### SNOWSTORM LEVELS NORTHERN ALBERTA CROPS

#### COLD WAVE CRACKS DOWN ON PRAIRIES

Near Freezing Temperatures prevail in many parts of West.

(P. By Guardian's Special Wire)  
PEACE RIVER, Alta., Sept. 15—Un-cut crops were flattened on the ground today, automobiles were stranded on highways and telephone lines were down in the wake of the worst snowstorm ever to strike the Peace River country at this time of year within the memory of old timers.

Although practically all the wheat had been cut, only about 30 per cent of coarse grains had been cut. It was estimated about 10 per cent of wheat threshing had been completed and extensive damage might result to wheat stocks from the heavy, wet snow.

WINNIPEG, Sept. 15—Considered too late to damage the West's harvested wheat crop, except in isolated northern districts, near-freezing temperatures prevailed on Canada's prairies tonight.

Much garden produce appeared in danger from frost as the Meteorological Bureau forecast continued cold weather for Manitoba, Saskatchewan and Alberta which in the past few days have seen snow flakes flying at many points.

Today, temperatures dipped to 18 degrees at Fairview, Alta., and weather almost as chilly was reported from other prairie towns. Frost was general in Alberta and Saskatchewan, and Manitoba appeared due for winter's nip.

#### STEAMER IN DISTRESS

ST. THOMAS, VIRGIN ISLANDS Sept. 15—(AP)—The Norwegian Steamer Torvanger disabled by propeller trouble 450 miles north of San Juan, Puerto Rico, radioed for assistance today.

The vessel 916,568 gross tons, reported it was in a 50-mile gale.

#### COMING EVENTS

\*"Buying live lambs and lambs, Albany Thursday, 17th, Emerald 18th until noon. G. C. Green L-5113-6-1wt-1f.

\*"Only Sally Ann" will be presented by the New Zealand Dramatic Society, accompanied by the Rollo Bay Orchestra in Sturgeon Hall on Friday, September 18th at 8.30 P. M. Dance afterwards. L-6514-9-16-31

#### Quarrel Over Atlantic Nearly Brought Disaster

Pictured above are Dick Merrill (left), veteran transport pilot, and Harry Richman, famous entertainer, round trip Transatlantic fliers.

NEW YORK, Sept. 15—(A.P.)—The Daily News, in a copyrighted dispatch from a correspondent at Musgrave Harbor, Newfoundland, says a quarrel over the Atlantic between the trans-oceanic fliers Harry Richman and Dick Merrill "almost ended with the fliers in Davey Jones' locker."

(Merrill and Richman landed at that isolated Newfoundland village yesterday after their return flight from England.)

In the course of their dispute, says the News, "500 precious gallons of gasoline were tossed to the waves over the protestations of Merrill."

The paper quotes Merrill as saying:

"We had enough gas to get to Atlanta. It was one hell of an experience, I'll tell you.

"Why did we land here in this marsh?" Richman asked me. The answer is that he's the master mind here and he's been the master mind throughout. We almost sank in the drink at one time. I thought we were gone. I wanted to land on the beach here, but like in everything else I had no say—including the dumping of the gas, enough to complete our London-New York hop.

"God it was awful. I was nothing on the trip. Mr. Richman makes all the decisions. It's his flight. His show. All my arguments for different procedure were thrown aside."

As Richman approached during the conversation he and Merrill looked in opposite directions. The paper says.

ARRIVES IN NEWFOUNDLAND

ST. JOHN'S, Nfld., Sept. 15—(C. P. Cable)—Harry Richman's hopes for dinner in New York dimmed again tonight after he and his pilot Dick Merrill waited all day

(Continued on Page 6.)

Long Overdue Schooner Is Sighted Off Cape Race Nfld.

(C. P. By Guardian's Special Wire)  
HALIFAX, Sept. 15—While airplanes roared across the Atlantic in less than 24 hours, the three-masted auxiliary schooner Gad, six weeks overdue on a voyage from England to Halifax, plodded her way through fog, wind and storm towards this port.

The 240 ton lumber carrier left Sunderland, England, July 2 and was sighted 40 miles north of Cape Race, Nfld., Sept. 2 but she has not yet made Halifax on a voyage which was not expected to take more than a month.

Already 75 days out, the vessel is making one of the slowest Atlantic crossings recorded in the last century.

I. H. Mathers and Son, Limited, agents for the Gad here, had given her up as lost until today when the Steamship Betty put into Port Williams, N. S. to load apples and reported sighting the vessel off Cape Race.

The Betty reported the schooner had taken on food and supplies from another vessel at sea. Normally she carried only a month's provisions.

If the vessel was still trying to make Halifax, her agents expected her some time this week. The Gad is owned in Norway and was built 18 years ago at Landskrona. She carries a crew of eight or 10 men.

#### C.W.L. OPENS CONVENTION AT KENSINGTON

The annual diocesan sub-division convention of the Catholic Women's League opened with a large and representative attendance.

