

MEDICAL ASSOCIATION PRESIDENT'S ADDRESS

At the annual meeting of the Prince Edward Island Medical Association which took place on Wednesday, Dr. W. J. McMillan read the presidential address which is published below:
Gentlemen:
Allow me in beginning to extend to you my sincere and hearty thanks for electing me President of the P. E. Island Medical Association. The presidency of this association is indeed an honor, of which anyone, may well be proud. It is one which I duly appreciate and shall ever be grateful for.

PREMIER FLEMMING ON WITNESS STAND GOLDEN JUBILEE CELEBRATION K. OF P. TRAIN IS DERAILED FIREMAN INJURED ROYAL COMMISSION SAILED FOR CANADA

ST. JOHN, July 18.—The inquiry into the charges made against Hon. J. K. Flemming, in regard to raising money from timber operations in the province was continued today. Hon. J. K. Flemming was on the stand himself and admitted knowing that a fund for campaign purposes was being raised by the lumbermen, but he believed that it was secured by voluntary subscriptions. He had not asked W. H. Berry to collect the money nor had Berry acted as his agent. In fact he had told Berry to have nothing to do with the money. As far as the money was concerned Mr. Flemming said that not one cent had been put by him to personal use, nor did he know what amount had been collected.

FAREWELL TO ISLAND PASTOR

Fredericton Gleamer—Rev. Neil McLauchlan, who preached his farewell sermon at the Methodist church yesterday after a successful pastorate of four years, was presented with a purse of \$100 in gold on Saturday evening by a committee from the congregation. The presentation took place at the parsonage on King Street and was so much of a surprise that Mrs. McLauchlan was out at the time. Rev. Mr. McLauchlan being alone in the house. Judge Wilson made the presentation and read the following address:
To Rev. Neil McLauchlan:
Reverend Sir—The men of the Methodist Church and congregation feel that they cannot allow you to depart for your new field of labor without expressing our admiration for you as a man and our high appreciation and thankfulness for your service for us spiritually for the past four years.

Grand Lodge Convention of Maritime Provinces at Halifax on 21st to 24th.

The twenty-eighth annual convention of the Grand Lodge Knights of Pythias, of the Maritime Provinces, meets in Halifax, N. S., on Tuesday next, the 21st inst. The event this year is a very interesting and important one, as the Lodges in the Domain meet not only in annual convention of Grand Lodge, but also to celebrate as a Grand Domain the semi-centennial or Golden Jubilee Anniversary of the Order, which has passed its 50th milestone. Great progress has been made in the advancement of the Order during the past 50 years. Starting with the small membership of 12 in the City of Washington, on February 19th, 1864, it is now the third largest fraternal organization in the world, numbering in the vicinity of one million members. Much activity has been shown by the Lodges in this Domain during the past year, and as a result of the work done, about 650 new members have been added in the Maritime Provinces since last Grand Lodge Convention. The past year has been a record one—the most prosperous for the Order in the history of this Grand Domain. This is highly gratifying to the Grand Chancellor of the Domain, Mr. C. Leonard MacKay, of this city, who has spared no efforts to make the past year a banner one. A very elaborate programme has been prepared for the entertainment of those who attend Grand Lodge this year, and the members of Halifax Lodge have spared no pains to make the convention this year the best in the annals of Pythianism. A large number of Empire Lodges, No. 19, of this city, leave on Monday morning to attend the convention, among whom will be Grand Chancellor, C. L. MacKay.

AWFUL AUTOMOBILE ACCIDENT IN CHATHAM

CHATHAM, N. B., July 17.—In one of the worst accidents in the history of automobilism in New Brunswick, W. L. T. Weldon, tailor of this town, met a fearful death last night. With three others in the car with him, it overturned on a hill and pinned him to the ground. Flames broke out and the car, an up-to-date one, was consumed by flames, while the others could not rescue him. Two of the others escaped unscathed and Nathan Deskin, of Montreal, had his foot and head injured.

DEAD HERO'S MOTHER RECEIVES HIS PAY

ST. JOHN, July 17.—The City Council yesterday decided to pay the mother of Frank O'Leary, during her life time, the salary of her son. O'Leary lost his life in the city's service. The city is merely paying its debt.

