orphanages and the dispensary and a sum sufficient to the Charity Committee.

The death occurred at Bradalbane on Dec. 16, 1918 after a somewhat lingering illness Mary Buchanan aged 93 years, relict of the late John Buchanan. Mrs. Buchanan was born in the Isle of Skye, Scotland and came to this Province in the ship James Gipe in the year 1858. She was well known and widely respected in the community. She was a member in full communion in the Strathalbane congregation for many years. Her Godly life and gentle kindly ways endeared her to all with whom she came in contact. She was of a quiet disposition, a friend to all. To hurt a person's feelings with harsh words or do one harm in any way was far below her principles. She leaves to mourn their loss one son Malcolm on the homestead who kindly attended her through her illness, also two sisters Mrs. Margaret McInnes of Bellevue and Miss Annie of Caledonia. The funeral services were conducted by the Rev. John Sterling of Bradalbane.

The lecture by Mr. P. A. Hughes of the Returned Soldiers Aid Commission in the Pro-Cathedral on Monday night was heard with a great deal of attention by a large audience. Premier Arsenault presided.

Mr. Hughes in opening his lecture explained that a series of these lectures was to be delivered in different parts of this Province the object being to bring more forcibly to the attention of the people the great work being done for the re-establishing of the soldier, particularly the invalided or disabled soldier.

Some of the points especially brought out were: (1) the fact that all class distinctions have been eliminated among the soldiers and urging that all citizens follow their example in this connection. (2) The emphasising of the fact that no Government or commission is capable of grappling with the great question of reconstruction unless everyone, soldier and civilian will give sympathetic assistance in every way. (3) An explanation of the miracles of modern surgery in bringing back apparently disabled men and making useful citizens of them. (4) The great system of functional and vocational training in vogue in the institutions of Canada.

One hundred and five slides were shown illustrating the soldiers progress from the trench where he received his wound until received back again into useful civilian employment.

One fact which stands out clear, said the speaker, is this: that with the great waste of human life during the past four years not an atom of human energy can be spared that will go to the upbuilding of our country.

Mr. Hughes also touched briefly upon the land settlement scheme now being perfected.

Mr. Hughes, who has charge of the Pension Office here says that a false impression has gone abroad regarding pensions. It has been reported that when a disabled man goes to work, his pension is cut down. This is not the case. There is a hard and fast law which governs all pensions for disability irrespective of how ambitious a man may be.

At the close, a vote of thanks was moved by Mr. Harold Palmer seconded by Mr. J. A. Messervey and supported by Mr. C. Gavin Duffy.

Mr. Hughes made a fitting reply thanking those who had spoken so kindly and strongly urged unity of purpose in the great battle of peace now before us.

The stereopticon views were put on by Mr. Walter Burke and needless to say were handled in capable fashion by him.

THURSDAY

NEW BANKER ARRIVES.— Mr. F. P. Ray of Truro, N. S., has assumed charge of the Bank of Nova Scotia, at Emerald. Mr. MacGuire who has been in charge of that branch has returned to St. John.

The second of the wnter series of New London ice races took place on Friday afternoon, Jan. 31st. The weather was ideal, and the ice in fair condition. A large number of enthusiastic race fans attended.

The races this winter bid fair to surpass the enviable records of other years.

The New London Racing Association was started in the winter of 1913 by Mr. Walter Found and a coterie of residents of New London who dearly love to see a trial test of speedy horses. Mr. Found is now a prominent lumber merchant in Nebraska, but he has an able successor in the person of Mr. John Lockhart who is assisted by a conscientious and capable committee..

At the race on Friday the spectators were called to the judges stand by the announcer Mr. Harry Morrison and told that in order to provide attractive purses for a big free-for-all to take place in the near future the Association needed more funds—the result was instantaneous— the "hat" was passed, and over $30.00 were donated, which with the contributions of those who have not yet had a chance to donate will go a considerable distance on a good purse for the free-for-all.

The people of New London take an especial pride in their institution and are willing to back it up with the coin of the realm. A fast exhibition half-mile was given by Alcyone (owned by William Carew, Kensington) driven by T. Semple and Merry widow owned and driven by Wm. Profitt, Margate.

An exhibition heat was also given by Baby Logan (owned by B. W. McArthur, Kensington) and by "Happenstance" (her original owner, Mr. Michael Fitzsimmons, Kildare was present. The judges were Dr. Church and Dan Steele, Summerside and Tyndale Semple, Kensington.

Starter—George Woodside, Clinton.

Timers—Andrew McKay and Ebbie Stewart.

SUMMARY

Green Race

1, Nellie Aubrey—Geo. Crozier, Malpeque 3 1 4 1 1

The Always Certain Flour
That Never fails to make Splendid Bread or Pastry

THERE are no "hit or miss" experiments with your baking when you use Queen City Flour. It makes for better results every time you bake, when you know for sure just exactly what your flour will do.

QUEEN CITY FLOUR
(Milled according to Government Standard)

never varies either in strength or balance. Mills with ordinary equipment do their best to keep all-purposes flour uniform, but they have not the facilities for knowing what the ever varying wheats contain. With Queen City Flour it is different. Experts in our testing laboratory find out exactly what is in every shipment of grain that we use. Therefore it is no trouble at all to keep our flour uniform.

Queen City Flour always does what you expect it to do. Your recipe comes out right. This all-purposes flour contains just the proper amount of Western hard wheat for splendid, big, bulging loaves of bread, blended to a nicety with the correct proportion of Ontario wheat for the most satisfying, light, flaky pastry that will delight everybody. Be sure to give this dependable, always highest quality flour a thorough trial.