Mrs. Leslie Ramsay, President of Indian River sub-division was in the chair.

His Worship Mayor Cooke welcomed the delegates and presented the key to the town.

An inspiring address was given by His Excellency Bishop J. A. O'Sullivan of Charlottetown, honorary patron of the league.

Canadian women would have to lend a hand in the battle against communism by "religious teaching and prayer to destroy the evil," he stated.

With a present day tendency toward the destruction of democracy, communism was even creeping into the homes, Bishop O'Sullivan said. The influence of the woman in the home could not be over-emphasized and women's help to stand off communism was needed.

The speaker deplored the "immoral on the stage and in literature" and urged the women delegates to give combat by teaching and holding high ideals.

Dr. J. A. Murphy, rector of St. Dunstan's University and also a speaker before the convention, urged greater use of Prince Edward Island library which offered a simple and cheap means to adult education.

Mrs. Leslie Ramsay of Indian River presided at the convention opening. Later she was presented with a basket of flowers by little Shirley Hughes.

A report of the National Convention was given by Mrs. Frank Murray, Diocesan president, Mrs. M. M. Murphy, diocesan executive secretary, presented the diocesan report.

#### Italy Makes Huge Wheat Purchase

WINNIPEG, Sept. 15—Canadian wheat exporters sold nearly 2,000,000 bushels to Italy today, it was reliably reported in Winnipeg Grain Exchange circles.

The Italian purchases were included in today's 2,500,000-bushel export business which enabled futures prices to gain 1-1/4 cents a bushel. The October future closed at \$1.04, December at \$1.03 3-8 and May at \$1.05 3-8.

OTTAWA, Sept. 15—Active inquiries for Canadian wheat had been received from Italy and these had been referred to the appropriate quarters, Trade and Commerce officials said here, commenting on the Chicago report that Italy had bought 1,800,000 bushels of Canadian wheat.

The department had no knowledge of the actual transaction reported.

#### Warn Shipping Of Hurricane

JACKSONVILLE, FLA., Sept. 15—(AP)—The year's worst tropical storm, described by the Weather Bureau here as of great magnitude and hurricane intensity, menaced shipping 1,000 miles east of Florida tonight.

Forecasters said the hurricane was central 350 to 400 miles south of Bermuda and was moving slowly north northward or north-westward attended by gales and squalls over a large area and by winds of hurricane force near the centre

#### For High Office

Next lord mayor—Sir George Broadbridge, who according to reports, will be London's lord mayor for the coming year, and will take a prominent part.

#### 62 OFFICERS EXECUTED AT BILBAO

SAINT JEAN DE LUZ, France, Sept. 15—(A.P.)—Spanish Government firing squads tonight suppressed an attempted revolt of the Bilbao garrison.

Sixty-two officers who tried to lead 800 of their men to join the insurgents were shot by militiamen in the courtyard of the Bilbao military prison it was learned through diplomatic dispatches.

Meanwhile General Emilio Mola's fascist warships tightened their blockade of northern Spain's Government-held ports tonight, hoping to starve out the defenders of Bilbao, Santander and Gijon.

The insurgents sought to gain complete control of the Bay of Biscay coast, after capturing Irun and San Sebastian on its eastern extremity.

BURGOS, Spain, Sept. 15—(C.P. Havas)—After "outlawing" more than half the voters of Spain today, the insurgent junta here tonight warned foreign shipping that the northern ports of Bilbao and Santander will be mined after one a. m. Thursday.

The insurgent decree outlawed all members of the People's front, which won a sweeping election victory last Feb. 18. Detailed figures for the election are not known but it is agreed that more than half the voters supported the People's Front parties.

All property owned by members of the People's Front will be confiscated, the decree said. Foreign observers pointed out that the decree will necessarily remain inoperative in the sections of Spain held by the Government.

#### Will Seek Appeal For McMahon

LONDON, Sept. 15—(A.P.)—Counsel for George Andrew McMahon announced today he would appeal the conviction yesterday which sent McMahon to jail for one year at hard labor for brandishing a revolver with intent "to alarm" the King.

McMahon, "silenced" the weapon at the King during a military procession July 16.

#### REPUBLICANS WIN MAINE ELECTIONS

PORTLAND, Me., Sept. 15—(AP)—Maine stood strongly enlisted in the Republican column tonight but interpretation of its vote, ranging from a 40,000 majority for gubernatorial candidate Lewie Barrows down to a 5,000-vote lead for Senator Wallace White, varied in political camps.

"The Maine election has proved that the people of this country are aroused to their danger and determined to preserve their system of life and Government," commented Gov. Alf M. Landon of Kansas.

United States Republican presidential candidate who made a last-minute foray into the state to urge support of the party's candidates for state and federal offices.

"Maine continues Republican by a majority of 50,000 Dupont-Morgan dollars," said James M. Farley, Democratic national chairman, "Maine remains Republican in a local election by a reduced majority."

