A LIONESS TRAINS HER CUB. The instructions began. The young lions carefully watched their mamma stand up, spring upon the victim and go through the motions of giving it the coup de grace. Then they faithfully imitated her actions, and after a few minutes the lioness's sufferings were over. The lioness looked about for another subject of demonstration and found it in the form of a buffalo that came strolling down to the open space. This time, however, the pupils did not have so easy a lesson. The buffalo, full of fight, defied the attacks of the cubs that the lioness instructed had to take a hand.

THREE CHOICES.—A DeLuxe Housewife Receipt and calendar, the Farmers Guide and Calendar and the Auld Lang Syne calendar one with each new or renewal.

THE YELLOW STUB.—The Guardian's new serial starts next week. This is a story for the entire family. It concerns ordinary everyday people. Its action might take place very naturally in your neighborhood, even in your own home. The men folk are going to devour this one. It has adventure and thrill and mystery to it. And as for the women and girls, bless their hearts, there's an engrossing, a romantic plot running through the action as they'll find in many a day. The outcome of the love situation will be as breathlessly anticipated by them as the pulse-quickening solution of the crime mystery will be awaited by the men. Although the main theme has to do with the solution of a very mysterious murder, the author does not make heroes of criminals. You will not have to hide the story from the juvenile members of the household.

Fashion Fancies

By Marie Belmont
So many of the smart resort frocks have emphasized the use of two shades of the same color. The sketch above exploits the effectiveness of this plan when the frock is one of youthful lines. Kasha in a deep pink tone is chosen for the body of the frock, while the bands are of kasha in rose color, and fastens straight down the back. The rather large hat repeats the deep pink, with a band of rose color.
