the treasury the sum of \$10. At this time Mr. Gordon Campbell retired and his place was taken by Mr. Rod-erick McLean. On June 27th of this year, 1928, the Milo Women's Institute had been formed and this organization donated a stove, gas lamps, curtains as well as varnishes and wood-fillers for the decoration of the interior.
This hall is now complete in every particular and there remains a deficit of only about \$400. Judging by past achievements of this community we venture to predict that in the near future the committee will succeed in paying off the last dollar of this debt.—O.

CHURCHILL FINE HARBOR
(Canadian Press)
WINNIPEG, April 30—Unassuming in its modest beginnings, a tiny community on the east side of Hudson Bay, and at the northern termination of the Canadian National Railway in Manitoba, promises to become one of Canada's most talked-of new settlements. It is Churchill, less than three thousand sea miles from Liverpool in a direct course—the closest outlet from Canada's wheat lands to the sea.
Though Churchill-to-Winnipeg heavy traffic has not yet commenced, it will be under way, it is expected, during next autumn. The route from The Pas, 500 miles north and west; Winnipeg, to Churchill on the bay was completed but a few weeks ago. The ceremonial driving of the last spike within a few months will mark the start of regular service on the line.
Just 175 miles farther than Montreal from Liverpool, the new western seaport lies at the mouth of the Churchill river. The harbor, about four miles in width and eight miles in length at high water, is a bottle shaped body of water demarcated by two points stretching out on either side into the Bay.
The height of land on the two rocky arms which almost enclose the harbor varies from about forty feet above mean sea level at the points of the promontories to 144 feet on the western and 77 feet on the eastern arm. The entire region of the harbor is redeemed from desolation by growth of coniferous trees and willows, especially on the west arm, where scrub and tamarac up to eight inches in diameter of trunk may be found.
Vessels entering Churchill Harbor will float through its narrow mouth in ten fathoms of water; the width of the mouth is 3,000 feet at high water. At the tip of the western land arm is Fort Prince of Wales; and, on a small island just beyond, a beacon; another beacon is located on the battery at the extremity of the eastern arm. At this side of the harbor-neck, just inside the mouth, are the new docks.
Fully two miles from the first harbor opening, the neck opens at Cocks Point, from a high wall, width of a mile and a half to the inner harbor, four miles across.
Like a gigantic horseshoe the so-called re-Cambrian Shield surrounds Hudson Bay, on the western side of which Churchill is located. The Bay is about 1,000 miles from north to south, including James Bay at the far south, and is about 600 miles across at its widest stretch. Passage from Hudson Bay to the Atlantic Ocean is through Hudson Straits, itself an imposing salt water thoroughfare 500 miles long and 100 miles wide.
Roughly, the depth of water in the Bay is 50 to 80 fathoms, until nearing the Straits when the depth increases to 125 fathoms and reaches 225 fathoms as approach is made to the Atlantic.
Today Churchill is in much the same state as when it served as a haven for mariners of Hudson Bay many years ago. But when modern methods for dispersing tidal ice are provided, the shelter of those appealing arms will be afforded to nautical waifs of mid-winter, it is expected.

Morrison, Auctioneer. 35004-4-30-May 3rd.—CASE FURTHER ADJOURNED.—The two young men who were recently arrested at Summerside in connection with the burglary of Mr. J. M. Noonan's store, from which a large quantity of tobacco, cigarettes, canned goods, etc., were stolen, came up in the police court on Monday, when some further evidence was heard and the case adjourned again until Friday next.—EX-CHIEF SARK BEREAVED.—The community of Lennox Island has been deeply grieved by the death at her residence there on April 23rd, of Mrs. John Sark, more familiarly known as "Lady" Sark, wife of Ex-Chief John Sark, who had so ably ruled the Micmacs for thirty-five years, until two years ago and whom his people hope to see elected Chief again one day. The deceased was very highly respected and justly noted for her many good and charitable works. She will be especially missed by the young women of Lennox Island, whom she was ever ready to help in all their troubles as well as to share in their joys and general activities. "Lady" Sark was 68 years of age and had suffered for some months with bronchitis, the end coming peacefully from heart failure. She leaves, besides her bereaved husband, seven sons and one

