THE Guardian's correspondence in the eastern part of King's says:—The crops are secured the latest season on record. Something hitherto unknown to see oats cut in November, but as might be expected the crop is not a good one. The Alcohol Factory in East Baltic has closed, for the season. Starch only was manufactured this fall owing to the shortage in the potato crop, which seriously curtailed the output, Its erection and operation will mean much to the farmers of this section. With the projected railway running near the door its usefulness and convenience will be considerably extended.—Alfred McLean has arrived in Red Point and will likely spend the winter in this Province. The first in forty years. Mrs. M. P. Grant of Webster's Corner is visiting old friends in the eastern section of the Province, and as Miss Susie Smith she is kindly remembered by her old pupils and is the guest of Mrs T. S. Robertson, Red Point. Fall fishing has been poor. The sturdy fishermen of Basin Head have their trawls still out and on the fine days which are few land some hake and codfish. Bait is scarce. The squid which in past years have arrived in large bodies have not put in an appearance this year

THE schooners Howard and Canadienne, which commenced loading produce at Montague on Saturday, completed loading over 8000 bushels on Tuesday evening, a good showing for this time of year.
