A NO-WRESTLING TOWN

PAARLI, South Africa.—(By Canadian Press)—Paarli citizens like the kind of eye-gouging, elbow-jabbing wrestling that is dished up these days, but the city council won't have any of it. The council has refused to permit wrestling shows to be staged here, much to the disappointment of the residents.

VETERANS ON PARADE

LONDON, Ont.—(By Canadian Press)—In a recent benefit hockey game here two of the best defensive centre players of two periods were in action. One was Frank Nighthor, the peevish poke-checker of Ottawa Senators who managed London's International League team this year. The other was Sandy Somerville, who got himself famous through golf. Sandy was a fine checker when he played centre for University of Toronto.

(C. P. By Guardian's Special Wire)

SAINT JOHN, N. B., March 20.—St. Peter's defeated Beavers 5-2 tonight in the 11th game out of 13 for the city senior hockey title and sent one of their opponents to join a team mate in hospital. Vince Lavigne, heavily checked by Ray Gettiffe, suffered a dislocated shoulder and chipped collar bone. Walter Monson was already in hospital with an injured rib and abrasion of the right lung.

what an enemy air raid would be like.

Bombing planes flew low over the Kreuzberg district, south of the city's centre, shortly after 9 a.m., cannon cracker "bombs" were dropped into prepared earth piles and smokepots, arranged to give forth clouds of smoke and red and blue flames, were touched off on housetops as the planes passed overhead.

Play at War

Blasts echoing through the streets ripped the piles of earth apart and hurled smoke, dust and debris in all directions, while acrid fumes, harmless simulation of gas, poured into nearby windows.

A "relief" train of automobiles carrying gas masks and stretchers rushed from the Potodamer station to give "first aid" to injured in the district, which army authorities previously had ordered evacuated by its 100,000 inhabitants, while police, ambulances, army anti-gas squads, electric, gas and water service repair men and fire trucks cooperated to give the occasion its air of realism.

peace will be taken." Phrase by phrase he picked the proclamation of Chancellor Adolf Hitler to pieces and accused the Reich of insincerity at a moment when Europe was on the road to peace, while applause echoed from the government and the opposition benches alike.

Overwhelming Vote

The Senate, acting almost as if in a national emergency, voted 263 against 21 to adopt a motion proposed by Senator Henri de Jouvenot that the Upper House had "confidence in the government's pursuit of its policy of national security and the safeguarding of peace."

The note to Berlin will be given the Wilhelmstrasse probably tomorrow morning. The note dwells briefly on the violations of the military clauses of the Versailles Treaty and reminded Berlin that the Reich had agreed to the Anglo-French memorandum of Feb. 3 as a basis for the security and disarmament discussions. The note ended with a blunt statement that France could not accept such unilateral actions as the German decision to reestablish military conscription.

The conference with the British and Italian will take place here Saturday, Paris being the most convenient centre for the hurriedly called talks initiated by Great Britain. It will precede by 24 hours the trip to Berlin of Sir John Simon, the British Foreign Secretary, and will be attended by Capt. Anthony Eden, the Lord Privy Seal, Fulvio Sivich, Italian Under-Secretary for Foreign Affairs and Pierre Laval, Eden will return to London before heading for Berlin with Sir John.

Prime Minister Recovering From Illness

(C. P. By Guardian's Special Wire)

OTTAWA, March 20.—Government supporters in the House of Commons and Senate were given positive assurance today by Sir George Frey that their party's chief, Prime Minister R. B. Bennett, had been given every reason to believe that he would be back in his place in Parliament within a few weeks.

So far as the best medical opinion could judge, the acting Government leader told his colleagues, Mr. Bennett would be able to return to his parliamentary duties before prorogation and would be in condition to lead his party in the general election campaign.

The caucus, first since Mr. Bennett became ill Feb. 24, was called principally to give his colleagues first hand information on the Prime Minister's progress. They were told of the cardiac disturbance which had developed when Mr. Bennett attempted to leave his bed after suffering several days from an acute infection of the respiratory passages and of the two recurrences last Monday and Wednesday.

New York Negro Quarter is Riot Centre

(A. P. By Guardian's Special Wire)

NEW YORK, March 20.—Kept on the alert by sporadic outbreaks of violence during the day, hundreds of police reinforcements deployed through Harlem tonight as darkness fell with ominous quiet over a riot-torn negro quarter.

One negro was killed, 34 negroes and white were injured and scores of other persons suffered cuts and bruises when mobs stormed through the settlement last night and early this morning, infuriated by false reports that a negro youth had been beaten to death by white men.

Police authorities, uncertain about what may happen when word spreads that a young negro was fatally wounded during the rioting, drew on three boroughs for extra men and concentrated them in the Harlem area.