MR. G. R. BEER MAKES GRAND POSSIBLE

All local records in rifle shooting over the 200, 500 and 600 yard range were shattered yesterday afternoon, when in a practice shoot on Kensington Range, Mr. G. R. Beer, of the Charlottetown Civilian Rifle Club, who has been doing phenomenal scoring recently, made the grand possible of 105 pts. This is the record for the province since the records were made. Up to recently the record score over the three ranges named for the Island was the 103 pts., made by "Disley Jones" at the Provincial meet two years ago. But a couple of weeks ago Mr. Beer, with a similar score, shared the honors with Major Jones. Yesterday's score, however, eclipses all other performances with the rifle in this Island. The merit of the score is enhanced by the fact that it was made in 21 shots, that is to say, he used no sighting shots; his first shot at each range finding the bull's eye. Further, the conditions were not of the easiest. There was a strong five-o'clock wind blowing at 200 yards, he had to allow three minutes of angle or "degrees," as riflemen commonly say, at 500 yards, eight degrees, and at 600 yards, twelve degrees. It was with feelings of undisguised pleasure that these others who were on the range saw the last shot result in the joyous white square coming up heralding the accomplishment of that which it is the aim of every rifleman to achieve—the grand possible. Mr. Beer is heartily congratulated upon his great shooting, and no doubt will receive the felicitations of every rifleman in the Island. That he is in wonderful form this year is beyond question. Up to date he has made scores of a hundred points and over at the 200, 500 and 600 yards, on no fewer than six occasions, as follows:—105, 103, 102 (twice), 101 and 100. Such great shooting deserves special recognition, and it is understood that it is the intention of the members of the Civilian Rifle Club, who are proud to include in their ranks such a wonderful shot, to present him with a gold medal as a souvenir of yesterday's magnificent performance, and in addition to use the opening ceremony of their new bungalow as a further tribute to their clubman's skill by making it a dinner in his honor.

DIED FROM HEAT

MONTREAL, July 16.—Montreal's first death from heat this summer took place yesterday afternoon, when Mrs. Annie Alexander, 81 years of age, dropped dead in her garden at the rear of her residence, 29 Arcade street. The body was taken to the morgue, and the physician reported that the excessive heat was the cause of the woman's death.

DAMAGE BY CLOUD-BURST.

RALEIGH, N. C., July 15.—Damage estimated in excess of \$100,000 was caused here last night as the result of a cloud-burst. The Carolina Power and Light Company was put out of commission, two State printers, and the News and Observer buildings were flooded, some being six feet deep in water. The rainfall was 3.4 inches in one hour, the greatest here in twenty-six years. Parts of the city were still under water last night.

ROYAL COMMISSION SAILED FOR CANADA

(Canadian Press) LONDON, July 17.—The main body of the Dominion Royal Commission sailed for Canada today by the Albatross. They will land at Rimouski, from whence they will be conveyed to St. John's, N. E., by the steamer Earl Grey. The Chairman, Lord Dabernon, although not known until recently was included in the birthday honors. Sir Edgar Vincent was expected to sail owing to illness but hopes to come in three weeks. Sir Alfred Bateman will preside at the sittings in Newfoundland and the Maritime Provinces. Between August

FOUNDATION STONE OF B. C. OFFICES LAID

(Canadian Press) LONDON, July 16.—After having been held up for several months owing to the Builders' strike, the foundation stone of the new building for the British Columbia offices was laid Wednesday by Prince Arthur of Connaught. A congratulatory cable from the Governor General to Secretary for the Colonies, Lewis Harcourt, expressed His Highness's anticipation of visiting the beautiful province.

HUERTA'S ADDRESS AT HIS RESIGNATION

MEXICO CITY, July 17.—The text of General Huerta's resignation follows:—
"Deputies and Senators: Public necessity, admitted by the chamber and the supreme court, called me to the supreme magistracy of the republic. Later, when in this same hall I had the honor of addressing you in compliance with the constitutional precept, I promised at all cost to bring about peace.
"Seventeen months have passed, and in that brief period of time I have formed an army with which to carry out that solemn promise. You all know the immense difficulties which my government has encountered owing to a scarcity of funds, as well as to the manifest and decided protection which a great power of this continent has afforded to the rebels—so much so, that when the revolution had broken up, seeing that its chief leaders were and continue to be divided, the power in question sought a pretext to intervene directly in the conflict, and the result of this was the outrage committed at Vera Cruz by the American fleet.
"Success was had, as you know, in adjusting honorably through our delegates at Niagara Falls, the petty Tampico incident, but the revolution continued, with the support of whom we all know.
"Yet after the highly patriotic work achieved by our delegates at Niagara Falls, there are still some who say that I, come what may, seek my personal interest, and not that of the republic. And as I need to rebut this allegation with acts, I tender my formal resignation as president of the republic.
"The national congress must know that the republic through its government labored in entire good faith and with the fullest energy, having succeeded in doing away with the party which the United States calls itself democratic, and having shown how the right should be defended.
"To be more explicit, I will say that the action of the government of the republic during its short life has dealt death blows to an unjust power, and implements that undoubtedly so much harm and committed so many outrages on this continent.
"In conclusion I will say that I abandon the presidency of the republic carrying with me the highest sum of human wealth, for I declare that I have arraigned at the bar of universal conscience, the honor of a Puritan, whom I, as a gentleman, challenge to wrest from me that possession. May God bless you and me."

