Re-enact Any Music

The new Orthophonic Victrola has been doing it since December 2nd

The music of great orchestras, of famous artists, of that almost endless and ever growing host of Victor entertainers keeps its true beauty when heard upon the Orthophonic Victrola.

You hear the giant anger of the storming kettledrums, the amorous cooing of the clarinets, the soft and sunny laughter of the piccolo. You close your eyes and wonder where will wonders cease. Your first inquiry will be "How soon can I have one?"

A demonstration is a remarkable experience. So truthful is this performance that at first you will disbelieve your ears—until you have become accustomed to the miracle.

Any "His Master's Voice" dealer will do his best to give you delivery as early as the present supply permits him.
