BENNETT PLEASED WITH WESTERN TOUR

Prime Minister Turns Directly to Business After Strenuous Trip.

(Canadian Press)
OTTAWA, Oct. 22.—I was tremendously impressed and encouraged by the splendid spirit manifested by the people of the west," Premier R. B. Bennett said on his arrival in Ottawa today after a fortnight's tour of the Western Provinces. "The sanity and courage of the people of the Prairies augurs well for the future of the Dominion, even as it explains in a great measure why Canada has so well withstood the difficulties of the past few years," he said.

Mr. Bennett was somewhat tired physically by the rapid pace he set.

PEACE WITH HONOR CLAIMS NAZI CHIEF

Defends Action Of Withdrawal From League Of Nations.

(By W. E. Brockman, Associated Press Staff Writer)
REGENSBURG, Germany, Oct. 22.—Chancellor Hitler, making his first speech directly to the public since Germany's withdrawal from the League of Nations, was tumultuously cheered here today as he criticized 100 percent patriotism and reiterated Germany's desire to live peacefully but on equality with the rest of the world.

The occasion for his speech was an assembly of storm troops at Germany's hall of fame in the countryside near Kelheim, Bavaria. A tremendous ovation greeted the Chancellor when he went on the speakers' platform.

War Terrors

"We who experienced 4 1/2 years of war," declared Hitler, "are best qualified to know its terrors. We also are best qualified to understand the difference between hurrah patriotism and the genuine spirit of unity."

He was interrupted by wild cheers when he said the world was not to interfere with Germany.

"Our goal," said Hitler, "is to make the nation happy again by getting it its daily bread—a tremendous job—and in pursuit of that job the world is to let us alone."

Fence—Not Dishonor

"We want peace but not dishonor. We tell the world frankly: 'If you want to see us in international conferences, if you want to have us in your League of Nations, we will participate only when you recognize us as a nation; we are ready at any time to sign treaties if these can be fulfilled and if they

GRAVE UNREST IN CUBA

HAVANA, Oct. 22.—(A.P.)—A trainload of troops moved into the interior today, emphasizing the Ramon Grau San Martin Government's growing concern over grave unrest in the island.

A strike of railway employes that effectively tied up Havana-Santiago rail traffic, an army mutiny at Santiago de Cuba and bands of rebels scattered throughout the thickly settled interior were the chief worries besetting President Grau and his army commander, Sergeant Colonel Fulgencio Batista.

Meanwhile in Havana, the ring of Grau's political enemies drew ever closer about his six weeks' gold regime, and there were many who predicted the Government would be toppled from power ere the week was out.

The A. B. C. radical, militant, well-armed organization that aided greatly in boosting the former Havana University professor to power, had formally withdrawn its support from the government.

Finding Of Girls Foot Linked With Que. Mystery

(Canadian Press)
FREDERICTON, N. B., Oct. 22.—The naked right foot of a girl, found yesterday between two large rocks in the water 175 yards from the mainland at Peninsula Gaspe, in the county of Gaspe, Que., has been identified as that of Marguerite Ascah, 17, missing from that village since August 31, according to information received at Royal Canadian Mounted Police headquarters here.

As yet, the discovery has failed to explain the fate of Marguerite and her cousin, Maude Ascah, 15, for whom Quebec police have been searching since their mysterious disappearance.

U. S. Farmers Backed By Labor In Strike For Higher Prices

(Associated Press)

DES MOINES, Iowa, Oct. 22.—Milo Reno, head of the United States Farmers Holiday Association today announced two labor federations had proffered their support to his organization in its strike for higher agricultural prices.

The announcement came as Association members in 21 states prepared to attempt to cut off the flow of produce to market in carrying out the agricultural strike which Reno and his holiday associates effectuated at noon Saturday.

Pledges Support

Reno, in announcing the labor federations had pledged their support, expressed pleasure with the progress of the farm holiday and made ready to leave for Chicago for a conference with the leader of a third labor group.

From D. R. Donovan of Chicago, National Secretary of the Continental Congress of Workers and Farmers, came a letter assuring

Reno that the Congress "can be depended upon to give full support to the Farmers Holiday Association in its entirely justified demands as outlined."

Squarely Backed

George A. Shaffer of Denver, chairman of the Executive Committee of the Technocratic Federation of the world for industrial democracy, wired that the 5,000,000 members of our federations are squarely behind you."

Reno said he would leave tonight for Chicago for a conference with A. F. Whitney, President of the Brotherhood of Railway Trainmen. "We are ready and happy to meet with labor and business at their invitation," Reno asserted.

Nationally attention centred tonight on a message on the farm situation from President Roosevelt.

