A bad fire occurred at Albany, Sunday evening completely destroying the dwelling home of Mr. Alex. McInnis, together with most of its contents, and also considerable sum of money.

Mrs. Chiron, McVittie, and little grand-daughter Jean Garrett arrived home to Westmoreland Saturday evening, after spending the winter pleasantly visiting Mrs. McVittie's son Heber, and daughter Granville (Mrs. John Martin), Boston. Their many friends are glad to welcome them back once more to old "Spad Island".

Mr. D. J. Thomson, North Tryon, visited Victoria and Crapaud on Saturday.

Mr. C. S. Delaney and Mr. Lloyd Walsh, Albany, spent Sunday with friends in North Tryon.

Mr. Golding Delaney, North Tryon, paid a visit to Albany on Monday.

Mrs. Sarah McKenzie, Tryon, returned home Monday from Charlottetown, where she has been staying with her daughter Mrs. Sted Green, who had the misfortune of fracturing her ankle some time ago.

The Sunday services in the churches of Tryon and Albany, were not attended as well as usual, no doubt to the condition of the roads. However we trust that this week "Old Sol" will bring his rays to bear with such force that travelling on next Sunday will be rather better.

Mr. John A. Lyman (Dad) returned home Monday after spending several days pleasantly with friends in Albany. We also understand he visited Borden, and had a picnic on the car ferry thus renewing acquaintance with the boys whom he certainly must know, for "Dad" had the ill luck to be stuck once with the "Prince Edward" in Northumberland Strait, and is we understand a prime favorite with the whole crew from captain down.—Z.

He has escaped with a few fines. Last August Drucel was the target of rival gangsters in gunplay on Michigan Avenue. He was not hurt.

Tuberculosis Is Curable NO. 4.

800,000 people received Sanatorium Treatment in the United States during the last 10 years, 600,000 of these are still living.

Patients discharged from Sanatorium over a period of 30 years show the following results: 75 per cent of the cases TREATED EARLY were living at the end of 30 years, 50 per cent of the second stage, treated cases, were living at the end of 30 years. ONLY 11 per cent of the FAR ADVANCED cases were living at the end of the 30 years.

EARLY DIAGNOSIS and IMMEDIATE TREATMENT means "CURE" and the prevention of the spread of the disease.

LOW DEATH RATES are directly dependable on the EARLY DISCOVERY and TREATMENT of the disease.

Nearly 3 out of every 4 seeking the doctor's advice in P. E. I. do so when the disease is FAR ADVANCED.

Flood Menace Checked By Cold Wave

(Canadian Press) WINNIPEG, April 5.—A steady April downpour of rain which has greatly aggravated flood conditions in Manitoba and in Eastern parts of Saskatchewan turned into a driving blizzard last night while the temperature crashed from 50 above to 20 within twelve hours at many points.

Although the immediate menace of floods has been checked by the cold wave it is feared that as soon as another thaw sets in rivers and streams will be unable to carry off the excessive precipitation of the past few days.

Today hundreds of acres of farm lands, prairie and highways are covered with a sheet of ice, while roads throughout Manitoba are almost impassable.

Annual Meeting Mount Stewart United Church

The annual congregational meeting of the Mount Stewart United Church, took place on Thursday, March 24, and was largely attended. The meeting was opened with prayer by the pastor and the congregation joined in singing "Blest Be the Tie That Binds."

Mr. Geo. Warren was appointed chairman and Mr. L. McLellan, Secretary. The minutes of the last meeting were read and approved.

The Treasurer then gave a report on the financial condition, and the work that has been done in the past year, including the papering and furnishing of the manse and the installing of two new fans in the Church, and showing the receipts for the amount of \$2,192.30c, leaving a small indebtedness, with the greater part of this subscribed, but not collected.

The Ladies Aid and the W. M. S. Societies also presented favorable reports. The Missionary Society has exceeded its allocation, and has done excellent work under its faithful President, Mrs. Stewart MacEachern.

