

# THIN, NERVOUS PEOPLE NEED BITRO- PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Weak, thin people—men or women—are nearly always nervous wrecks thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Diets specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve building and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; constipation and gloom; dull eyes become bright and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks. It can be obtained from Geo. E. Hughes, (Ltd.) or any first class druggist.

**CAUTION**—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

## FARMERS' WEEK, January 24th to 27th

Those who can should endeavor to attend some or all of the following meetings

THE GUARDIAN CENTRAL JOB PRINTERY

176 Kent Street  
Charlottetown, P. E. I.

# Summerside and Western Guardian

—IT PAYS to buy in this province.

**—POLICE COURT**—One drunk was up before Supt. W. J. Wyatt Wednesday at Summerside and was fined 2.00 and costs.

**—SMELTS**—A refrigerator carload of smelts was shipped by parties in Summerside for the American market Wednesday of which they expect to realize a big price.

**—MISCOUCHE PIE SOCIAL**—A pie social was held in the Miscouche Hall Monday night. Dancing was kept up till the early morning and all seemed to enjoy themselves thoroughly.

**—TRAPPERS**—Most of the successful trappers in this county have gone out of business this year. Three refuse to spend the winter days in setting and looking after the traps, the reason given is the low price of furs. Last year at this time muskrat brought from \$3 to \$5 each, now they are only worth 10 to 25 cts. Mink last year were worth \$10 to \$12, while now they bring only \$1 to \$2. Hides a year ago brought \$20 to \$30, they are now worth about \$4 to \$6.

—What might have proved a fatal accident occurred on Monday night last. A number of young men went out rabbit shooting in the woods to the west of Summerside and during the afternoon's sport one of them fired his gun at what he supposed was a running rabbit, but in going over to pick up his bunny, to his surprise he found he had shot his American friend who is one of the sporting bunch. However it was lucky that but one shot had found its mark, just below the knee sufficient to dampen the spirit of the sportsman. A number of guns and other sporting goods are now for sale at a bargain and the rabbit is still at large.

—SHOP FROM HOLMAN'S cata-

**—PROFITABLE AFFAIR**—The pie social at Miscouche Hall on Monday evening was largely attended and well patronized, a number of young men and ladies from town were present. Besides the auctioning of pies, the evening was spent in dancing.

**—WELL KNOWN RESIDENT**—Death occurred of Mrs. Allen Smith of Ellerslie, deceased was in her 89th year and was widow of the late James Smith, who predeceased her 4 years. Deceased was the mother of 5 children of whom 4 now live in Ellerslie, namely Mrs. Thomas Burleigh, Edward Ford, Sarah T. Smith and Western Smith. Also 19 grand children, 12 great grand children, two great great grand children. Deceased was one of Ellerslie's oldest residents where she lived all her days. Funeral service was conducted at the home and church by the Rev. H. W. Sawdon. The remains were laid to rest in the Bedford Methodist Church cemetery beside her husband and children. The pallbearers were Colin Smith, Thos. Phillips, Jas. Cameron, John George, Jameson, Douglas and James Accord.

**—WESTERN PERSONALS**

—J. Stanley Woodcock was in Summerside Tuesday on business.

—Jas. Tuplin, Alberton was a visitor Tuesday in Summerside.

—Mr. John B. McFadyen Augustin Cove was a recent visitor to town.

—Mr. and Mrs. Roy Clark, Augustin Cove paid a visit to town on Monday.

—Mr. Michael Mountain, Kensington, spent over Sunday with friends in town.

—Mr. Thomas McInnis, New Glasgow, N. S. is visiting former friends in town.

—J. S. Fanning of the Transfer staff, Borden spent the week end with friends in Summerside.

—Friends of J. E. Dalton will be sorry to hear that he is confined to his home with a heavy cold.

—Walter Hogg, of R. T. Holmans, Ltd. Summerside spent the week end with his parents in Sherbrook.

—Mr. and Mrs. Jack Peters of Summerside spent over Sunday at home with her parents, Mr. and Mrs. Harris.

—Mr. Harry Spears, Phillipsville, who had been under medical treatment at the Prince County Hospital has so far recovered so that he is around town.

—The condition of Mr. Oliver Ryder, Muddy Creek, who recently underwent an operation for appendicitis at the Prince County Hospital is reported quite satisfactory.—H.

—Miss Evelyn Stevenson, Mrs. Mills, Mrs. G. Ballingall and Mrs. Murray of Maine are visiting in the city and were guests yesterday of Miss Agnes Williams, Hillsboro St.

—His many friends will learn with pleasure that Mr. John Bullman of Holmans, Ltd., Harward, is rapidly regaining his former health after his recent operation for appendicitis at the Prince County Hospital.

—Charles McElmish the local engineer in the yard at Summerside while getting out of the engine Tuesday afternoon received a bad shelling up falling on ice and injuring himself to such an extent that it is expected he will be confined to his home several days.

## FERTILIZING PASTURES INCREASES CARRYING CAPACITY

That fertilizer on pastures is productive of better pasturage should be known to all farmers. The Virginia Experiment Station top-dressed pasture with fertilizer and found that it helped materially in driving out broom sedge, one of the worst weeds in southern pasture lands. The Massachusetts Experiment Station come overgrown with mosses, sedges, bluets and other weeds. The weeds were driven out, clovers and blue grass brought in, and the carrying capacity of the pasture greatly increased. In neither case, however, were measurement taken of the increase in production.

On permanent pastures the soil must be so treated as to bring in white clovers. This means lime, and available phosphoric acid, potash and a small amount of amount of ammonia to start early growth. The fertilizer should be applied just as the grass turns green in spring. On rotation pastures—usually run out meadows from which the clover have disappeared—more ammonia is needed in the fertilizer.

## POT-BELLIED BULLS

Feeding the bull is an important item. The bull should not be too fat, but should be kept in good condition, with liberal feeding of the proper kind of feed. Alfalfa or clover hay makes a good roughage. Much silage should not be fed. Heavy feeding of silage tends to develop potbellies in bulls which decreases their potency. Fifteen to 18 pounds a day should be the limit of this feed. Grain to the extent of four to eight pounds a day, depending on the size of the animal should be fed. A good grain mixture for a cow producing milk is a good grain mixture for the bull.

## A Doctor's Prescription

For internal and external use that has a nation wide reputation for great merit.

**TEN MILLION BACHELORS.**—The world's largest single collection of bachelors now is included within the population of the continental United States, a forthcoming official analysis of the census bureau reports is expected to show. The analysis will reveal nearly ten million bachelors, unmarried males over 20 years old. Western states and cities harbor most of the bachelors. The number of "uncaught fish" is said to be constantly increasing.

## CUTICURA HEALS INTENSE ITCHING

Burning On Hands, Could Not Put Them In Water, Lost Sleep.

"My hands were very sore and I could not put them in water to wash them. There were some pimples on my hands, and the itching and burning were so intense that I scratched and irritated them, and I could not sleep at night.

The trouble lasted two weeks before I tried Cuticura. When I had used two cakes of Cuticura Soap and one box of Cuticura Ointment for about two weeks I was healed." (Signed) Reginald Daigle, R. F. D. 2, Fort Kent, Maine.

Use Cuticura for everyday toilet purposes. Bathe with Soap, soothe with Ointment, dust with Talcum.

50c. 25c. Ointment 25 and 50c. Talcum 25c. Sold throughout the Dominion. Canadian Depot: Montreal, 34 St. Paul St. W. Beware of cheap Cuticura Soap without name.