Completion of the vote was virtually complete tonight with no change, that belated returns from isolated precincts could change the result. All but six of the 633 precincts were counted.

The tabulation showed: For U. S. Senator: Governor Louis Brann, Democrat, 152,902, Senator Wallace White, Republican 157,084; Secretary of State Lewis Barrows, 172,170.

Three Republican congressmen were elected by approximate majorities ranging from 15,000 to 20,000. In the Congressional race, the Republicans re-elected one congressman and defeated two Democrats who were up for re-election.

So close was the Brann-White contest, Chairman Farley hinted at a demand for recount. Farley said the White margin was so small that "it may take a recount to determine the actual vote."

#### Court Refuses Bannister Appeal

FREDERICTON, N. B. Sept. 15 Daniel Bannister lost another chance for life today when the Supreme Court of New Brunswick dismissed an appeal from his second conviction for the murder of Philip Lake.

Unless clemency is granted he and his brother, Arthur, will die on the gallows at Dorchester Sept. 23. An appeal in the case of Arthur, condemned for the same crime, was refused. Mrs. May Bannister, mother of Daniel and Arthur, is serving a penitentiary term for harboring the infant daughter of Lake who, with his common law wife and young son, met death at Pacific Junction, Jan. 5.

#### Urge Religion Play Greater Part In Educational Life

TORONTO, Sept. 15—Archbishop McGulgan and Dr. H. J. Cody, President of the University of Toronto, today united in urging that religion play an integral part in Canadian university education.

Dedicating the new St. Michael's College building and blessing the work of the institution, Archbishop McGulgan told the staff of St. Michael's "If Canada is to remain a fundamentally Christian nation, education must be imbued with religion."

"In these days of Anti-God Propaganda, thrill and vitalize the souls of your students with the rich, full meaning of the first article of the creed, 'I believe in God the Father Almighty.'"

Pointing out that the University of Toronto has four denominational colleges, Dr. Cody said: "Perhaps I am prejudiced, but I rejoice in the fact that there is so large an infusion of religious influence into our educational life. Today we live in a world in which everything we hold dear is challenged and defied. We find nations, great in numbers, doing without God, even denying him. I cannot with certainty forecast the future, but it is the experience of humanity that only on religion and reverence, that rock of ages, can a sound morality and lasting political structure be based."

#### Faces Strikes

PREMIER BLUM

PARIS, Sept. 15—New proposals, described as the Government's final effort to arbitrate the "sit down" strike of 45,000 Lille textile workers, were drawn up by Premier Leon Blum's cabinet tonight as additional strikes were reported from various parts of the country.

Faced by the Lille employers' refusal to promise to carry out the Government's orders, Blum summoned both employers' and workers' delegates to a conference tomorrow, at which his proposals will be placed before them.

#### VETERAN ARMY BAULK PROBE

SHANGHAI, Sept. 15—(AP)—Defiant members of the old "19th Route" Army, valiant defenders of Shanghai four years ago, tonight were reported blocking both Japanese and Chinese attempts to investigate the mob killing of a Japanese national at Pakhoi.

While China's foreign minister and Japan's ambassador conferred at Nanking on this and a preceding, similar incident one native newspaper reported the veterans of the Shanghai siege already had clashed with a Japanese naval landing party.

Other sources termed this report "premature." A half dozen Japanese warships stood off the troubled South China sector "to protect Japanese interests."

Shigeru Kawagoe, Japan's ambassador to China, said the incidents were regarded not as isolated or spontaneous outbursts but as the fruit of virulent anti-Japanese sentiment deliberately fomented throughout China.

#### COUNCIL PLANS UNAFFECTED BY NEW CONTRACT

Royal Securities Corp. And Montreal Engineering Co. Obtain Security Holdings

The Royal Securities Corporation Limited has purchased from the New England Gas and Electric Association of Cambridge, Mass., all the latter's security holdings in the Maritime Electric Company which distributes light and power in Charlottetown and Montague in Prince Edward Island, and Fredericton, St. Stephen and St. Andrews in New Brunswick.

Announcement to this effect was made here last night by Mr. Denis Stairs, of the Montreal Engineering Company which is affiliated with the Royal Securities Corporation in the transaction.

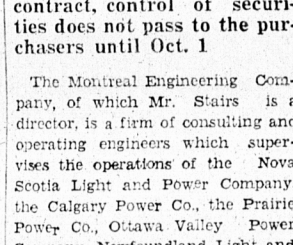

Under the terms of the contract, control of securities does not pass to the purchasers until Oct. 1.

The Montreal Engineering Company, of which Mr. Stairs is a director, is a firm of consulting and operating engineers which supervises the operations of the Nova Scotia Light and Power Company, the Calgary Power Co., the Prairie Power Co., Ottawa Valley Power Company, Newfoundland Light and Power Company, Puerto Rico Light and Power Company, and all the properties of the International Power Company in Central and South America.

At Monday night's meeting of the