ST. JOHN'S EN FETE FOR THE DUKE

ST. JOHN'S, July 16.—The illumination last night for the Duke of Connaught's reception was the biggest thing of its kind in the history of the colony. The British warship Essex, the French warship Friant, and the American revenue cruiser Seneca were illuminated. The former also worked an electric searchlight. The whole city was also illuminated, and the public buildings were electrically embellished. The Masonic temple and Reid railway station were also brilliantly featured. 25,000 additional electric lamps were provided for the illumination in general. The streets were crowded until midnight, and multitudes cheered the duke as he drove to and from the Masonic temple. At the temple a few thousand Freemasons greeted him and presented an address in a silver casket, to which he suitably replied, and afterwards enjoyed the hospitality of the brethren. Returning he saw the electrically illuminated buildings and expressed great pleasure at the general character of the illumination and the artistic design and many devices. This morning the Duke motored with Railway Manager Reid through a large suburban section of country and

MISS GRACE HACKETT.

Instructor in Drawing at Summer School of Science. Following is a sketch of her career and a description of the work she is conducting at the school:—
Born in Boston and educated in the public schools of Worcester and Boston, Mass. A graduate of the Massachusetts Normal Art School of the class of '98—Extra courses in the Worcester and Boston Art Museums—classes. Studied landscape painting in England and France—illustrated a book entitled "Little People of the Dust." For sixteen years has been supervisor of drawing in Massachusetts schools. Present position is that of assistant to the Director of Manual Arts in Boston; also in charge of the Art department in the Mount Ida school for girls in New-Town.

POLITICAL CAMPAIGN IN QUEBEC PLANNED.

OTTAWA, July 16.—Hon. L. P. Pelletier, Hon. Louis Coderre and Hon. W. B. Nantel, will go to Sorel shortly to speak at a Conservative demonstration. The political probabilities point to considerable campaigning in Quebec province this summer and autumn, both parties having arranged for a number of meetings.

THE WEATHER THE TEMPERATURE TIDE MOON, ETC.

(Special to The Guardian.) TORONTO, July 18th.—Maritime: Fresh to strong south-westerly to north-westerly winds; local showers or thunderstorms but partly fair. THE WEATHER.—Yesterday was fair and warm. The highest temperature registered yesterday was 81 deg. above zero, the lowest the previous night being 66 deg. above. At 9 a. m. yesterday it was 68 deg. above; at 3 p. m. 70 deg. above. The tide will be high this evening at 7.36, tomorrow at 8.43, and Monday at 9.41; it will be high tomorrow morning at 6.34, Monday at 7.25 and Tuesday at 8.20. The sun sets this evening and tomorrow at 7.45 and Monday at 7.44; it rises tomorrow morning at 4.27, Monday at 4.28 and Tuesday at 4.29. The moon sets this afternoon at 4.28. The last quarter of the moon was on Wednesday, July 15th, at 3.32 a. m. There will be a new moon on Wednesday, July 22nd, at 10.33 a. m. The length of today will be fifteen hours and nineteen minutes.

A NOTED HORSE DEAD.

LONDON, July 16.—The famous Clydesdale stallion, Baron of Buchlyvie, which, by order of the House of Lords, was sold to William Dunlop for £9,500 two and a half years ago, has had to be destroyed.

(third and the end of the month the commission will cover east as far as Montreal and Ottawa and will proceed to Toronto in September. They will travel via Sarnia to Fort William and reach Winnipeg about the middle of the month when they will visit Regina, Edmonton, Calgary, Banff, and Vancouver. They will conclude the tour at Victoria on October 11. The members of the Commission will disperse in different directions, one or two possibly returning via Panama, while others will travel to Prince Rupert and see something of the Grand Trunk Pacific.

The whole city was also illuminated, and the public buildings were electrically embellished. The Masonic temple and Reid railway station were also brilliantly featured. 25,000 additional electric lamps were provided for the illumination in general. The streets were crowded until midnight, and multitudes cheered the duke as he drove to and from the Masonic temple. At the temple a few thousand Freemasons greeted him and presented an address in a silver casket, to which he suitably replied, and afterwards enjoyed the hospitality of the brethren. Returning he saw the electrically illuminated buildings and expressed great pleasure at the general character of the illumination and the artistic design and many devices. This morning the Duke motored with Railway Manager Reid through a large suburban section of country and

A NOTED HORSE DEAD.

LONDON, July 16.—The famous Clydesdale stallion, Baron of Buchlyvie, which, by order of the House of Lords, was sold to William Dunlop for £9,500 two and a half years ago, has had to be destroyed.
