To Reduce The High Price Of Living

begin by cutting down some of the unnecessary expenses. Probably your fuel bill is higher than it should be, you feel you cannot afford a new stove. Now that is a mistake. You can afford to pay the moderate cost of an

ENTERPRISE MONARCH STEEL RANGE.

because the saving in fuel alone will soon pay for the stove. Then there's the satisfaction of having an up-to-date range that you can depend on to operate easily and accurately, a low for broiling without odors—that can be repaired easily and simply, cleaned readily, and that does not require constant repair.

It's the best range we make, the range used by hundreds of housekeepers in many sections of Canada, and the one you want if you intend to economize in time, fuel, food and money.
