MALTEX BREAD

MADE FROM

MALTEX FLOUR

Maltex Flour, which is produced by the scientific treatment of the choicest wheat flour with the finest barley malt diastase makes a bread of very fine, delicate texture, brown in color, and although containing no sugar, has a slightly sweet, nutty flavor. It is extremely delicious. MALTEX BREAD is proving a happy revelation as far as digestibility is concerned. It is one of the most appetizing and nutritious breads made.

I have secured the sole right from THE MALTED CEREALS Co., Montreal, Que., to manufacture MALTEX BREAD for Charlottetown, P. E. I.

Families who value pure and unadulterated foods should give this Bread a trial.

The Patriot states that it understands "that the police are not making any efforts to discover the perpetrators of the alleged robbery on Monday evening." This statement is grossly incorrect and unjust to the Marshall and others whose duties it is to suppress lawlessness in the City. Every possible clue has been followed up, and no effort or money will be spared to fully investigate and if possible sift the affair to the bottom.

A CORRESPONDENT writing to The Guardian complains that the term Orwell is used in preference to Uiggy by residents of that well known section of the province. He refers to the many prominent men and women that Uiggy has sent out to the world and suggests that residents in all cases adhere to the local name of their district.

CARDIGAN NEWS—There were 172 live hogs shipped from Cardigan station Monday for the Dominion Packing Co., Charlottetown.—Mr. Bremmer representing Carter & Co., Ltd., in the village today—"That the hay of Jack Frost was a healthy at work during the night was in evidence Tuesday morning, the river being frozen for considerable distance.—A Pic Social and Entertainment will be held at Cardigan on the evening of Thursday, Nov. 26th, in aid of the Hall funds.—There are four vessels in port, but owing to the very inclement weather shipping is kind of dull.

Mount Allison has backed out of her game on account of having to play Acadia and McGill, which goes to Toronto to play on Saturday, will be unable to get back in time to play Dalhousie on Monday. "Old McGill" will, however, give Dalhousie a match on Tuesday, and on Monday the Maritime champions will play Westmount, the champion team of the Quebec intermediate league and the champions of a three team league, which has been playing English Rugby all season, and which has been playing an excellent game according to the opinion of Allison Cumming, an old Dalhousie team captain, who is now in Montreal. The game with Montreal will be on Saturday, as already arranged.—Halifax Chronicle.

DRSABLE BIRDS—All signs prognosticate the approach of an early winter when "Jack Frost" will reign supreme and leave his usual marks of affliction. The majority of the farmers about here have completed their fall ploughing and are engaged in hauling their produce to market and judging from the few complaints heard each and every one is a sufferer, hence a bountiful harvest must be the outcome of their spring work.—Surveyor May, ably assisted by T. J. McKay is again engaged in this section straightening old crooks and putting things to rights in general. Arthur Campbell is at present erecting a commodious dwelling house, for James MacKay, which when completed will rank favorably with any in this part of the Island. It is of an American design and undoubtedly it will give ample justice when in the hands of so able and efficient a workman. Halloween was fully celebrated here one of the novel features being that one man's gate instead of being carried off its hinges, was exposed to a brick fire and only for the timely arrival of a friend it would have been reduced to ashes. This is going a little too far and should the like occur again steps will be taken to bring the guilty party to justice. Harry MacNevois paid a very pleasant visit to friends in Hampton.—Our school is progressing favorably under the skillful management of W. H. Villett.