daughter, namely:—Noel and Stephen Toney, of Lennox Island; Frank Toney, a soldier at Halifax, N. S., and Joseph Toney, of Antigonish, N. S., they being sons by her first husband; John J. Sark, the well-known and efficient principal of the Lennox Island School; Henry Sark, Jacob Sark and Mrs. Anthony Mitchell, all of Lennox Island, to whom much sympathy is expressed. One son, Private Louis Toney, made the supreme sacrifice for Canada in the Great War and two daughters also predeceased her. The funeral, which took place on Friday last at St. Anne's Church and Cemetery on Lennox Island, Rev. J. A. MacDonald officiating, was very largely attended, amply showing the high esteem in which the deceased was held. S

—TAKES ON FRESH IMPETUS.—The lobster business appears to have taken a new or fresh impetus this spring, not in several years was there so much enthusiasm or on so large a scale. This no doubt is the reaction, in an opposite direction, from the seed potato.
—AT NORTH LAKE.—Matthew and McLean's big factory will take care of the output, not only of their own factory at Bell Creek, six or seven miles to the west, but of the output also of several small adjacent factories. When lobsters have to be trucked to the packing centre, the practice is not to be commended.
—MANURE and keep the old standbys for fertilizing the potato crop is in evidence this spring once again. Many a big 300 and 400 bushel crop have been grown in the past with those natural cost free fertilizers. Not much commercial fertilizer will be used this year, but a big acreage for home use and surplus to sell as always obtained. Eastern Kings will be planted this spring. The seed
—LOWER NEWTON SCHOOL.—The following is the standing of the pupils of Lower Newton School for the month of April: Grade IX: 1 Sara Gillis; 2 Marion Gillis; 3 Rita McTavish; 4 Louis Griffin. Grade VIII—1, Plus Griffin. Grade VI—1, Lorne McDougall; 2 Florence McPherson and Rita Griffin (equal); 3 Lee Smith; 4 Rita Griffin. Grade V: 1 Finlay McEachern; 2 Everett Smith. Grade II, I, Helena Griffin; 2 Roland McDougall. Grade I, 1, Risdon McPherson. Marita Malone, (teacher).
—GREAT ENTHUSIASM.—There is great enthusiasm among the lobster fishermen and the packers on the sudden and unexpected disappearance of the ice in the Gulf on Friday. Not boding with the fierce moon tide on Tuesday, all had made up their minds that there would be no clear water for another fortnight at least, or till next new moon tide. But what was their surprise to wake up Friday morning to see the ice all driven off. The South Eastern, accompanied by a bore, or very high tide, did it. Herring are here too. Great prospects.—PEAKS STATION WOMEN'S INSTITUTE.—The monthly meeting of this branch, held at the home of Mrs. Tom Kelly, was attended by eleven members. The meeting opened by singing My Old Kentucky Home, followed by the reading and adoption

of minutes of last meeting. It was decided at this meeting to give \$25 towards the erection of the Sanitarium, to purchase six new lamps for the hall, and last but not least, to hold a box social and dance in the hall May 8th. A riddle was chosen as answer for next roll call. A paper "My Financial Career" was read by one of the members, which created much laughter. Mrs. Peter O. Macdonald invited the members to her house for the next meeting. The meeting closed by all singing the National Anthem. Luncheon was then served, followed by music and a social hour.
—GEORGETOWN NOTES.—Georgetown water front is a busy place these days. The puck-a-puck of the hundreds of motor-boats taking out their gears to the many factories make a lively scene.—We are given to understand that the new Ferry Boat, Newport, is getting ready for a new start.—The frost is fast going out of the roads which are drying out well. An application of the old and much talked of road-drag would help matters if applied now.—It is reported that Mr. MacDonald and others are taking over the vacant lots on Grafton Street and are going into gardening on an extensive scale, in fact the work has already been started.—We also understand that Mr. George Martin of New Perth has been appointed Prohibition Inspector, replacing Geo. Town his headquarters.—Report has it that Mr. Neale Nicholson of Cardigan Head is also to be another Inspector with headquarters at Cardigan with Mr. John C. Macdonald stationed at Souris, and Mr. Murdoch MacDonald at Lorne Valley.—Observer

