GRIFFITH OUT ON BAIL

CHATHAM, Jan. 7—Thos. Griffith, charged with manslaughter through the death of his brother-in-law, Orlando Arnold, some months ago, was admitted to bail in the County Police Court on Wednesday afternoon in the amount of $4,000. Griffith immediately left for his home in Chatham township to visit his wife and son who was born on Christmas Day. The charge was laid in September and Griffith was arrested for assault doing actual bodily harm. He was never arraigned on the charge, the authorities remanding him to await the outcome of Arnold's condition, which, it was alleged, was caused by Griffith. At the December Sessions the charge was reduced to manslaughter.

"These symptoms led me to believe that kidney disease was the root of all my troubles, so I turned to Dodd's Kidney Pills. Before I had finished the first box the swelling was gone, my back was well and my heart no longer troubled me. I am now in the best of health, and I owe it all to Dodd's Kidney Pills."

SIXTEEN PERSIANS COURT MARSHALLED AND HANGED.

TABRIZ, Persia, Jan. 4—Eight Persians were hanged yesterday by order of the Russian court marshall and another eight were executed this afternoon in connection with the recent attack on the Russian troops.

The Russian court martial sitting here to try the Persians captured during the recent fighting in the streets of this city is exacting a heavy toll for the casualities suffered by the Russian troops, The officers composing the court martial are trying the prisoners in batches and in nearly every case they are condemned to be summarily hanged and their bodies displayed throughout the day in the public square.

Among those hanged are Shegat Ul Islam, the head of one of the religious sect, and the chief member of the local assembly Seik Selem.

Hua-Ed-Dowleh, brother of the former shah, arrived here this afternoon to assume the governorship. He was escorted by a body of Russian cossacks.

EARTH TILTING TOWARDS CANADA.

CLEVELAND, January 7—The earth's surface has been tilting since 10 a. m. on Christmas Day. Father Odenbach, seismologist and astronomer, reports that the tilting is being recorded and measured by instruments in St. Ignatius's Observatory. The tilting so far has been 1-16 of an inch in 1,000 feet. It is from the United States towards Canada, but this country is not likely to slide into the Dominion.

Such tiltings are usually due to some known cause. Father Oderbach says, such as the piling up of an immense weight on the southern shores of the Great Lakes. But he can assign no cause for this disturbance.

McGILL STUDENTS' VICTIM MAY DIE.

MONTREAL, Jan. 5—Capt. Joe Baker, of the St. Catherine Street police station, who was injured in a clash with McGill students nearly three months ago, is seriously ill at his home. It was while endeavoring, with the assistance of two constables, to handle a mob of students who were interfering with the street cars by pulling the trolleys from the wires, running through the cars frightening the women passengers, and in other ways interfering with traffic that Capt. Baker was injured. When the captain caught hold of one of the ring-leaders he was surrounded by a mob. Captain Baker was forced against a hydrant and thrown over it and while in that position received a kick in the side that almost rendered him unconscious. The blow affected his heart, and even if he recovers it is doubtful if he will ever be able to perform police duty again.

AGE LIMIT FOR CUSTOMS SERVICE

TORONTO, January 5—It is said that the Minister of Customs has expressed himself with undoubted clearness on the question of an age limit admission to the Customs service, intimating that the new material for the Toronto staff must not exceed the 36 year maximum. There is said to be a 35 year line for the inside service, but Hon. Dr. Reid's ruling will apply to various branches of the department.

WANT TO BE 100 BOARD WITH MOSES.

NEW YORK, Jan. 6—"Go back and board with Moses, if you wish to live a hundred years," was the advice offered to New Yorkers last night by the Rev. Dr. Oscar Haywood in the Collegiate Baptist church of the Covenant, West Thirty-third street.

The simple diet prescribed in the Book of Leviticus, the preacher said, was far more conducive to health, happiness and longevity than the miscellaneous bill of lobsters, oysters, crabs, clams, terrapin and snails in the restaurants of Broadway and elsewhere. All these dainties were forbidden to the patriarchs.

The pork packers, Dr. Haywood informed his flock, are responsible for a great deal of ill-health of the present day.

"The South" added the preacher, "is the greatest pork eating country in the world and its consumption of this kind of meat complicates its drink problem, for unwholesome food leads to drink. Temperance workers in Dixie ought to begin their campaign in the southern kitchens."

VANNUTELLI IS REBUKED.