The victim of the wild outbreak, which left a toll of shattered windows, wrecked shops and other property damage estimated at more than \$400,000, was James Thompson, 22, who was shot by a detective while allegedly looting a grocery store.

Jack Gaudet, and McArthur each scored two goals, McKenzie scored the other one for the Do-Dads. The stars on the Blue Dots lineup were Helen McWilliams, George McInnis and Winnie McWilliams. This forward line scored all the points for the Blue Dots.

Helen McWilliams scored 4 goals and assisted in 1, George McInnis scored 4 goals and assisted in 1, Winnie McWilliams scored 3 goals and assisted in 1.

Belgium Without a Cabinet

King Leopold Makes Effort to Replace Government of George Theunis.

(A. P. By Guardian's Special Wire)

BRUSSELS, March 20.—Belgium remained without a Cabinet today as King Leopold, for the first time in the country's parliamentary history, conferred with representatives of trade bodies as well as politicians in an effort to replace the Government of George Theunis.

Premier Theunis and his Cabinet resigned yesterday amid controversy over maintenance of the gold standard.

Political observers hailed the King's precedent as an indication that a new orientation in Belgian politics is likely to be reflected in the new Cabinet.

No known sponsor of devaluation so far has been summoned to the palace for conversations with the King.

Among those sent for an conferred with were the Presidents of the Brussels and Antwerp Chambers of Commerce.

Earlier the King talked with Maurice Lippens, President of the Senate; M. Poncelet, President of the Chamber of Deputies; Adolphe Max, Liberal Minister without portfolio in the Theunis Government; the Catholic Viscount Prosper Poulet; and Emile Vandervelde Socialist.

Inasmuch as the Theunis resignation was not prompted by parliamentary opposition, he was expected to be asked to form another Government. The name of Henry Jaspas, former Foreign Minister and a strong adherent of gold, also was named however.

Death of Former Islander

The death occurred at Bridge-

water, N. S., of Mrs. W. H. Warren at the home of her son, W. A. Warren, after a prolonged illness. Mrs. Warren who was before her marriage Miss Charlotte MacKinley was born at Franklin Point, Charlottetown, P. E. I., and was at the time of her death within a few days of her eighty-sixth birthday. In 1873 she married the Rev. William Warren who predeceased her twenty-four years ago. Mrs. Warren was an exceptionally gifted woman, a fine scholar and interested in all the arts particularly literature and painting in which latter she did some fine work in paints and water colours.

She was well known in Prince County having lived some years in Central Bedeque while her husband was pastor of the Baptist Church of that community. While there she painted some beautiful scenes of the Dunk River and other local beauty spots which are the prized possessions of many of her Bedeque friends.—S

Assistance Given Coal Industry

(C. P. By Guardian's Special Wire)

OTTAWA, March 20.—Since 1928 Canada has paid \$6,781,176 in subsidies and other forms of assistance to aid the coal industry in the Maritime Provinces and Alberta, a return tabbed today in the House of Commons said. Of that amount \$4,457,992 went to the Maritimes and \$1,859,958 to Alberta.

Payments made generally by the Trade and Commerce Department to assist in placing Canadian coal used in the manufacture of iron or steel on a basis of equality with imported coal amounted to \$465,273, while "additional payments" made under the domestic fuel act to the Maritime Coal Industry totalled \$87,953.

From 1931 to the Present the amount of bonus paid on wheat was \$12,708,576. The outlay in the year 1931-1932 when the five-cent-bushel bonus was in effect was \$10,908,428.

Allegation of Ex-convict Quoted In House

(C. P. By Guardian's Special Wire)

OTTAWA, March 20.—A wide-open investigation into penitentiary conditions was urged in the House of Commons today by Agnes MacPhail (Prog. South-East Grey).

The woman member of the House returned today to her dispute with Minister of Justice Hugh Guthrie over Inspector J. D. Dawson's report of the penitentiary staff.

She charged some days ago that Inspector Dawson used "abusive and profane language" in relation to her during an interview with prisoner 3033 in Kingston Penitentiary in April, 1934. Yesterday the Minister said he could give Inspector Dawson's report of honor that Miss MacPhail's name was not mentioned during the interview.

"May I say frankly I do not accept the word of Inspector Dawson," Miss MacPhail said today. She read an affidavit, signed by Alfred G. Hall of Toronto, who was prisoner 3033, quoting Inspector Dawson as saying "Aggie made a damned fool of herself in Kingston" and giving full details of the interview.

The air could be cleared only by a wide-open investigation, Miss MacPhail said. After reading the affidavit she commented "that may be the evidence of an ex-convict but today he is a free man and if it is not true, he can be prosecuted and it is the business of the Government to prosecute him."

