SUCCESSFUL AFFAIR—On the evening of August 24th a very pleasant time was spent at St. Peter's Bay in aid of the Protestant Orphanage. The Rev. F. Clay having given the use of his beautiful Gospel together, the occasion also showed some fine pictures on Life in the Slums of New York and some fine pictures of Architecture and scenery of South America. All of these pictures he took with his own camera and which were much enjoyed by all. Miss Lynn Van Ingersoll, ably presided at the organ, Miss Loma Anderson and Miss Beth McLaughlan sang most beautifully "The Holy City". The ice-cream which was supplied in generous quantities was certainly appreciated as was evidenced by the satisfied expressions of those present. This ended a very enjoyable and profitable evening to all concerned who when they counted the money realized the good sum of \$63.83, the expenses being ice-cream cones, \$1.37; express 35c; sugar, \$1.25; leaving a balance of \$60.26 for the orphans. Many thanks are due Rev. F. Clay for the use of his tent and showing his pictures free of charge also the ladies of St. Peter's, Midget Church Road and Milburn for donating the program and all those who helped make the worthy affair such a success.

FAREWELL PARTY—An enjoyable evening was spent at the home of Mr. Ronald McLellan on August 17th in honor of his niece Florence, who was married on the following day to Mr. Michael F. McNeil. A dainty supper was served by the hostess, Mrs. McLellan, assisted by Miss Mary M. McInnis, Mrs. John C. Campbell, Mrs. Peter McInnis, Mrs. Alexander McDonnell. Grand music was rendered by Messrs. Peter and Campbell, Louis

McInnis and Stephen La Pierre on the violin, and Mrs. Edna McInnis on the organ. The number of valuable and handsome gifts showed the esteem in which they were held. They were married at St. Mary's Roman Catholic Church, St. John's, by the pastor, Rev. J. C. McLean. The bride was attended by her sister, Miss Nina, and the groom was ably supported by Mrs. Peter A. McLellan. The happy couple then left at noon for their future home in Cape Breton with wishes for many years of happy married life. A pleasant evening was passed at the home of Mr. John D. McDonald on August 23rd when a young couple of the surrounding district assembled to bid farewell to their daughter Najla who is leaving shortly for the West.

\$1640 FOR ONE WEEK'S WORK

That is What it Will Mean to the Gray Dove Winner Who Takes Advantage of the Larger Triple Vote Schedule This Week.

It takes only sixteen five year subscriptions to get 10,000,000 Votes THIS WEEK next week it will take more

Here is a Plan to get Millions of Votes The Second Payment Plan

If you have worked your territory thoroughly and do not know where to turn for subscriptions, why not call on the surrounding towns or see the farmers on the rural routes? Or, if you are not in a position to get out of your town, why not try to get second payments from the subscribers who have given you short-term subscriptions? YOU CAN GAIN MILLIONS OF VOTES IN THIS WAY. For instance: Suppose Mr. A. gave you a six months subscription the first week of the contest, or when the first vote schedule was in force. With the Triple votes, you received 24,000 votes for this six months subscription. NOW, if you ask Mr. A. to give you another six months, which would make up a full year, you will receive enough additional votes for the second payment to make up the votes allowed for a full year's subscription during the period when the first payment was made, or 72,000 votes. If Mr. A.'s was a new subscription when the first payment was made you would add 15,000 extra votes to the 72,000 votes. This second payment would now also entitle Mr. A. to a guess in the subscriber's prediction contest.

Or suppose Mr. B. gave you a one year's subscription during the first vote schedule. You received 96,000 votes for the subscription. NOW, if he gives you another four years to make up the full five years, you would receive the difference between 864,000 votes which was given for a five year's subscription, when the first payment was made, and the 96,000 votes you have already received, or 768,000 votes.

IN OTHER WORDS: TRIPLE THE SCHEDULE WHICH WAS IN FORCE WHEN THE FIRST PAYMENT WAS MADE AND SUBTRACT THE VOTES GIVEN FOR FIVE YEARS AND YOU WILL HAVE THE NUMBER OF VOTES GIVEN YOU FOR YOUR SECOND PAYMENT OF FOUR YEARS.

SUBSCRIPTIONS OF THIS KIND ARE TO BE MARKED "SECOND PAYMENT" ON THE MIDDLE RECEIPT STUB AND THE DATE OF THE FIRST PAYMENT MUST ALSO BE GIVEN.

Use the Subscribers Prediction Contest to help you this week. Your subscriber gets 15 guesses for a five year subscription to either paper
