NOT TRUE.—The Guardian has been informed that the Horse Notes published in The Evening Guardian of April 30th and Morning Guardian of May 1st are untrue and of a most malicious character.

ST. JAMES CHURCH.—Rev. Dr. Fullerton will preach at both services in St. James Church tomorrow. The morning subject will be, How God Responds to Man Today, and in the evening A Man's Prison, His Power.

THIS ISSUE.—The Guardian always has something of interest in every column, and today's issue of sixteen pages is no exception to the rule, page three containing The School and The Home, The Farm, The Dairy, the Markets, and the Good Roads.

WINS PRIZE.—Miss Enid Simpson, Bay View, was the winner of twenty-five dollars in gold in a competition for the best kept diary for 1912. This was the only cash prize captured by a P. E. Islander in this competition carried out by the firm of Edmanson Bates & Co., Toronto.

This is made necessary by the fact that fresh water is not obtainable from wells on the company's property.

V. Longworth; Executive—Major M. Allan, Lieut. W. K. Rogers, W. S. Louson, G. M. Moore, E. G. Love, S. Grey, C. W. Patterson, J. G. Worth; Auditors—Major M. Allan, Lieut W. K. Rogers. The saw threw the board with great force against the two men named inflicting some ugly gashes about the head and face which required several stitches and considerable medical attention. The wounded are doing as well as can be expected.

(From Yesterday's Evening Guardian)

POLICE COURT.—There were no cases before the Charlottetown Police Court this morning.

LOBSTER FISHING.— The lobster season opened as per schedule, the day and hour being most auspicious for the grand opening display of gasolene fire works and muscular movement. The North Shore from Campbell's Cove to Betsy's Reefe took on the appearance of a Hudson River regetta day, or a naval review off Spithead. More than sixty-five gasolene boats, fifty dories and a large number of sailing craft of various speeds and sizes took part in the undertakings of this big day. When the big fog harn at East Point light house coughed out its hoarse, angry warning that the hour of six o'clock had arrived, all were in readiness, and in an hour, tons of stone, miles of rope, and thousands of traps had been thrown upon the bottom of the ea. The genis Hornarus "that will navigate his backward way through this net work of traps, and lines to tell the tale will prove the exception.

RESOLUTION RE AUTOMOBILE.

A representative meeting of the electors of DeSable School district was held in the school house in the evening of April 28th. The object of the meeting was to discuss the automobile question. Mr. Ernest Holmes was appointed chairman, and Mr. Chester Shaw, secretary. After some spirited discussion, the following resolution was unanimously passed:—Whereas, after reading the automobile restrictions recently published, we consider them insufficient protection, to the travelling public, and that they discriminate unfairly against our farming population. And whereas, we consider the auto of no commercial value to the Island, being a strictly agricultural province. be it resolved, that in view of these facts we strongly protest against any repeal of the present prohibitory act. And be it further resolved that we strongly disapprove of the action of our representatives of first Queens in favouring the repeal of this act.