—EARLY HATCHING.—While walking through a field on April 20th, Mr. Malcolm A. MacNeill of Little Sands noticed a small bird rise a short distance from him. On further investigation, he found a nest containing three eggs. Mr. MacNeill is justly proud of his early find, and the bird must have had some vision of a mild spring in P. E. Island.—"Amicus."
—POLICE COURT.—At the Police Court yesterday morning one drunk was fined \$5.00 or ten days. The same offender, by reason of the fact that liquor was found in his possession, was later fined \$200 and costs or three months. A second drunk had his bail bond of \$6.00 estreated, while a third, who was also disorderly, was adjourned to May 1st. An adjourned prohibition case was further adjourned to May 6th.
—WILL BE USED FOR SURVEY WORK.—The D. G. S. Bayfield, employed by the Dominion Government last season as a customs patrol steamer, is at present being fitted up at the Marine Wharf preparatory to leaving for Picou in a few days where she will go on the slip for inspection and hull repairs. The Bayfield, it is understood, will be used for survey work this season around the Magdalen Islands.
—LEAVING FOR ENGLAND.—Colonel and Mrs. de Castilla, who spent the winter in Jamaica, B. W. I., returned to Toronto where they have been for the past month, enjoying the company of relatives and friends of Mrs. de Castilla. They are leaving for Ottawa today on a short visit, and afterward sail on Friday by the Cunard steamer "Ascania" for London, England.

MACHINE GUN OFFICERS MEET IN TORONTO—A huge reunion of Machine Gun Officers is to be held in Toronto from May 23rd to 25th. The re-union will be one of the most complete and ambitious affairs of its type ever attempted in Canada. Invitations have been sent out to every Canadian Machine Gun officer of the Canadian Corps overseas, Machine Gun officers of Imperial units now residing in Canada, and every officer now attached to Machine Gun Militia Units. Every province in Canada will be amply represented, and acceptances have been received from Great Britain, France, and the United States.
WEDDING BELLS—A very quiet but pretty wedding took place at Borden Chapel Hall, on Wednesday, April 24th, when Jennie Mae MacDonald became the bride of John Harold Campbell, of Cape Traverse. The bride was attended by Miss Mae Keough, cousin of the groom, while the groom was ably supported by William MacDonald, brother of the bride. The ceremony was performed by Rev. W. E. Monaghan, P. P. The Wedding March was skillfully rendered by Mrs. McAllen, of Borden, while hymns were sung by Mr. Ernest Ready, of Moncton. After the ceremony the happy couple left by the Prince Edward for a tour through the Maritime Provinces. A host of friends wish Mr. and Mrs. Campbell "bon voyage" on their honeymoon.
PERSONALS
Miss Vera and Evelyn Mayne, Emerald, spent the week end visiting friends in Hunter River.
Mr. Pitman, Manager of the Royal Bank at Eldon, came to the city yesterday to meet Mrs. Pitman and their three children, Helen, Josephine and Malcolm, who arrived Monday night from Trinidad, accompanied by Miss von Albrecht. Mrs. Pitman is a native of Trinidad and is just returning from a vacation spent at her former home.

