### How to Wash and Preserve Woolens

Woolen garments or articles cleansed with SURPRISE soap feel soft, fluffy, and well washed. Dry woolen articles in a moderate temperature—not in the sun—and do not allow them to freeze. Sun is injurious to wool; freezing causes shrinkage.

### Spring's Fancy IN FOOTWEAR

The smart shoe this Easter, as always, gets the attention of those who believe that each part of a costume must match the other in QUALITY, STYLE and SHADE.

A thing that fits well in all these particulars is sure to be becoming.

You may not have a definite idea as to what YOUR Easter Shoes will be—Kid, Calf or Suede, in the many variations of pattern, but you'll have plenty of material to pick from in our new Easter stock.

### How to Keep a Child Healthy

A GENERATION ago parents thought that sickness was a part of a child's life, but we know better now. The secret is in the food the mother allows the child to eat, and in watching that elimination occurs regularly two or three times a day.

Mrs. W. E. Marston, Centreville, N. S., and Mrs. Pratt, 45 Gillson Ave., Runnymede, Toronto, always keep a bottle of Dr. Caldwell's Laxative Syrup Pepsin in the house, ready for use, and avoid many of the ills to which children are subject.

**A Substitute for Physics**  
Dr. Caldwell's Laxative Syrup Pepsin is a scientific compound of Egyptian senna with pepsin and suitable aromatics. The formula is on every package. You will find you do not have to force children to take it, and it is much better for them than castor oil, calomel or coal-tar drugs like phenolphthalein even if covered with sugar or chocolate. Laxative Syrup Pepsin is mild and gentle in action and your child will have an easy passage without griping or strain. It does not contain narcotics, and

you can give it with absolute safety to an infant at the breast.  
"Magic" in a Teaspoonful  
Every store that sells medicines sells Dr. Caldwell's Laxative Syrup Pepsin, and the cost is less than a cent a dose. Give half a teaspoonful to any illing baby or child at night when you put it to bed and youngster in the morning. Take Laxative Syrup Pepsin yourself when constipated, and give it to any member of the family young or old, for any ailment due to constipation, such as biliousness, headache, lack of appetite, sleeplessness, bad breath, cankers, fever sores, indigestion, and to break up fevers and colds. Stop that first sneeze or sniffle and you will have a healthy winter.

**Kellogg's Bran did more in two weeks than medicine taken in 20 years.**

Out of regard for your own health, read this letter:  
Dear Sirs:  
Your "Krumbled Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.  
Yours truly,  
Arlington H. Carman.  
(Address on Request.)  
Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.  
Kellogg's Bran STIMULATES the intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. That is why doctors recommend Kellogg's.  
The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream and in the recipes on every package. Kellogg's Bran, cooked and krumbled, is made in Toronto, Canada. Sold by all grocers.

Bye—

The courses of a banquet should give pleasure to the guests rather than the cooks.