ROME, January 5.—The Sultan of Turkey has deprived Cardinal Vincenzo Vannutelli of the Grand Commandership in the Order of Mejidieh, which was bestowed upon him many years ago by the deposed Sultan Abdul Hamid. The action of the Turkish Government was taken because of an address delivered by Cardinal Vannutelli to Italian soldiers on their way to Tripoli.

The Pope has issued a special decree giving notice of the neutrality of the Papacy during the war.

HOLIDAYS AMONG THE WAX GROUPS.

At the Eden Musee of New York City, there are hundreds of wax figures and groups representing important personages and scenes, of history. Strange as it may seem, after a few months, wax features have a drawn expression. So well known is this characteristic that twice each year an important re-juvenation takes place. In the Spring there is an annual house-cleaning, which results in the figures being washed, remodeled and given new flesh tints. The second great event comes just before the holiday season, when all the figures are carefully gone over and little touches added, which with new costumes, gives even the sternest wax figures a more cheerful expression. As a result, at the present time, the Wax figures at the Eden Musee, have the same self-satisfied expression that individuals are supposed to have at Christmas time. In fact, many visitors have remarked that the wax figures, must have received presents from the heavily loaded Christmas tree which has been a feature of the Musee's celebration. All of the holiday attractions will be continued for the next two weeks. Many new moving pictures have been received from abroad and show holiday and winter scenes in different countries. A pleasing stage entertainment is given afternoon and evenings, and in addition there will be concerts with choice programs.

According to Govrnment Estimatns

$100,000,000.00

was made in Western Town Property during the year 1910

Did you participate in these hugh profits or did you "pigeon-hole" the proposition submitted to you by your western friends for future consideration? In short, are you the man who made a profit or the unfortunate one who had the chance but did not possess sufficient judgment to recognize the opportunity or sufficient courage to close a deal? The man or woman entitled to sympathy is the one who says: "Five or ten years ago I had the chance to buy this or that property at $100 or $500, and now it is worth $10,000." The average person sneers at the person who makes such a statement and says: 'I would have bought and made that money." Are you going to say five years from now that you had a chance to buy a lot at Poe, Alta., at from $50. to $100. each, or are you going to be the man who will have from $1,000 to $10,000 in cash as a result of having bought property in this town in this year of grace. 1911?

POE A COMING COMMERCIAL CENTRE.

Poe is located on the main line of the Grand Trunk Pacific Railway between Edmonton and Saskatoon. It is located in one of the finest farming districts in Western Canana. The surrounding country is settled by a progressive type of farmers and consequently will become the market centre for Northern Alberta.Poe district possesses rich coal mines, is close to river and lakes and large forests are easily accessible from this point. These natural resources insure for the residents of the town, first, low cost of living, and second, great commercial activity, two essentials in the up-building of a large town, thus creating valuable real estate.

POE AS A MANUFACTURING CENTRE

This townsite and contiguous territory has the requirements outlined by large manufacturing concerns for the location of large factories or large enterprises of any kind employing large numbers of people. The rivers and lakes furnish water, the coal fields and forest furnish fuel and cheap building material, the fine farming lands furnish farm products, enabling the residents to live at a low cost.

The town is located on the main line of a transcontintental railway, assuring the necessary transportation facilities. These combined conditions will furnish cheap labor, one of the most important, features of a manufacturing centre.

Poe townsite was recently placed on the market and already over 200 lots have been sold, and many of these lots have already changed hands at a substantial increase in price. Most of these lots were purchased by representative business men throughout Canada, who are now profiting by their foresight.

The townsite is high and dry and very suitable for building purposes.

OPPORTUNITY

is useless unless you possess the courage to act. You might possess great wisdom, you might read a good deal or travel much and thus see all kinds of opportunities to make money, but unless you have the courage to act on your judgment and wisdom all of these desirable qualities are entirely useless.

Lots in Poe are a good investment at present prices. The town is bound to grow rapidly. Owing to the easy terms of payment you have the ability to buy and if you do not buy now it is because you are lacking in courage, and the chances are you will never be like the man you now admire most, rich, courageous and wise.

TORRENS TITLE.

Poe townsite is held by us under the Torrens system of title. Under this system the title is guaranteed by the Government, therefore absolutely safe.

PRICES AND TERMS.

Prices of lots range from $50 to $100 each, and they can be purchased on terms of one-tenth cash, balance in eighteen equal monthly payment; or quarter cash, balance in six, twelve and eighteen months.