A hearty vote of thanks was given to the Rev. M. R. Charman for his untiring efforts in the past year. Mr. Charman is not only a worker but is an excellent speaker, and his sermons are appreciated as a faithful exposition of the Gospel, quickening in their influence on the conscience and hearts of his hearers.

Mr. Chairman then addressed the Board of Managers, and congratulated them for their work and assistance in providing a vote of thanks from the congregation, and were re-elected for the coming year, after the reading of the minutes the meeting closed with the benediction by the Pastor.

Following is the financial statement:

Table with 2 columns: Item, Amount. Total Receipts \$2,192.30c, Total Expenditure \$2,253.35c, Deficit \$61.05.

In addition to the above the following amounts were raised: Maintenance extension fund \$400.00, W. M. S. Society \$107.37, Ladies Aid Society \$21.00, Armenian Fund \$21.00.

On the evening of March 23rd, a large number of friends and neighbors gathered at the home of Mr. and Mrs. William Buchanan to say farewell prior to their departure to a new home in Albany where Mr. Buchanan has been promoted to the responsible position of foreman on the Albany section of the railroad.

The evening was pleasantly spent in games, music and singing. Instrumental music being supplied by the Misses Georgie Stewart, Florence McSwain, and Messrs. Harold Sharpe, Wilfred Nicholson and Donald McSwain.

Following an excellent lunch provided by the ladies of Pleasant Valley, Elliotts, Glen Valley, and Fredericton, the gathering was called to order and Mr. John Weeks appointed chairman. After a few appropriate remarks, he called on Messrs. James McSwain, Pope Abbott, Harry Weeks, A. J. Stevenson, Austin Taylor and Mrs. Emma Keating, who each expressed regret in the removal from the community of such good neighbors as Mr. and Mrs. Buchanan, who were always ready to help anyone in need and whose seat in the church was seldom vacant, and who had, during their stay in Elliotts made many friends—true friends—friends who will always cherish memories of many happy evenings spent in their hospitable home.

During the proceedings as a small token of the esteem in which they are held, they were the recipients of a handsome leather-covered chair accompanied by the following address, which was read by Mr. J. A. Stevenson. The presentation was made by Mr. Malcolm McInnis, Mr. Buchanan, though taken completely by surprise replied thanking the donors for the very beautiful remembrance and for the kindness shown to his wife, family and self during their stay in Elliotts. He also cordially invited his friends to visit them at any time at their home in Albany where they would be sincerely welcomed.

Pleasant Valley March 23, 1927 To Mr. and Mrs. Buchanan and family

We are gathered here tonight on an occasion of pleasure and regret—the pleasure we enjoy of mingling with you.

Eats But Can't Breathe, Too Much Gas

"I had gas on the stomach and after meals I was always bloated and short of breath. Since taking Adlerika I feel like a different woman."—Mrs. L. Worstall.

Adlerika gives the system a REAL cleansing and brings out old poisons which may have caused trouble for a long time. Unlike most medicines, it acts upon BOTH upper and lower bowels. Just one spoonful relieves GAS and takes away that full, bloated feeling so that you can eat better and sleep better. Even if bowels move daily, Adlerika brings out much additional poison which you never thought was in your system and which caused sour, gassy stomach, nervousness, sleeplessness, headache.

No matter what you have tried for your stomach and bowels, Adlerika will surprise you. Hughes' Drug Co., Ltd., and other druggists.

Nujol treatment now recognized method of relieving constipation say medical men. WE recently asked representative doctors all over the country under what conditions they recommended the use of the Nujol type of treatment. The list of special cases was astounding. Almost uniformly they recommended it for both occasional and chronic constipation, as well as an aid to regularity. Nujol, as one doctor put it, "Acts with nature, instead of against it." Another said, "A lubricant is better than a laxative, in both chronic and temporary cases."
