COURTESY FIRST

(By Oscar H. Fernbach)

When you're bowling along to a crossing,
Where a waiting chap eyes you askance,
Don't careen in the tone
That both roads are your own—
Let the other chap, too, have a chance!
For he may have arrived there before you,
So go easy—don't give him the worst;
You've got plenty of time—
So, my friend, let the chime
Of your motto be: Courtesy first!

Oh, it's easy to jib with the traffic,
And the driver who'll say
That the law he'll obey
Ever lightens all motorists' load
Keep your speed to legitimate limit
And your signalling never forget,
Be as good to your car,
As to yourself you are
And a pippin we'll make of you yet!
To conform to the rules of the road;

Charlottetown Business College Notes

Everything is now ready at the Charlottetown Business College for the Fall and Winter term to open on Tuesday, September 6th.

It is most gratifying to the C.B.C. to know that graduates are giving such splendid satisfaction everywhere. It is another evidence—not only of the careful preparation—but of the judgment in recommending those best fitted for the work required of them.

Starting with an exceptionally clever class of students who entered too late last term to complete the courses of instruction, together with a large number of applications to enter September 6th—many of whom re graduates from other institutions, 1927-8 already gives evidence of being one of the greatest years in the long history of this college. Everything will be done to make it so.

Business men and the public generally are asked to visit the C. B. C. when the students are at work, and see for themselves why our students are so healthy, prosperous and happy.

The C. B. C. offers no special inducements other than a SOUND BUSINESS training, healthful environments and plenty of work. The prizes are won by our graduates in employment. Something worth while.

From Mr. Camille Thibault, Riviere-du-Lou, and Mr. DeChamplain Caron, Canadian National Bank, L'Islet, P. Q., very flattering letters have been received. Like other graduates—they are at work.

The system of instruction in the Charlottetown Business College instills knowledge and inspires confidence. Result: Employed graduates.

Enter the Charlottetown Business College at the BEGINNING of the term. NOW is always the time. The OPPORTUNITY is YOURS. EMBRACE IT.

The Public Forum

NOT DEMPSEY — SHARKEY BUT —

Sir,— Three gentlemen, presumably successful Islanders at home, made the Bonshaw—St. Catherines district a centre of pugilistic interest on Thursday of last week. It was a beautiful day for the battle, sunshine and moonshine in equal parts both lending that touch of pep and color so necessary to such affairs. Several hundred blackbirds and a smattering of swallows formed the bulk of the audience, and these cooed their appreciation between rounds. The contestants were evidently leather pushers of some prominence as they themselves rather immodestly confessed. From out the howls and bellowings of the heat of warfare the listening birds were informed that one of the gentlemen could lick anybody in Queen's County. Another gentleman raised the ante by admitting that if he was riled up nothing in the Garden of the Gulf could prevent wholesale slaughter. The third member of this remarkable trio, tho' candidly admitting advancing years enumerated his glorious victories of former days and was not quite certain whether his prowess was yet in eclipse. The contest as it continued was gladiatoral in its ferocity. Blood flowed freely, shirts were soiled beyond the stage of relaundering, language the reverse from fragrant cluttered the air. We are sorry that the blackbirds and swallows disagreed as to the victor but it seems that after an hour and a half of this pleasantry a halt was called to allow the athletes to revive themselves with lemon extract.

I am, Sir, etc.,

IN MEMORIAM

MRS. HERBERT LYGO.

The sad news has been received by her mother, Mrs. Simon Fraser, of Belmont, Lot 16, of the death last Monday night in the Victoria Hospital at Prince Albert, Sask., of Mrs. Herbert Lygo, of Branteth, Sask., at the early age of 34 years after a brief illness. The deceased lady was formerly Miss Laura Fraser, daughter of the late Mr. Simon Fraser, of Belmont. Up to five years ago she was teacher of St. Eleanor's High School, then going West, where she taught school in Saskatchewan until her marriage. She was of an exceptionally fine disposition and character and her untimely and unexpected death came as a sad blow to her mother, relatives and friends, by whom she was very deeply beloved. Besides her sorrowing husband and mother, the nearest relatives left to mourn are her two cousins, Miss Mary and Mr. Albert Fraser of Belmont, Lot 16, to whom our deep sympathy is extended. Her untimely death is made especially sad by the fact that she had planned to visit the Island next month and take her mother to reside with her out West. The remains left Prince Albert, accompanied by her husband, on Thursday morning and the funeral will take place from her former home in Belmont upon their arrival.

Annual Convention Of The C. W. L.

