

No Alcohol! Is alcohol a tonic? No! Does it make the blood pure? No! Does it strengthen the nerves? No! Is Ayer's Sarsaparilla a tonic? Yes! Does it make the blood pure? Yes! Does it strengthen the nerves? Yes! Is it entirely free from alcohol? Yes!

Ask your doctor if a family medicine, like Ayer's Sarsaparilla, is not vastly better without alcohol than with it.

THE QUEEN'S COUNTY GUARDIAN
Head Offices in New Prowse Block—Charlottetown

The latest news, first of all.
Steam engine and boiler are for sale cheap. See classified column.

Mrs McKenna, Weymouth Street, was taken to the City Hospital for treatment Saturday.

Edward Fraser, Vernon River went down to jail Saturday to serve three months for a violation of the Prohibition Act.

Mrs Charles McKay left Saturday on return to her home in Westville, N. S., from a visit to Mrs David White, York.

All readers when writing to advertisers in this or any other issue of this paper, are requested to mention The Guardian.

Rev E. C. Turner, well known in this province, delivered a lecture at Jacksonville, N. B. recently on "Our Country and Our Responsibility to it" which was most highly appreciated.

The Telephone Co. of P. E. Island have a very striking ad. in this issue, entitled, "Don't Shut the Door in the Face of Business." This ad. is a striking appeal to subscribers on a party line. It gives facts no shrewd business man can overlook or pass by—probably never even considered before. It stands to reason that when two or more are on the same line that frequently all want to use the line at the same time. It is reasonable, too, that just at the time of day when the 'phone would be of the most benefit someone else is using the line. Then customers are placed at a disadvantage. The ad. is well worth reading, and brings forth a good discussion on "Line Busy."

A correspondent from St. Catharines writes as follows: The farmers in this vicinity have been hauling their fire wood and sawing it up to the order of the day. The work has been satisfactorily done by H. D. MacNevin of Bonshaw. W. D. Shaw has returned home after a pleasant visit to friends in Churchill, the guest of Duncan McMillan, E. P. Lamont is the owner of a sawwood colt with which he intends doing some fast trotting in the near future. Our school is rapidly progressing under the able management of Miss Muriel MacMillan of Fairview. Colin McPhail recently lost a valuable horse, Frank Stretch and Lester Henderson of Long Creek spent Sunday in St. Catharines, the guests of A. H. and Mrs. MacFadyen. Malcolm McEachern has recently sold a valuable horse for a handsome sum. Angus and Mrs. MacFadyen are visiting friends in Bonshaw. Hector A. MacFadyen has returned home after paying a flying visit to friends in Clyde River. What might have proved a serious accident occurred one night recently. While W. R. Shaw was driving around a sharp corner in the road at Afton Hall the sleigh upset, throwing Mr. Shaw out. The horse took fright and started to run, but was fortunately captured before he had gone far. John Lourie is busily engaged hauling lumber to Crosby's Mill. James MacFadyen, a rushing business, Charles and Mrs. MacNeill spent Sunday in Bonshaw. It is pleasing to see Mrs. Angus McLaughlin around again after her recent illness.

Iron Blood Pills. A most valuable remedy for all forms of general debility arising from an impoverished blood supply. They are a direct food for the blood, increasing the red corpuscles and giving tone and quality. 25c box. A. W. Reddin, Pharm. B., Sunnyside.

Neil H. McFadyen, Summerside, was in this city Saturday.

The tide will be high this afternoon at 1.12 and tomorrow afternoon at 1.53.

Miss Emma Moller who has been spending a month with her sister, Mrs. B. H. Holman, City, left Saturday morning for her home in Moncton.

The Windsor Journal reports that Rev. W. T. Suckling, rector of Granville Ferry, who is well known in Charlottetown, is delivering a series of illustrated lectures on English Church history at Bridgetown.

Dr R. C. Archibald of Sackville, and known in this province, writes from Paris to friends that he has been attending the lectures of Madame Curie, the famous discoverer of radium, most wonderful and important of elements. These lectures are delivered in the world-famous college of Sorbonne, founded by Robert de Sorbon in 1252.

The opening services of the New Church at Canning, N. S., have been full of interest. The people greatly appreciated the visit of their old pastors Hickey and Higgins and of Ex-President Hearty, and in the evangelistic services have received blessings from the preached Word through Baptist, Episcopal, Presbyterian and Methodist ministers.—Wesleyan.

On Thursday afternoon Feb 10th, 1910, Ella Boyle Drake, daughter of Samuel Drake, West River, P. E. I., passed peacefully away at the age of seventeen years. She had been ill for some time and knew that the day of her departure was at hand. She had given herself wholly to the Lord, and was not afraid; it was her desire that He would take her to Himself before nightfall, and her request was granted. She was a bright, promising young girl, of a lovable disposition, and friends cannot but mourn her loss. Hearts go out in prayer for those to whom she was so dear and who have been called upon to bear this great sorrow. Yet all know it must be better so, for, "He doeth all things well." The funeral took place on Saturday from the home of her uncle, William Boyle, West River, where she was dearly loved adopted child, her mother having died when Ella was only a few days old. She was laid to rest in Cornwall cemetery, the service being conducted by her pastor, Hugh Miller.—Wesleyan.

In a speech before the Ontario Club, Toronto, recently Hon. George P. Graham spoke at length of the R. C. He felt that the people of Ontario did not understand the government railway as well as they should. "Gibes have been cast at it," he said, "but today the gibes have lost their point." He promised an extension of the road to Prince Edward Island, and went on to discuss the relation of the I. R. C. to the Maritime Provinces in a spirit that will be keenly appreciated here. "I have been criticized," he said, for building branches on the Prince Edward Island Railway. I do not mind being criticized, and I am not prepared to say that I am done building branches on the Prince Edward Island Railway, even if they are not going to pay. In a country like this many things will not be done from which there will not be a net result. The greatest asset in this country should be a contented and happy people. "If the spending of a few thousand dollars each year on the railways of Prince Edward Island will make that province richer and a happier one, then I will be prepared to dip into your taxation to that amount."
