A LABOR DECISION OF SOME INTEREST

NEW YORK, April 1—A decision of interest regarding a labor agreement was handed down here to-day by the United States Court of Appeals in the suit of the National Fire Proofing Company against the Mason Builders' Association and the Bricklayers' Unions.

The decision discloses a novel situation. It is held by the court that while the plaintiff has cause for complaint against an agreement between the Builders' Association and Bricklayers Union since it prevents the National Fire Proofing Company from doing business in the way it wants, there is no remedy in law or equity on the evidence submitted. In the opinion of the court, written by Judge Noyes, the proposition is stated that when equal rights under the law clash, there is no remedy for an injured party.

IRISH LAND BILL.

LONDON, April 1—The Chief Secretary for Ireland, Mr. Birrell, to-day reintroduced the Irish Land Bill in the House of Commons in exactly the same form as when it was crowded out at the end of last session. He said it would require an expenditure of at least nine hundred and fifteen million dollars to satisfy the land hunger of the Irish, and of this total Parliament would have to provide seven hundred and seventy five million dollars.

ANT THOUGH WISHED TO HARM SON

PARIS, April 1—A special dispatch from Rome says that Giuseppi Tosti, Ex-President Roosevelt's assailant on board the steamer Hamburg, emigrated from Italy to New York with his son. The latter was deported as a dangerous character, and Tosti appealed to the White House to have the order of deportation rescinded. his appeal at first was not answered but finally Tosti was informed that President Roosevelt could not interfere in the matter.

According to the dispatch Tosti then decided to rejoin his son and embarked on the steamer Hamburg by pure chance. Being under the delusion that the ex-president wished to harm his son, the sight of Mr. Roosevelt drove him into frenzy. The authorities at Naples will take charge of Tosti on the arrival of the Hamburg and place him on trial.

NAPLES, April 1—During his stay at Naples, Ex-President Roosevelt will be guarded by a corps of bicycle police under command of Commissioner Mezzacapo, who is a nephew of the noted General Carlo Mezzacapo. Mr. Roosevelt will reach here on Sunday, and arrangements have been made for the sailing of the steamer Admiral, on which he will travel from his port to Mombrosa at midnight Monday.

Horse No. 6, sired by "Bronze Chief" to A. Kennedy, Southport, for $100.00.

The carriages and harness sold very cheap. A high wheel carriage bought last summer for $180.00, one of the most fashionable made, brought only $70.00. R. J. Steele City was the purchaser. Other carriages brought from $31.00 to $40.00 and the harness were sold from $6.00 to $10.00 a set. A bic sulkey was also sold for a little over $30.00.

There were lots of fun at the sale, besides a "mix up" over a dog fight. A young lad by the name of Chappell from the Royalty, brought into the ring, a "young stallion" for sale. He was bid in for $105.00 and after the horse was "knocked down" to the bidder, the owner claimed there was a reserve bid of $125.00 and would not give the animal up. The owner forgot to tell the auctioneer about the reserve bid. Michael McKenna, Vernon River Bridge was the purchaser, and the court will likely decide the trouble.

The tide will be high this morning at 9.53 and tomorrow morning at 10.22.

SAD FATALITY BY FIRE

EMO, Ont, April 1.—The dwelling of Albert Stirret, a farmer, was burned last night, and two children, aged seven and five were burned to death, and other members of the family were slightly burned but escaped by jumping from the upper windows.

DR. JONES MURDERED.

MANILA, April 1—Word has been received of the murder of Dr. William Jones, the noted anthropologist, who was making researches in the Philippines for the Field Museum of Natural History of Chicago. The murder occurred at Dumaboto, at the headwaters of the Cagayan river, in Isabella province. No details of the attack have been obtainable thus far, but it is believed that the scientist was set upon and killed by wild tribesmen.

Dr. Jones had been in the Philippines two years investigating the wild tribes on the island, and preparing an exhaustive report of them for the museum. For several months he had been studying the Ilongols, living among them in the hills. The government is preparing to send a party from Echague, the nearest post to Dumaboto, the scene of the murder, to investigate.

Isabella province is in the northeastern part of the Island of Luzon.

MURDERED.

Put right out of business, a whole family of corns by Putnam's Corn Extractor, which cures corns and warts in one day. No pain or sore if "Putnam's" is used. Refuse substitutes.

BURGLARS AT PORT ELGIN

PORT ELGIN, April 1—Thieves are again at work in Port Elgin and last night or early this morning the store of Messrs. McLeod and Spence was burglarized. Entrance was effected by way of a cellar window and once in the building the thieves helped themselves to quite a quantity of miscellaneous articles including ties, knives, gloves, handkerchiefs, perfumes, etc., as well as some caddies of tobacco. They also got at the till and appropriated several dollars though fortunately the amount which had been left in the cash drawer was not large.

At the time of writing there is no clue as to the identy of the marauders thought it is felt by some persons that the thieves must have been more or less familiar with the business section of the town. On the other hand, it is thought that a couple of strangers, who have been seen about of late, may be the guilty ones. It is also understood here that the railway station at Baie Verte was entered during the night. Possibly the two burglaries were committed by the same persons. It is to be hoped that the guilty people will be found out and properly punished.

AN OLD FRIEND ON DECK AGAIN

BOSTON, April 1—The notorious Spanish swindle, in which an imprisoned banker, a beautiful girl immured in a convent, and a valise full of valuable securities were the principal baits, appealed so strongly to Anders Andrewsan, a Harrison avenue metal worker, that he invested in the proposition three thousand dollars, the savings of a lifetime, and lost the money. Andrewson went to Madrid the past winter, furnished the swindlers with the money they desired and received in return a worthless check for one hundred and sixty thousand dollars drawn on a Chicago bank. Andrewson, who is a Swede, reported his loss to the postal authorities and the Swedish consul. Police machinery was set in motion and four men have been arrested in Madrid in connection with the swindle, according to an announcement made yesterday at the local office of the post office inspectors. Of these four men it is believed that two of them are the ones with whom Andrewson did the business.

STUDENTS CLASH WITH POLICE

SACKVILLE, N. B., April 1—Mount Allison University students got into a bad mixup with the police last night, while celebrating their victory in a debate with the University of New Brunswick. They pulled the fire alarms, rang church bells, and lit bon fires in the streets. The whole police department turned out and after 6some injuries received, the students dispersed.

HAVE ADOPTED FRANCO-CANADIAN TREATY

PARIS, April 2—The Senate by a vote of 317 to 6 adopted the Franco-Canadian Commercial Treaty. Senator Delahaye and others made a last effort to further postpone action, pending the revision of the French Tariff. They directed attacks especially against the clause relating to cattle and agricultural machinery clause would open a side door to the United States.