The sixth Annual Diocesan Convention of the Catholic Women's League of the province of Prince Edward Island will be held in Charlottetown, September the 6th, 7th and 8th and delegates from the various sub-divisions all over the diocese will gather to give a report of work accomplished the past year and elect officers for the coming year. The program for the opening meeting, which is always a public affair, promises an evening of rare enjoyment as well as being extremely interesting; and Charlottetown sub-division as the hostess unit is doing all possible to make the Convention a success in every way. The Knights of Columbus have generously offered the use of their beautiful home, and Rosary Hall will also be used for the meetings, etc. Splendid addresses and a delightful musical program will be the feature of the opening night, Tuesday, Sept. 6th and the visiting delegates will have an opportunity of meeting and greeting sister members in a social way.

The Convention Mass will be on Wednesday morning in St. Dunstan's Cathedral and the Honorary Diocesan Chaplain Rt. Rev. Maurice MacDonald will officiate.

Much new business will be brought before the delegates at this convention and the Diocesan President, Mrs. W. J. MacIntyre who will preside at all business meetings will give a report of the Dominion Convention held at Montreal last June at which she represented Charlottetown Diocese. It is worthy of note that Mrs. MacIntyre was signally honored at the Dominion Convention when she was elected the Honorary National Secretary of the Secretary of the Catholic Women's League of Canada, an honor not only to herself but to the Diocese of Charlottetown which she represented.

Miss Florence Dorsey, the president of Charlottetown sub-division will preside at the opening public meeting, and it is under her capable management that all arrangements for the 6th annual Convention of the C. W. L. have been perfected.

A detailed program will appear in a later issue and all members of the C. W. L. throughout the diocese are cordially invited to attend.

The Markets

MONTREAL, Que., August 30.—The only business done on the Montreal grain market today was the sale of a few loads of American hard wheat to the United Kingdom. The bids received for Canadian spring wheat grades were five to six cents per bushel below working basis and coarse grains were neglected. Trading in cash grain in the local market was slow owing to the absence of demand from exporters and the fact that domestic buyers seemed well supplied for the time being. The undertone was firm. The trade in spring wheat grades of flour showed no improvement and the undertone continued easy, but there was no further change in prices. The market for winter wheat flour was steady with a small trade passing.

Prices for all lines of millfeed were firmly maintained under a good demand. The volume of business was small owing to the scarcity of supplies. There was no change in prices for standard grades of rolled oats and the trade was small. A fair amount of business was done in fresh and storage eggs and prices for all grades were firm. The receipts were 723 cases. A feature of the butter trade was the stronger feeling that developed and prices scored an advance of 1-4 cents per pound. This was attributed to the stronger cable advices. The demand was fair. No. 1 pasteurized was quoted at 38 cents to 38 1-4 cents per pound. The receipts were 574 packages. The undertone to the cheese market was firm and the trade was fairly active. Western grades were quoted at 19 7-8c to 20 c per pound. The receipts were 10,138 boxes.

OTTAWA, Ont., Aug. 30. — (Eggs) —Canadian egg markets show increased strength.

TORONTO — Receipts are light and dealers are quoting country shippers extras 43—45, firsts 42—44, seconds 32—33, delivered. Cases returned. One sale at country point reported at extras 45, wholesale and jobbing prices are unchanged. A car of Americans arrived costing 40 3-4, delivered, and another car is reported enroute and two cars of seconds from the Prairie Provinces were sold at 35—36, delivered.

MONTREAL —This egg market is strong and advancing under light receipts. Consumptive demand is active, dealers are quoting country shippers extras 49, firsts 46, seconds 27.

HALIFAX — The egg market is firm, local receipts showing a slight increase. Dealers are quoting country shippers extras 45, firsts 42, seconds 30.

VANCOUVER — The market is firm and a further advance of 5 cents reported. Jobbing prices at extras 40—45, firsts 38—43, pullet extras 36—39. A car load is due to leave Montreal, Wednesday at 45—43 f. o. b.

Physician Has Notable Record

The following is taken from the Daily Herald Times Press of Middleton, New York. He is a son of Mr. B. G. Moore of Bay City, Mich., and a nephew of Mr. J. A. Moore, of Charlottetown

Dr. Arthur Selwyn Moore, first assistant physician at the Middleton State Homeopathic hospital, has been appointed superintendent of the new Elizabeth A. Horton Memorial hospital, the board of directors of that institution announced today. Dr. Moore's selection was by unanimous action at a meeting June 10.

His appointment is for five years beginning September 1, 1928. In the meantime he is acting in and advisory capacity with the building committee. The state encourages this outside community work, the board announced, by way of offsetting any criticism that may arise because Dr. Moore will be engaged in his present duties for the better of a year after his appointment.

In the fall of 1928 Dr. Moore will retire on pension from the state service after 25 years of continuous employment in the state institution for the insane. He came to Middleton September 24, 1903.

It is expected that the big hospital which is being erected on Prospect avenue on the site of the old children's home will be open for the reception of patients about the time Dr. Moore is ready to assume his new duties.

Satisfactory progress is being made in its completion, the board of directors said, and no delay in its completion is anticipated.