Twice during her speech, Miss MacPhail tangled with Speaker James L. Bowman who held her to the main dispute. There was no reply from the Justice Minister.

The "tired business men" are those returning from vacations.

Tripower Conference Arranged

Britain Recommends Delay In Carrying Treaty Violation By Germany to League of Nations.

(By Harold P. Braman, Copyright, 1935, By The Associated Press)

(A. P. By Guardian's Special Wire)

LONDON, March 20.—An overwhelming vote of confidence in the French Senate for the French government's determined efforts to curb German rearmament today followed closely decisions of the British, Italian and Italian governments to hold direct discussion of the problem.

Great Britain, yielding to French and Italian insistence, agreed to supplement diplomatic negotiations and send Capt. Anthony Eden, Lord Privy Seal, to Paris for the tripartite conference, to be held one day before Eden and Sir John Simon, British Foreign Minister, go to Berlin to confer with Adolf Hitler.

Recommend Delay

The British recommended delay in carrying the issue to Geneva, making it clear the entire question of European peace and security is bound up with the conversations at Berlin and pointing out nothing can be decided until it is known whether Germany will enter the proposed new security system and return to the League of Nations.

Although Sir John will not participate in the Paris parley, Capt. Eden will, Laval will represent France, while Fulvio Sivich, Italian under-secretary of state, will speak for Benito Mussolini.

A second meeting, to be held after the visit of Sir John and Eden to Berlin and the latter's subsequent trips to Moscow and Warsaw, may be held in Northern Italy with Mussolini himself attending, dispatches from Rome said.

Demand Conference

The French and Italian argument that the three powers' united views should be presented to Hitler found Britain sympathetic, although there was difference as to the method of arriving at that unity. Britain wanted to continue diplomatic exchanges; France and Italy demanded the conference, which the British believed might make even more difficult an already precarious situation.

Anxious to avoid excessive reaction in Berlin, the British decided Sir John should not go to Paris. They believed, however, that France's protest and appeal to Geneva would excite German hostility.

Prairies Against Poultry, Egg Pool

OTTAWA, March 20.—Poultry producers of Saskatchewan and Alberta voted in favor of a scheme to regulate marketing of poultry and eggs under the Marketing Act, Hon. Robert Weir announced today but the majority was not sufficient to bring the scheme into effect.

In Manitoba the scheme was buried under an adverse vote of three to one.

Several schemes under the Act have been passed without a poll being taken. In these instances the Minister has been convinced there was such unanimity of opinion no vote was necessary. When Prairie poultry producers, however, brought forward a scheme, it was recognized there was a wide difference of opinion concerning it. The scheme was altered to meet requirements of the Marketing Act by the Dominion Marketing Board and preparations made to appeal to producers.

The Dominion Government granted \$50,000 to conduct the poll, to be divided \$20,000 for Alberta, \$20,000 for Saskatchewan and \$10,000 for Manitoba. The conduct of the campaign was left with promoters of the scheme in the Prairie Provinces with the provision whenever halls were hired speakers opposed to the scheme should be given an opportunity to speak as well as those favoring it.

Every poultry grower with 25 poultry was allowed to register and vote in his or her post office. The poll was held from February 16 to February 23.

The result of the vote was 65.5 per cent. for the scheme in Alberta, 63.4 per cent. in Saskatchewan and 24.3 per cent. in Manitoba.

94,237 Farmers Voted

"That 94,237 farmers were interested enough in the marketing of their product to vote was in itself very satisfactory," said Mr. Weir tonight. "Some may protest that the majority in Saskatchewan and Alberta was sufficient to bring in the scheme but I think that would be breaking faith. The literature sent out by supporters of the scheme specified it would not come into effect unless 66 2-3 of the vote was favorable."

"The vote was not on the Marketing Act, it was for and against the particular scheme submitted by the producers themselves," the Minister explained. "I understand those opposing the scheme are preparing to submit another scheme which indicates it was not the principle of regulated marketing they objected to."

One of the chief complaints was said to have been the central selling agency. Many took the view there should be agencies in different parts of the country free to sell to any of the packers or other buyers of eggs and poultry.

Dark Blues Make Good Showing

LONDON, March 20.—The Oxford University eight training for the classic boat race with Cambridge on April 6, today had its first full-course trial, covering the 4 1/2 miles from Putney to Mortlake in 19 minutes 32 seconds.

The Dark Blues had favorable wind and water conditions but their time was considered good. It was a minute and 29 seconds slower than the all-time race record established by Cambridge last year.

Cambridge, who have not yet had a full course trial, had a 30-minute outing during which they again practiced starts.
