

Now the dessert and then Wrigley's

After Every Meal

It doesn't take much to keep you in trim - Nature only asks a little help.

Wrigley's "after every meal" is a mighty big little thing to do for teeth, breath, appetite and digestion!

Keep it up regularly and note its great benefits.

A flavor for every taste

LOWER MONTAGUE NOTES
Mr. Louis Cowan of Detroit, Mich., and his sisters May and Eva of Orange, New Jersey, are spending their vacation at their old home in Lower Montague.

Mr. and Mrs. Howard Brehaut and son Frederick J., Orange, N. J., are spending a few days in Lower Montague at the home of Mr. Leith Cowan. They motored down and had a very pleasant trip enjoying the many points of interest on the way.

Mrs. Croffer of Providence, R. I. is spending a very pleasant holiday with her cousin, Mrs. A. D. Horton at Lower Montague.

Last Friday, Aug. 6th, a very pleasant evening was enjoyed at the home of Mr. and Mrs. Leith Cowan in Lower Montague, it being the occasion of their birthday.

Mrs. Horton's birthday. A large number of her friends gathered to extend to her their good wishes. A delightful supper was served on the lawn by Mrs. Cowan and her help.

Much grain was broken down by the heavy rain and windstorm on Saturday night, August 6. The farmers of the district certainly took advantage of the fine weather last week for haying.

Miss Jean McKenzie, daughter of Mr. and Mrs. J. W. McKenzie, Charlottetown, who has been in the States for the past two years, is visiting friends at Eldon.

Much credit is due to our mail-driver, Mr. Sinclair Ross, for his faithful service as mail-carrier.

Mrs. Wm. Wallace, Garfield, has returned home after visiting her sister at Murray River.

Mr. Aubrey McLellan, Newtown, was a welcome visitor at Eldon as he so seldom visits that section.

Mr. Baxter Ross, Pinette left Monday on the harvest excursion. This is his first trip for the West, and we wish him every success.

Mrs. Simon Murchison, Pinette, left for Boston where she will visit her four daughters and one son. Much sympathy is felt for Mrs. A. H. Martin and family by the sad accident which occurred on August 5th, when Mr. A. H. Martin fell from a load of hay and was instantly killed.

Mr. and Mrs. Wm. McWilliams, Ocean View, visited Pinette on August 6th, the guests of Mr. Robt. Ross, of that place.

Dr. Whitfield Larabee returned to Cambridge, Mass., after a short visit at Eldon.

We regret to hear of the sad accident which occurred at Roseberry when Mr. John Milton McDonald fell from a load of hay and was seriously injured.

Bedeque Notes

In common with all the parts of the island, this community is in the midst of haying. There seems to be an abundant crop, and labor is scarce. In addition, some of the younger men went on the harvest excursion west. It may be all right, but with such a prosperous year ahead at home, it seems rather doubtful whether it is wise, for so many to go West with help so scarce here on the island.

The young foxes are beginning to look well. Local ranchers report very good success in the raising of the pups. Generally speaking the pups this year are in very good shape. Also it is reported that prices will be good. Taking it all around, it looks as though this year may be a good all-round year. We hope so, anyway.

The ministers of the United Churches are taking their holidays during this season. New faces are being seen in the pulpits of the two United Churches. This holiday exchange is a splendid thing.

The Central Bedeque Baptist Church people were disappointed on Sunday evening, owing to the rain. Had it been fine, they were to have heard Rev. A. K. Herman of Moncton. Mr. Herman is visiting his old field, Summerside, and has very many friends in Central Bedeque.

Quite a number of the young ladies visited Charlottetown last week in order to attend the Teaching Conventions. Those who have returned report splendid sessions and inspiring addresses. It is a great thing for the teachers of the Province to be able to meet other teachers from all over the Dominion. There is no doubt but that such gatherings are helpful to the cause of education.

School opens on Thursday. How quickly the holidays have gone by! It seems scarcely possible that the children's summer vacation is over. It is hoped that teachers and scholars have benefited by the period of recreation, and change.

A special article in connection with the centennial of the Bedeque Baptist Church will appear each week in The Guardian from now on until September 10th.

Mr. John Stewart, our genial stockbroker, underwent a serious operation in Charlottetown last week. Taking advantage of the presence of the Montreal specialist, Mr. Stewart underwent the operation and is reported as doing very satisfactorily. Friends in Bedeque will be glad to know that "John" is doing well. We hope to see him back soon among us.

Mr. and Mrs. Wm. McWilliams, Ocean View, visited Pinette on August 6th, the guests of Mr. Robt. Ross, of that place.

Dr. Whitfield Larabee returned to Cambridge, Mass., after a short visit at Eldon.

We regret to hear of the sad accident which occurred at Roseberry when Mr. John Milton McDonald fell from a load of hay and was seriously injured.

Miss Louise Calbeck, Missionary of the United Church, and stationer, for the last five years in Japan, returned home on furlough this week. Miss Calbeck is the daughter of Mr. William Calbeck, of Central Bedeque, and a host of friends are ready to welcome her home again. We understand she is planning a protracted stay in our midst.

There is some talk of the electric light line coming to Central Bedeque. The community wishes that it would materialize. Talking will not bring it, but a good hearty support on the part of the people would soon bring this much-needed boon to our midst. Surely in this age, electric light will be conceded as the necessary equipment of every up-to-date community, and surely nobody wants Central Bedeque to be considered a "Back Number."

The Musical Organizations are getting busy with the centennial preparations. Practices have started in real earnest, and much excitement is apparent. The musical people expect to make the biggest hit yet, at the coming celebration. The dates have finally been fixed - Sept. 10 to 11.

The shadow of death has been hovering over the community lately. Last week three funerals took place within the confines of the "Bedeques." One, the burial of Mrs. Walter McCallum, under circumstances of particular pathos. Another, the funeral of Miss Ruby Burroughs, whose sudden death took the community by surprise. The other was Miss Winstow Brad-

shaw, whose obituary appears in another page of this issue. The deepest sympathy of all the folks goes out towards these bereaved ones, and it is good to be able to find amidst the gloom the cheering promises of the Lord: "When thou passest through the valley of the shadow of death, thou shalt fear no evil."

INSIDIOUS EYE STRAIN

We use this adjective advisedly. Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy, may seriously affect the functioning of other organs of the body, and produce ill health.

Death At The Steering Wheel

He is worse than blind - because he thinks he sees. Every second car you see is driven by a person who needs glasses. You too may be a menace to public safety. If you drive a car you owe it to yourself and humanity to have your eyes examined today.