Dr. Moore entered the hospital here as clinical assistant October 1, 1903. His rise thereafter was rapid. March 3, 1904 he was appointed medical interne, March 1, 1905, junior physician, and assistant physician October 1, 1906. He became senior assistant physician February 10, 1914, and first assistant physician, the post he now holds, on July 1, 1923.

He was born in Bay City, Mich., March 7, 1879 and attended the schools there graduating from Bay City high in June 1896. He is a graduate of the University of Michigan, department of literature, Science and Arts, 1896-97; graduate of the University of Michigan, Homeopathic medical college, June 1901. He was house surgeon at the University hospital, University of Michigan, Ann Arbor, June, 1901 to June, 1802.

Later Dr. Moore was assistant physician at the Asylum for Dangerous and Criminal Insane, Ionia, Mich., June, 1902, to September, 1903.

He married Miss Martha McCartney of Ann Arbor, August 1 1906. They have one daughter Catherine Ann.

Dr. Moore is a member of the American Psychiatric association, American Institution of Homepathy, New York State Homepathic Medical society and the American Hospital association.

He is also a member of the Blue Lodge, Gold Rule, 159, Ann Arbor; Midland Chapter, 240, R. A. M.; Cyprus Commendery, 67, Knights Templar of Middletown, nad De Witt Clinton Consistory, 32nd degree and Saladin Temple, A. A. O. N. M. S., of Grand Rapids, Mich.

He has a long and honorable military career also to his credit. His first military service was when he enlisted in Co. B., Third Infantry, Michigan national guard, September 30, 1889. He served in various capacities and won promotion. He saw service in the World War and was honorably discharged at Camp Custer, Michigan, June 27, 1919. He was commissioned Lieutenant Colonel M. R. C. Aug. 22, 1919, and was recommissioned in the same grade, March 10, 1925.

Temporary manservant: "Five dollars, but if there is to be a musical evening, not less than ten."

To Find out if you need Dr. Chase's Nerve Food.—A study of these symptoms will enable you to decide.

This blood and nerve restorative was devised for use in two great classes of diseases, one of which usually develops from the other—Anaemia or bloodlessness, and Nervous Exhaustion. If the blood is thin and watery, as is indicated by pallor of the lips, eyelids and gums, or if you are afflicted by some form of nervous trouble, you will find in DR. CHASE'S NERVE FOOD the most certain means of relief and restoration. Some of the symptoms and ailments which come under this heading are:

Thin blood, sallow complexion, pallor of eyelids, lips and gums, tired feelings, loss of energy and ambition, tendency to fear and anxiety, loss of breath and easily fatigued, weak heart action, loss of flesh and weight, neurasthenia, nervous prostration, nervous headache, indigestion, sleeplessness, irritability, nervousness, twitching of nerves and muscles, sensitiveness to sound and light, gloomy forebodings, loss of memory, inability to concentrate the mind.

DR. CHASE'S NERVE FOOD is easily the greatest of restoratives. By forming new red corpuscles in the blood this food treatment nourishes the starved and depleted nerves back to health and vigor. Try it when you are run down and out of sorts. It will restore vigor and energy and make you feel that life is worth living.

Nova Scotian Gets Win In His First U. S. Bout

BOSTON, August 30. — Roy Mitchell, Halifax colored middleweight, fought his opening contest in a Boston ring tonight against Tex McEwan, of Philadelphia, a tried and true veteran of the ring, who only recently held Joe Monte to a draw, together with furnishing some of the best light-heavyweights in the country with plenty of opposition. Mitchell established a great improvement in Boston, according to fans who have been accustomed to watching less skilful men than he proved. Not only did the Maritime Provinces boy prove himself a wonderfully clever fighter, but he also demonstrated hitting ability that suggested a brilliant future for him.

After playing with his man in the opening rounds, apparently for the purpose of sizing him up, he came up for the second to make quick work of him, scoring a knockout after one minute and 19 seconds of fighting. Mitchell's fighting was most impressive. His style was unlike anything seen here in years, and was similar in many respects to that adopted by those great old timers of the ring sport, Mike Gibbons and Sam Langford. He proved fast for a big man and one of the quickest men with his hands ever seen here. It was his first contest in months, otherwise he would have reached a much quicker victory, he stated after the contest.

Talked About The Prince Of Wales

LONDON, August 30.—The King does not believe the Prince of Wales is leading too strenuous a life, is the report of a conversation which Harry Wright, an officer of the Morecambe Corporation had with His Majesty near Lancaster, as told in the Weekly Despatch.

They talked about the Prince of Wales, and when Mr. Wright ventured the opinion that he was working too hard, the King said:

"He is a young man and can stand it. Of course he is fond of travel, as young men always are, but when they get a bit older, they are not so fond of going about, are they?"
