ECONOMIC RECOVERY

FORESEEN BY CLARK

MONTREAL, May 13.—Though Canada, in common with other countries at present, is experiencing a period of economic depression, the Dominion stands a better chance than the others of recovering within a shorter time, Sir William Clark, British High Commissioner to Canada for the United Kingdom, said here today. He sailed on board the Canadian Pacific liner Duchess of Bedford, accompanied by Lady Clark and their two daughters.

Sir William asserted that the stability of Canada has placed her in a position where recovery would be made with less effort than by other countries.

The economic achievement of the Dominion was described by Sir Wil-

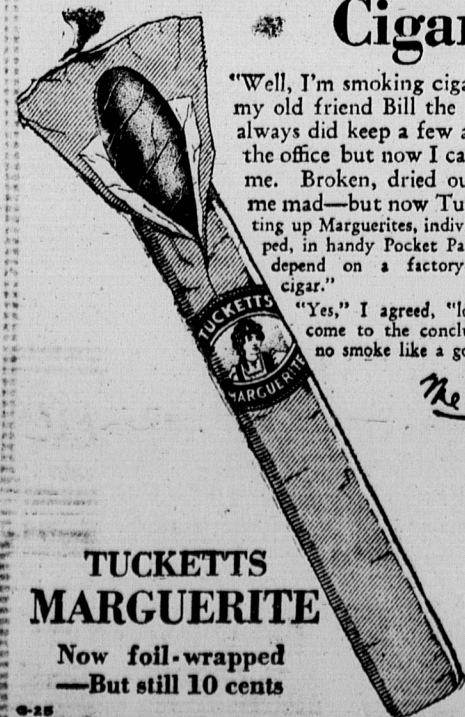

liam as "one of the most wonderful in the world."

After 18 months of residence in Canada, during which he traversed the country from Halifax to Victoria, Sir William is returning to London for a holiday. He will return to this country in September.

"I am sorry, but I will be unable to attend either the Imperial Economic Conference or the Imperial Conference, which are to be held in London shortly after I leave," he replied to a query.

Sir William was greatly impressed with "the wonderful and traditional hospitality of Canadians," who have made his stay in this country most enjoyable. He is looking forward to returning to Earncliffe House, the new residence of the British High Commissioner at Ottawa.

He's gone back to **Cigars**

"Well, I'm smoking cigars again," said my old friend Bill the other day. "I always did keep a few at home and at the office but now I carry them with me. Broken, dried out cigars made me mad—but now Tucketts are putting up Marguerites, individually foil-wrapped, in handy Pocket Packs, I can always depend on a factory-fresh, unbroken cigar."

"Yes," I agreed, "lots of men have come to the conclusion that there's no smoke like a good cigar."

He had been on a short visit to friends in Summerside for a few days and returned on the noon train on Saturday. On his arrival at Wellington he went into Mr. Gallant's store and a short while after was taken suddenly ill and passed away almost immediately. He had not been well for some time and his death was due to heart failure. Mr. Arseneault was a native of Egmont Bay and was about 72 years of age. He leaves to mourn his widow and a daughter, Mrs. DeRoche of Miacouche and sons in the United States to whom the Guardian extends sincere sympathy. S
