I. O. G. T. SOCIAL.—On the evening of the 16th, the members of St. Lawrence Lodge No. 19, together with a number of invited friends, met in the lodge-room to have a social time together. After a very pleasant hour spent in games and other amusements, refreshments were served by the lady members of the lodge. The thanks of all present are due especially to Mrs. Jay, Mrs. McLure and Miss McPhee who so kindly sacrificed part of their own pleasure in order that the wants of the innermost might be well supplied; after further games and amusements the National Anthem was sung; thus bringing to a close a very pleasant and enjoyable evening. This is somewhat in line with the resolution forwarded to the Secretary some time since, asking that a tax be imposed upon all grade bulls, rams and boars.

SPRINGFIELD NOTES.—The Springfield Women's Institute held a most successful goose supper and entertainment in the Springfield hall on November 3rd. This enterprising institute realized the sum of \$40 which they will add to the Belgian Fund. Union Division continue to hold their weekly meetings and are helping the temperance cause a great deal.

Johnson, yesterday informed a Guardian reporter that he was aware of only three cases of diphtheria and four of scarlet fever in the city and they were all under treatment and were progressing favorably with regard to the rumor that the schools were to be closed, the doctor stated there was no such intention on the part of the Board of Health.

"Amen" to the lofty sentiment of patriotism expressed. The development of the whole theme was included very fittingly by an earnest exhortation to put on Christ, the embodiment of all gentlemanly principles, and the Saviour of the soul.—L.

A HINT TO FARMERS.—Almost every Agricultural paper is advertising stock breeders to use Cotton Seed Meal. It is the only concentrate which is very cheap and all experiments show that it is very valuable, particularly for the production of milk. Even for the production of beef one lb of Cotton Seed Meal has been found to be equal to two of wheat bran. Holland, Belgium and Denmark supplied a great market for this feed and on account of the war practically none will be shipped into these countries. The result is that the price has been steadily dropping. This will enable the farmers to keep more live stock and there is no doubt but that prices of live stock will be going up from this time on.

ANNIVERSARY SERVICES.—A hearty welcome is given to all denominations to join in the Jubilee Services of the First Methodist Church on Sunday and Monday. The Rev. G. M. Campbell, D. Prof. Thompson will provide special music at all the services and will be assisted by some of the best vocal talent in the city. On Monday night an organ recital will be given from 7.30 till 8 o'clock. After the recital, the Rev. A. B. Simpson will deliver a lecture, subject "A Year of Jubilee", come everyone, come. A silver collection will be taken after the lecture.
