LEAFS CONFIDENT OF EVEN CONDUCT

Toronto Club Unworried In Role Of Under Dog; Boston Bruins Jubilant

(By George Maguire, Canadian Press Staff Writer)
(C. P. By Guardian's Special Wire)
BOSTON, March 25.—Boston Bruins' hopes of making it two in a row over Toronto Maple Leafs in their National Hockey League championship series suffered a setback today when "Babe" Siebert went to the sidelines with an injured foot, but the bean counters remained confident of thumping Connie Smythe's skaters again Tuesday night.

SIEBERT (Boston)

The veteran defenceman reported he was unable to stand on a right foot that suffered a bone bruise when kicked by a Leaf Saturday night as the Bruins surged to victory in the first game of the series. Blond Bert McInenly will play alongside Eddie Shore in the meantime.

Following a light practice at the Garden today, the Leafs returned to their quarters at a Boston club in good spirits and confident of winning Tuesday's match and squaring accounts before moving for the conclusion of the series at Toronto.

Outside of minor gashes and bruises, the Canadian-group winners emerged from Saturday's bruising contest in good shape, and unless the Leaf board of strategy decides on last minute changes the lineup will be unchanged from that which lost to the Bruins 1-0 after 93 minutes, 26 seconds of rousing hockey.

Louis Eager To Meet Camera

(A. P. By Guardian's Special Wire)
DETROIT, March 25.—Joe Louis, the sensational 30-year-old negro fighter, isn't a bit worried about his first 15-round bout, tentatively set for June 19 in New York with Primo Camera, former world's heavyweight champion.

"It isn't going to last more than five rounds," the brown bomber grinned today as he looked at the hands which have blasted him a place among the leading contenders for Max Baer's crown.

Joe has won 16 fights since turning professional, 13 of them by the knockout route.

AFRAID to marry George...

Of course she loves him—but she fears taking a chance with his happiness. If George is so careless about his appearance—tries to get by without shaving—how can he ever succeed in business? Employers won't tolerate stubble—will not place confidence in a man who doesn't keep clean-shaven.

Today the only men who dread shaving regularly are the comparatively few who have not yet had the pleasure of using the Gillette "Blue Blade." Regular users of this blade know how gently, smoothly it removes stubble... and permits daily, or even twice daily shaving... without pull or irritation. This is because today's Gillette "Blue Blade" is scientifically ground, honed and stropped to produce the finest shaving edge ever put on a razor blade. Buy Gillette "Blue Blades" today.

Two very hard-fought games were played in the Holy Name Club Gym on Friday and Monday nights. The first, between the league-leading Falcons and the Navy, was won by the Navy 35-20, after a bitter struggle from whistle to whistle.

By virtue of a close win over the Saints last night, the Navy drew up on even terms with the Falcons, whom they will now meet for the City title and a crack at the City championship.

The "Babe" Still A Big Magnet

(A. P. by Guardian's Special Wire)
ST. PETERSBURG, Fla., March 25.—Babe Ruth is only hitting around 250 so far against the assorted pitching of the "grapfruit circuit," but the elderly Bambino is batting 1.00 at the boxoffice.

The direct consequence is that Boston Braves in Broadway's parlance, will be "off the nut" for their spring training trip for the first time in the club's history. Only one out of eight of their 27 scheduled games played so far, Ruth has been the magnet for an aggregate of \$20,000 paid admissions, with receipts figured around \$12,000 and the Braves "cut" at \$6,500.

(C. P. By Guardian's Special Wire)

Robichon, Three Rivers, today suggested a national lottery to be managed through post offices with drawings once a month, as a possible means of relief for the unemployed and children among them, shouting "down with the King" marched to Glasgow Green yesterday waving red banners and flags in the largest demonstration against the unemployment act this city has seen.

Three thousand of the demonstrators came from all parts of Scotland. Many of them walked to Glasgow.

The visitors were accommodated overnight in various public halls belonging to the city corporation, which has a Socialist majority. It was the first time in the city's history such a concession had been made.

Before proceeding to Glasgow Green the marchers paused at Church Square, near the town chambers, waving red flags and banners. No arrests were made.

GENEVA

(Continued from Page 1)

heartened tonight by Berlin reports that Germany seems to be showing a disposition to enter a collective European peace system; the opinion of Geneva is that the outcome of the Anglo-British Berlin talks will greatly affect the tenor of a special session of the council of the League, officially convoked today for April 15 to consider France's appeal against the Reich's rearmament.

Italy, it is known, is as keen as France for a special session.

While Japan officially leaves the League tomorrow, having given notice two years ago, reliable information indicates she is adopting a hands-off policy concerning German rearmament. She is especially interested in the attitude of Russia upon the whole problem.

LAVAL TO VISIT MOSCOW

PARIS, March 25.—(A. P.)—Pierre Laval, French Foreign Minister, will go to Moscow immediately after a session of the League of Nations council April 15 to hear France's appeal against German rearmament, it was said today in official circles.

On the Russian visit Laval is expected to push the proposed Eastern mutual assistance pact.

Although France is closely following Anglo-German negotiations in progress in Berlin, she is expected to go through with the Eastern pact regardless of the Berlin results.

The Chamber of Deputies voted, 453 to 125, to build a 35,000 ton battleship and two destroyers as a result of Italy's naval program. It also passed a law providing compulsory training of the nation against possible air attacks.

The law provides' drills may be called at any time by the government. It strikes at efforts of Communists and Socialists to obstruct the training by providing prison sentences of from six days to a month for those convicted of attempted obstruction.

LATE RALLY HALTS DOWNWARD TREND

(By Frank MacMillan, Associated Press Financial Writer)
NEW YORK, March 25.—Wall Street sang the railroad blues again today, as a sinking spell in the carrier shares at mid-day dragged the financial lists down substantially before pressure was lifted.

A better tone in late dealings, stimulated by recovery in staples, cancelled much of the loss and in all but a few of the higher priced stocks, leaders confined their net losses to fractions. A few, especially in the non-ferrous metal group, were able to register minor gains on the day.

With the exception of a firm tone in U. S. Government obligations, the bond market did nothing to help steady sentiment elsewhere. Secondary railroad and utility loans were generally down a point or so and failed to show rallying power at the close.

Pressure was concentrated for a time on some of the more vulnerable spots in the stock list, where some shares gave ground rather easily. But the turnover figure for the day, at 463,574 shares, gave no indication of any general disposition to press equities for sale. The Associated Press average for 60 stocks receded 2 of a point to 86.1. The 15 rails in the compilation were off 5 of a point, at 19.3.

Canadian mining issues moved narrowly. But the higher-priced stocks averaged a little lower. McIntyre-Porcupine, Noranda and Lake Shore recorded losses ranging up to half a point. Fractional gainers included International Nickel, Hudson Bay Mining and Nipissing.

Selling in the rails was not confined wholly to the financially embarrassed carriers. Some high priced rails lost 1 to 2 points each in sympathy, including Santa Fe at 37 3-4 and Union Pacific at 86. Other rail leaders down fractions included New York Central at 12 5-8, Pennsylvania at 18 5-8, Southern Railway at 8 5-8, Great Northern at 10, and Chesapeake & Ohio at 38.

Encounters Difficulties

(A. P. By Guardian's Special Wire)
BRUSSELS, March 25.—Paul Van Zeeland, Belgium's new Premier, struck unexpected trouble today in forming his "emergency" cabinet.

It was said he encountered difficulty in apportioning portfolios among the various political parties, and that several personalities upon whose cooperation he had counted had faltered him.
