IT PAYS to buy in this Province

MR. T. G. IVES is Guardian agent in Montague.

WELCOME VISITOR.—Mr. Hammond Kelly, Charlottetown, paid a visit to Montague this week, and his many friends were glad to shake with the "Lucky Kelly." Hammond and the Mayor Todd combination will be much missed on the island tracks this season, to the regret of the lovers of horse sport, but the rail birds say he has some trotter in his New York purchase Dunholme 2:16 1/4. He was much impressed with the improvement in Harvest Bells, the colt he bought at New York sales last November, for Messrs Ives & Murdock. The youngster is by the great Harvester, 2:01, and out of Allie Watson by Allerton, (dam of two) second dam Lina Watson, (dam of three). He is coming three years old this spring and now weighs eleven hundred and fifty pounds, and in his two-year-old form, worked the Castleton Farm half mile track a mile better than 2:30 with a half in 1:13, and quarter in 35 seconds. The Harvester was the sire of eleven two-year-olds to enter the list last year, and some of his weanling colts sold at the Old Glory Sale last fall brought as high as nineteen hundred dollars.—B.

Islam and Dancing

Mohammedanism forbids dancing, and it is only by special permission that the master of a house is released from this law, for, according to the Koran, this form of amusement is not one of the pleasures permitted in paradise.

TWO CENTS per word each insertion for advertising in this column. Cash must accompany order. Minimum charge twenty-five cents.

HORSE NOTES.—John McPherson, Montague, bought recently from Mr. Gaudet, Summerside, the fast pacer Frank Bogash Jr., 2:18 1/2. Jack should have enough speed for most of the boys now, when he gets him hung out right. Dan McPherson is stepping up the good son of the iron horse Brazilian, "Britania" this winter, and he shows well, and looks the part of a trotter, if handled some, and kept on his feet. He is now a gelding, and a very useful horse, and handsome driver.—B.

LORNE VALLEY.—Messrs Munro McGrath and Roy McSwain were to Summerside on Saturday, last with a number of fat cattle which they sold to Mr. M. J. Power the noted cattle buyer of that place. Messrs Dominick Bowlen and Patrick Casey of Glenfanning are busy engaged in cutting lumber in that vicinity for a new barn which Mr. Bowlen intends to build in the near future.—Mr. William McMillan St. Peters Road was to Lorne Valley on Thursday on business.—Mr. Malcolm Macdonald the popular merchant of Lorne Valley is doing a rushing business.—Miss Jean McGrath a plucky young lady of Lorne Valley on going to the barn last week saw what she thought was a common gray rat which took refuge behind a barrel. Seizing a pitchfork she attacked the animal and succeeded in killing it when to her surprise she found it to be a full grown muskrat which had evidently entered the barn in search of something to eat. It is to be regretted that Mr. Peter McLeod whose illness was reported some time ago in The Guardian is not improving.—Mr. Hugh Macdonald was to Summerside on Thursday last with cattle for M. J. Power.—Mr. George Myers, blacksmith of Peakes Road was to Lorne Valley on Friday on a business trip.—Mr. Malcolm Macdonald, Manager of the Lorne Valley Egg Circle, is receiving large quantities of eggs from the circle patrons.—Mr. Sullivan the energetic mail courier on the Cardigan, Lorne Valley route is doing splendid work this winter having missed only one day thus far.—Sullivan's work has been always most satisfactory to the people on this route.—Mr. Angus McLeod is busily engaged in lumbering.—&

GOWAN BRAE.—The semi-annual examination of the Gowan Brae School took place on January 30th, 1917, the school was beautifully decorated, the scholars did excellent in spelling, recitations, and dialogue. Much credit is due the teacher, Mr. Gordon Cantwell for an splendid work of all the scholars, he was assisted in the examination by Miss Florendia McInnis, and Miss Mullally both of St. Mary's Convent, Souris.

A vate of thanks was tendered the teacher and then the exercises come to an end by singing the National Anthem. The school was crowded by parents and friends of the children, among those present were:—Mr. and Mrs. Will Howlett, Mr. and Mrs. O'Keefe, Mr. and Mrs. Conway, Mr. James Millard, Mr. Art McCabe, Mr. Frank McDonald, Mrs. James Mullally, Mrs. McGilvary, Mr. Dan Macdonald, Mr. and Mrs. Gillis, Mr. McInnis, Mr. Peter McInnis, Mr. Fabe Howlett, Mr. Will Mallard, Miss Agnes Mallard, Miss Florence White, Mrs. Charles McConnaack and many others, and all had an enjoyable time.

Undoubtedly the Industry's Crowning Achievement

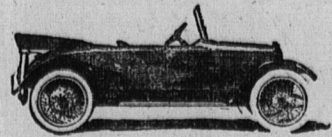

From your point of view, this announcement is most important. For herein we set forth the achievement toward which the Willys-Overland organization has aimed for the last eight years. This achievement in a word is the completion of the gigantic Willys-Overland organization to a point where a comprehensive line of automobiles can be made and marketed under one head. This means tremendous economies—much greater than ever before. This means the elimination of all waste, all lost motion and much greater factory efficiency. This means an even higher grade of cars at much more attractive prices.

For we operate on the basis of— one executive organization one factory management one purchasing unit one sales expense one group of dealers to plan, produce and sell all Overland, Willys and Willys-Knight models. Buying power is concentrated. Costs are distributed over all these cars. The savings are enormous. As a result we are producing cars of exceptional quality—and marketing them at unusually low prices. Every car is built to a rigid standard of performance, comfort and appearance. The new models are listed in this announcement. They include Overland models from the snappy comfortable \$930 Light Four to the beautiful Light Six Sedan at \$2220. They include also the big, handsome Willys-Knights from the Four at \$1800, to the super efficient Eight at \$2730. These new models establish price records, value records and performance records which we believe will prove to the public conclusively that the vast economies of vast production are the key note and manufacturing secret of the greatest value for the least amount of money.

All of which means a substantial saving for you on the next car you buy. For now and for the first time in the history of the automobile business we as one single organization offer the public a full and comprehensive line of automobiles. This concentration—this greater efficiency—this more effective means of pulling together is going to set a new standard of low priced high-grade automobile values.