LIVESTOCK MARKET
MONTREAL, Que., April 30—There were 176 cattle, 2,807 calves, 407 hogs and 36 sheep and lambs for sale on the two markets. The cattle market was steady. Common to medium cows were sold for \$8 to \$2.25, canners and cutters from \$3 to \$4.50 and culls from \$7 to \$8.25. The calves were mostly just medium to poor in quality. Prices ranged from \$8.50 to \$10. One load of good calves averaging close to 110 pounds brought \$10. The bulk of the sales were made between \$8.75 to \$9. The sheep market was unchanged. Hogs were mostly \$13.50 and hard to sell at that figure. Poor quality hogs including roughs and heavies brought around \$13 and one market silt hogs were sold to butchers for \$13.75. Sows reared husband, seven sons and one were \$10.75 to \$11.25.

INSTITUTE MEETING
The April meeting of the Launching Women's Institute was held at the home of Mrs. Daniel G. McCormack on the twenty fifth instant, with fifteen members and one visitor present. Roll call was responded to with the Original Verses, which were exceptionally good. Special mention might be made to the composition of Miss Marion Gardner, Miss Annabella McPherson, Mrs. Jos. Morrison and Mrs. Aeneas McDonald. Favorable reports were heard from the different committees. The work on the hall of the school is to be done right away and the fence painted as soon as weather permits.
Trees and flower seeds are to be purchased for the school grounds. A recitation Brother Against Brother, by Miss Sara McPherson, was much enjoyed. The meeting closed by singing the National Anthem, after which all sat down to a delicious supper served by the hostess, assisted by Mrs. Christian. Mrs. Joseph Morrison invited the members to her home for the next meeting, May 30th.

MILO LOT 9
"All roads led to Milo," on the evening of April 4th, when the hall committee of that district staged a splendid concert, social and dance under the leadership of Mr. James McIsaac. The program was as follows:—
Opening Chorus—"Gonna Have a Big Time Tonight. Instrumental music and step dancing. Dialogue—Gordon's Callers. Instrumental music. Quartette—Afton Waters (Encore, My Bonnie Lies Over the Ocean) Instrumental Music and dancing. Dialogue—The Quack Doctor. Instrumental Music. Song, All By Yourself in the Moonlight. (Encore—A Little Girl in Tennessee). Instrumental Music. Dialogue—Marrying a Poetess (Song—Kathleen, (encore, the Little Pig) Instrumental music and step dancing. Recitation, Canada (encore Spring). Dialogue—My First Music Lesson. Closing Chorus— Carry Me Back to Old Virginia.
Then followed the sale of baskets which were auctioned off at satisfactory prices. The rest of the evening was spent in dancing which did not close until the "wee small hour" were growing larger. Proceeds are to be voted to reducing the debt on the new hall.—O
The new hall at Milo Lot 9 is a splendid example of what can be accomplished by initiative, industry and perseverance. Two years ago this community had no public hall; today it has a hall 28 feet by 46 feet in size, which is complete in every particular. The interior is finished in Douglas Fir; the floors are of hardwood, graduated as to height in order to permit the whole audience to see the platform clearly; gas lamp, stove and all other furnishings have been provided.
For some time the residents of this community had realized that they were placed at a disadvantage compared with other farming communities owing to the fact that they had no public hall. They decided to call a meeting which was duly held on July 6th 1927 to discuss the advisability of building a hall. After some discussion it was unanimously decided to go ahead with the project. Plans were immediately made for holding a tea party to obtain money towards a building fund. The committee in charge turned in \$170 as the net proceeds of this tea party.
On July 26th of this same year another meeting was held and the following board of trustees was elected:—Messrs Donald McDonald, John McNevin, Albert Milligan, Oliver Gorrill, and Gordon Campbell. Mr. George McNevin was appointed to solicit contribution from outside sources, and this canvass netted the sum of \$105 towards the building fund. To these amounts were added contributions from local residents which brought the total amount in the treasury up to approximately \$400.
Nails and other items of hardware were contributed by local merchants. Most of the shingles were donated by residents of Milo and surrounding districts. This gave the committee a splendid start and they then purchased the frame and the necessary quantity of boards and started building operations on May 9th 1928. The people of Milo gave their work free, as did several residents of adjoining sections.
The report submitted at the annual meeting on July 26, 1928 showed that the exterior of the hall was completed and there remained in