Announcement that the Farm Credit Administration in Washington had established farm debt continuation committees in 16 States evoked some favorable comment.

OVERTHROW OF FRENCH GOV'T. IS FEARED

Premier Daladier Postpones Cabinet Meeting Awaiting Return of the President.

PARIS, Oct. 22.—(A.P.)—The fate of the French Cabinet was postponed at least another day by an agreement of the Chamber of Deputies to adjourn today.

Premier Daladier's revelation that gold already is flowing from the Bank of France and his warning that inflation threatens the country gained the delay. The Premier indicated he expected an overthrow by saying he had not asked a night session of the Chamber because President Lebrun was absent from Paris. Daladier said he stood firmly on a programme which would stand or fall on the complete balance of the budget.

Seaman, Trapped In Room, Burned To Death

HALIFAX, Oct. 22.—(C.P.)—Trapped in the attic of a burning rooming house, Firmin Audoux, 40, turned to death today when firemen strove to reach him through the smoke-filled building.

Audoux, a St. Pierre, Miq., seaman, was asleep when the fire broke out near his attic room this morning. Awakened by the fire, he had tried, apparently to make his way through a skylight in his room. His body was bleeding from a deep gash in the hip, caused by falling glass from the skylight, when firemen broke through his locked door to find Audoux lying nude on the floor.

The rooming house, owned by Mrs. Mary Logan Bath, was only partially destroyed. The flames were confined to the upper floor.

The flock, marked for killing for the Thanksgiving and Christmas holidays, is expected on the morning freight from Prince Edward Island. They will cover the last three miles of their journey—from the freight yards to their Auisin goose farm—under their own power, to save carrying charges.

An escort of police has been assigned to patrol the three-mile stretch of highway while the geese amble along, and eight attendants will attempt to keep them in line.

UNCOVER PLOT TO ASSASSINATE PERUPRESIDENT

Eight Persons Arrested in Attempting to Explode Highway Near Lima.

(Associated Press)

LIMA, Peru, Oct. 22.—Government authorities announced officially today that assassins had attempted to kill President Oscar Benavides with a bomb.

The official announcement said eight persons were arrested as authors of the plot, uncovered when they tried to explode a bomb in a highway near Lima. The suspects are to be tried in the regular law courts.

Gen. Oscar Benavides was chosen President of Peru last May immediately after the assassination of President Luis M. Sanchez Cerro, the army colonel who made himself President following the overthrow of President Leguia in 1931. A constituent assembly elected Benavides to serve until July 28, 1935, and the republic was declared "in a state of siege" as soon as he assumed office.

It was officially emphasized that Princess Margot will be a prisoner in her own castle and will not be permitted to receive visitors or otherwise communicate with the outside world.

FARM STRIKERS PICKET TRUCKS

(Association Press)
JAMES, Iowa, Oct. 22.—Several farm produce trucks bound for the Sioux City market were halted by picketers near here tonight in the first action of its kind reported since declaration of a National Farm Strike Saturday.

About 75 men were in a group which took stations on the highway near here during the afternoon. Burning flares were placed along the highway and railroad ties were piled a short distance further on.

The picketing went forward peacefully. Tractors of farm produce and livestock, who were stopped agreed to return to their homes without attempting to run the blockade.

Visitors to the site said they were unable to learn whether the pickets were connected with the Farmers Holiday Association which launched the farm strike.

Jama, a small town in Plymouth County, was the scene of one of the first disturbances in a picketing movement a year ago.

Graf Zeppelin Sighted

ST. GEORGE'S, Grenada, B. W. I., Oct. 22.—(C. P. Cable)—The German Graf Zeppelin, bound for Miami and Chicago flew low over this town about eight o'clock this morning. It proceeded northward along the western coast.

Two hours earlier the great dirigible had been reported over Fort of Spain, Trinidad.

Prince Von Saksen-Meiningen aroused suspicion at the police station where he was taken when he asked permission to telephone his wife at his Castle near Pitzstatten, near Carinthia.

Police said they overheard him instruct her to "destroy the documents" and thereupon the authorities notified officials in Pitzstatten. Twelve armed police were rushed to the Castle. They arrested Princess Margot, searched the house and grounds, and allegedly found the documents.

The exact nature of the alleged conspiracy was not revealed, but police said they found the entire collection of files of the Blagenfurt District Nazi Headquarters in the Castle along with propaganda material the Prince was said to have brought from Munich.

A perusal of the correspondence files revealed to the police a long list of names and addresses indicating a nation-wide organization of Prince Saksen-Meiningen's Nazi activities. The identity of these alleged confederates was withheld for the present but further arrests were expected.
